

OH-06: BAY POINT UNIT. The southwestern boundary of the unit has been moved farther southeast to account for the accretion of Bay Point.

OH-09: FOX MARSH UNIT. The landward boundary of the unit has been modified to reflect natural changes that have occurred in the configuration of the wetland/fastland interface.

OH-10: TOUSSAINT RIVER UNIT. The landward boundary of the unit has been modified to reflect natural changes that have occurred in the configuration of the wetland/fastland interface.

Wisconsin

The Service's review found six of the seven CBRS units in Wisconsin to have changed due to natural forces.

WI-02: POINT AU SABLE UNIT. The southern lateral boundary of the unit has been modified to reflect natural changes that have occurred in the configuration of the wetland/fastland interface near the inlet of an unnamed channel to Green Bay.

WI-03: PESHTIGO POINT UNIT. There are two segments of Unit WI-03, but modifications to account for natural changes were only necessary in the western segment. The southern boundary of the western segment of the unit has been modified to reflect natural changes in the wetlands.

WI-04: DYERS SLOUGH UNIT. The eastern boundary of the unit has been modified to account for natural changes that have occurred in the configuration of the eastern shoreline of the Peshtigo River.

WI-05: BARK BAY UNIT. The landward boundary of the unit has been modified to reflect natural changes that have occurred in the configuration of the wetland/fastland interface.

WI-06: HERBSTER UNIT. The landward boundary of the unit has been modified to reflect natural changes that have occurred in the configuration of the wetland/fastland interface.

WI-07: FLAG RIVER UNIT. There are two segments of Unit WI-07, but modifications to account for natural changes were only necessary in the eastern segment. Portions of the landward boundary of the unit have been modified to reflect natural changes that have occurred in the configuration of the wetland/fastland interface.

Availability of Final Maps and Related Information

The final revised maps dated January 11, 2016, and digital boundary data can be accessed and downloaded from the Service's Web site: <http://www.fws.gov/ecological-services/habitat-conservation/Coastal.html>. The digital boundary data are available for reference purposes only. The digital boundaries are best viewed using the base imagery to which the boundaries were drawn; this information is printed in the title block of the maps. The Service is not responsible for any misuse or misinterpretation of the digital boundary data.

Interested parties may also contact the Service individual identified in the **FOR FURTHER INFORMATION CONTACT** section above to make arrangements to view the final maps at the Service's Headquarters office. Interested parties who are unable to access the maps via the Service's Web site or at the Service's Headquarters office may contact the Service individual identified in the **FOR FURTHER INFORMATION CONTACT** section above, and reasonable accommodations will be made to ensure the individual's ability to view the maps.

Dated: March 4, 2016.

Gary Frazer,

Assistant Director for Ecological Services.

Announcement of National Geospatial Advisory Committee Meeting

AGENCY: U.S. Geological Survey, Interior.

ACTION: Notice of meeting.

SUMMARY: The National Geospatial Advisory Committee (NGAC) will meet on April 6-7, 2016 at the Department of the Interior Building, 1849 C Street NW., Washington, DC 20240. The meeting will be held in the South Penthouse Conference Room.

DATES: The meeting will be held from 1:00 p.m. to 5:30 p.m. on April 6 and from 8:30 a.m. to 4:00 p.m. on April 7.

FOR FURTHER INFORMATION CONTACT: John Mahoney, U.S. Geological Survey (206-220-4621).

SUPPLEMENTARY INFORMATION: Meetings of the National Geospatial Advisory Committee are open to the public. Additional information about the NGAC and the meeting are available at www.fgdc.gov/ngac.

The NGAC, which is composed of representatives from governmental, private sector, non-profit, and academic organizations, has been established to advise the Chair of the Federal Geographic Data Committee on management of Federal geospatial programs, the development of the National Spatial Data Infrastructure, and the implementation of Office of Management and Budget (OMB) Circular A-16. Topics to be addressed at the meeting include:

—Leadership Dialogue
—FGDC Update
—FGDC 2016 Guidance

—NSDI Strategic Plan Framework
—NGAC Subcommittee Activities

Members of the public who wish to attend the meeting must register in advance for entrance. Please register by contacting Lucia Foulkes at the Federal Geographic Data Committee (703-648-4142, lfoulkes@usgs.gov). Registrations are due by April 1, 2016. While the meeting will be open to the public, registration is required for entrance to the Department of the Interior Building, and seating may be limited due to room capacity.

The meeting will include an opportunity for public comment on April 7. Attendees wishing to provide public comment should register by April 1. Please register by contacting Lucia Foulkes at the Federal Geographic Data Committee (703-648-4142, lfoulkes@usgs.gov). Comments may also be submitted to the NGAC in writing.

Kenneth Shaffer,

Deputy Executive Director, Federal Geographic Data Committee.

Notice of Public Meeting for the San Juan Islands National Monument Advisory Committee

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of public meeting.

SUMMARY: In accordance with the Federal Land Policy and Management Act and the Federal Advisory Committee Act of 1972, and the U.S. Department of the Interior, Bureau of Land Management (BLM), the San Juan Islands National Monument Advisory Committee (MAC) will meet as indicated below.

DATES: The MAC will hold a public meeting Tuesday, April 19th, 2016. The meeting will run from 7:30 a.m. to 3:30 p.m. The meeting will be held at Grace Church (just northeast of Lopez Village) on Lopez Island. A public comment period will be available in the afternoon from 2:30 until 3:30 p.m.

FOR FURTHER INFORMATION CONTACT: Marcia deChadenèdes, San Juan Islands National Monument Manager, P.O. Box 3, 37 Washburn Ave., Lopez Island, Washington 98261, (360) 468-3051, or mdechade@blm.gov. Persons who use a telecommunications device for the deaf

(TDD) may call the Federal Information Relay Service (FIRS) at 1(800) 877-8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The twelve member San Juan Islands MAC was chartered to provide information and advice regarding the development of the San Juan Islands National Monument's RMP. Members represent an array of stakeholder interests in the land and resources from within the local area and statewide. All advisory committee meetings are open to the public. At 2:30 p.m. members of the public will have the opportunity to make comments to the MAC during a one-hour public comment period. Persons wishing to make comments during the public comment period should register in person with the BLM by 2 p.m. that meeting day, at the meeting location. Depending on the number of persons wishing to comment, the length of comments may be limited. The public may send written comments to the MAC at San Juan Islands National Monument, Attn. MAC, P.O. Box 3, 37 Washburn Ave., Lopez Island, Washington 98261. The BLM appreciates all comments.

Linda Clark,

Spokane District Manager.

Notice of Competitive Coal Lease Sale ALES-55199, Alabama

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: Notice is hereby given that certain Federal coal reserves in the Narley Mine Coal Tract described below in Jefferson County, Alabama, will be offered for competitive sale by sealed bid in accordance with the provisions of the Mineral Leasing Act of 1920, as amended.

DATES: The lease sale will be held at 1 p.m. Central Time (CT) on April 14, 2016. Sealed bids must be submitted on or before 10 a.m. CT on April 14, 2016. Any bid received after the time specified will not be considered.

ADDRESSES: The lease sale will be held at the Bureau of Land Management (BLM) Southeastern States District Office located at 411 Briarwood Drive, Suite 404, Jackson, MS 39206. Sealed bids must be sent by certified mail, return receipt requested, or hand-delivered to the Cashier, BLM Southeastern States Office, at the address given above. The outside of the sealed envelope containing the bid must be clearly marked "Sealed Bid for Coal Lease Sale ALES-55199—Not to be opened before 10 a.m. on April 14, 2016." The Cashier will issue a receipt for each hand-delivered bid.

FOR FURTHER INFORMATION CONTACT: Randall Mills, BLM Mining Engineer, 601-977-5437, or by email to ramills@blm.gov. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: This coal lease sale is being held in response to a lease by application (LBA) filed by Best Coal Company. The Federal coal reserves to be offered consist of all reserves recoverable by surface mining methods in the following described lands located approximately 5 miles north of Mt Olive, Alabama, in Jefferson County, Alabama:

Huntsville Meridian, Alabama

T. 15 S., R. 4 W.,

Sec. 24, SW1/4NW1/4, N1/2SW1/4, and SE1/4SW1/4.

The areas described aggregate 160 acres.

The Narley Mine Coal Tract contains three minable coal beds known as the New Castle, Mary Lee, and Blue Creek seams of the Mary Lee coal group. The seams are under private surface lands. The minable portions of these coal beds for this tract are approximately 4 to 5 feet in thickness. The tract contains approximately 671,500 tons of recoverable high-volatile bituminous coal. The estimated average coal quality on an "as received basis" is as follows:

12.500	British Thermal Unit (Btu/lb).
3.50	Percent moisture.*
12.00	Percent ash.
34	Percent volatile matter.
50.50	Percent fixed carbon.
1.50	Percent sulfur.

* Estimated as received moisture; also used for calculating as received from dry basis.

The tract will be leased to the qualified bidder of the highest cash amount provided that the high bid meets or exceeds the BLM's estimate of

the fair market value (FMV) of the tract or the minimum bid established by regulation of \$100 per acre or fraction thereof, whichever is larger. No bid that is less than \$100 per acre, or fraction thereof, will be considered. The FMV will be determined by the authorized officer prior to the sale. If identical high bids are received, the tying high bidders will be requested to submit follow-up sealed bids until a high bid is received. All tie-breaking, sealed bids must be submitted within 15 minutes following the sale official's announcement at the sale that identical high bids have been received.

The lease that may be issued as a result of this offering will provide for payment of an annual rental of \$3 per acre, or fraction thereof, and a royalty payment to the United States of 12½ percent of the value of coal produced by surface mining methods. The value of the coal will be determined in accordance with 30 CFR 1206.250.

Pursuant to the regulation at 43 CFR 3473.2(f), the applicant for the Narley Coal Tract has paid a total case-by-case cost recovery processing fee in the amount of \$30,630. The successful bidder for the Narley Coal Tract, if someone other than the applicant, must pay to the BLM the full amount previously paid by Best Coal Company. Additionally, the successful bidder must pay all processing costs the BLM will incur after the date this sale notice is published in the **Federal Register**, which are estimated to be \$2,000.

Bidding instructions for the LBA tract offered and the terms and conditions of the proposed coal lease are included in the Detailed Statement of Lease Sale and available from the BLM Southeastern States Office at the address above. All case file documents, number ALES-55199, and written comments submitted by the public on FMV or royalty rates, except those portions protected as trade secrets and commercial or financial information under the Freedom of Information Act, 5 U.S.C. 552(b)(4), are available for public inspection in the Public Room of the BLM Southeastern States Office at the address above.

The actions announced by this notice are consistent with Secretarial Order 3338, which allows the sale and issuance of new thermal coal leases by application under pending applications for which the environmental analysis under the National Environmental Policy Act has been completed and a Decision Record has been issued by the BLM. The BLM completed an Environmental Assessment for this coal lease sale following a public hearing on November 20, 2014, and issued a Decision Record and a Finding of No
