

of the State plan, the Office of the Coordinator should be able to analyze LEA data on enrollment or other demographic information for patterns of possible under-identification of homeless children and youths or subgroups across the State. Such under-identification may necessitate the revision of policies and procedures.

As previously communicated by the Department in 2014 and 2015, for FY 2016 and FY 2017, the Office of the Coordinator should have the capacity to create annual work plans with measurable goals to improve identification, enrollment, attendance, achievement, and graduation for homeless students. Creating such annual work plans and setting measurable goals are elements included in the Federal EHCY program logic model. These elements are also part of the program leading indicators developed in 2014, with baseline implementation beginning in FY 2015 and further technical assistance coming from NCHE. Engagement in these activities affords the Office of the Coordinator an opportunity to revisit and revise, as appropriate, policies and procedures.

VI. Future Guidance

In light of the amendments to the McKinney-Vento Act under the ESSA, the Department is in the process of reviewing current guidance on the EHCY program and anticipates issuing updated guidance at a future date. General guidance, an email address to submit questions, and other information on ESSA is available online at: www.ed.gov/ESSA.

BILLING CODE 4000–01–P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket Nos. EL16–43–000; QF16–259–001]

Bright Light Capital, LLC; Notice of Petition for Declaratory Order

Take notice that on March 3, 2016, pursuant to Rule 207(a)(2) of the Federal Energy Regulatory Commission's (Commission) Rules of Practice and Procedure, 18 CFR 385.207(a)(2) (2015), Bright Light Capital, LLC (Bright Light or Petitioner), filed a petition for declaratory order (petition) requesting the Commission grant Bright Light a limited waiver of the qualifying facility certification requirement set forth in 18 CFR 292.203(a)(3) (2015) for the period of April 15, 2006 through December 21, 2015. As part of that waiver, Bright Light requests that the Commission find that a time value refund is not required under the specific facts-and-circumstances of this case, as more fully explained in the petition.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. Anyone filing a motion to intervene or protest must serve a copy of that document on the Petitioner.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies

of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please email FERCOnlineSupport@ferc.gov, or call (866) 208–3676 (toll free). For TTY, call (202) 502–8659.

Comment Date: 5:00 p.m. Eastern time on April 11, 2016.

Dated: March 11, 2016.

Nathaniel J. Davis, Sr.,
Deputy Secretary.

BILLING CODE 6717–01–P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

Tennessee Gas Pipeline, L.L.C.; Notice of Availability of the Environmental Assessment for the Proposed Broad Run Expansion Project

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an environmental assessment (EA) for the Broad Run Expansion Project (Project), proposed by Tennessee Gas Pipeline, L.L.C. (Tennessee) in the above-referenced docket. Tennessee requests authorization and a Certificate of Public Convenience and Necessity pursuant to sections 7(b) and 7(c) of the Natural Gas Act to construct new compressor stations and replace compression facilities in West Virginia, Kentucky, and Tennessee. The purpose of the Project is to provide an additional 200,000 dekatherms per day of firm incremental transportation service and to replace older, less efficient compression facilities with new, more efficient compression facilities.

The EA assesses the potential environmental effects of the construction and operation of the Broad Run Expansion Project in accordance with the requirements of the National Environmental Policy Act (NEPA). The FERC staff concludes that approval of the proposed Project, with appropriate mitigating measures, would not constitute a major federal action

significantly affecting the quality of the human environment.

The West Virginia Department of Environmental Protection participated as a cooperating agency in the preparation of the EA. Cooperating agencies have jurisdiction by law or special expertise with respect to resources potentially affected by the proposal and participate in the NEPA analysis.

The EA addresses the potential environmental effects of the construction, modification, and operation of the following facilities associated with the Project:

- Four new compressor stations (CS): Two in Kanawha County, West Virginia (CS 118A and CS 119A); one in Madison County, Kentucky (CS 875); and one in Davidson County, Tennessee (CS 563); and

- modifications (including abandonment and replacement of certain compression units, system components, and associated facilities) at the existing Clay City Compressor Station in Powell County, Kentucky (CS 106), and the existing Catlettsburg Compressor Station in Boyd County, Kentucky (CS 114).

The FERC staff mailed copies of the EA to federal, state, and local government representatives and agencies; elected officials; environmental and public interest groups; Native American tribes; potentially affected landowners and other interested individuals and groups; and newspapers and libraries in the project area. Paper copy versions of the EA were mailed to those specifically requesting them; all others received a CD version. In addition, the EA is available for public viewing on the FERC's Web site (www.ferc.gov) using the eLibrary link. A limited number of copies of the EA are available for distribution and public inspection at: Federal Energy Regulatory Commission, Public Reference Room, 888 First Street NE., Room 2A, Washington, DC 20426, (202) 502-8371.

Any person wishing to comment on the EA may do so. Your comments should focus on the potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts. The more specific your comments, the more useful they will be. To ensure that your comments are properly recorded and considered prior to a Commission decision on the proposal, it is important that the FERC receives your comments on or before April 11, 2016.

For your convenience, there are three methods you can use to submit your comments to the Commission. In all

instances, please reference the project docket number (CP15-77-000) with your submission. The Commission encourages electronic filing of comments and has expert staff available to assist you at (202) 502-8258 or efiling@ferc.gov.

(1) You can file your comments electronically using the eComment feature on the Commission's Web site (www.ferc.gov) under the link to Documents and Filings. This is an easy method for submitting brief, text-only comments on a project;

(2) You can also file your comments electronically using the eFiling feature on the Commission's Web site (www.ferc.gov) under the link to Documents and Filings. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on "eRegister." You must select the type of filing you are making. If you are filing a comment on a particular project, please select "Comment on a Filing"; or

(3) You can file a paper copy of your comments by mailing them to the following address: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Room 1A, Washington, DC 20426.

Any person seeking to become a party to the proceeding must file a motion to intervene pursuant to Rule 214 of the Commission's Rules of Practice and Procedures (Title 18 Code of Federal Regulations Part 385.214).¹ Only intervenors have the right to seek rehearing of the Commission's decision. The Commission grants affected landowners and others with environmental concerns intervenor status upon showing good cause by stating that they have a clear and direct interest in this proceeding that no other party can adequately represent. Simply filing environmental comments will not give you intervenor status, but you do not need intervenor status to have your comments considered.

Additional information about the project is available from the Commission's Office of External Affairs, at (866) 208-FERC, or on the FERC Web site (www.ferc.gov) using the eLibrary link. Click on the eLibrary link, click on "General Search," and enter the docket number excluding the last three digits in the Docket Number field (*i.e.*, CP15-77). Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at FercOnlineSupport@ferc.gov or toll free

¹ See the previous discussion on the methods for filing comments.

at (866) 208-3676, or for TTY, contact (202) 502-8659. The eLibrary link also provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. Go to www.ferc.gov/docs-filing/esubscription.asp.

Dated: March 11, 2016.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 2814-023]

Paterson Municipal Utilities Authority, Great Falls Hydroelectric Company, City of Paterson, New Jersey; Notice of Application for Transfer of License, and Soliciting Comments and Motions To Intervene

On February 26 2016, Paterson Municipal Utilities Authority (PMUA) and Great Falls Hydroelectric Company (Great Falls) (transferors/co-licensees) and the City of Paterson, New Jersey (transferee/City of Paterson) (Successor in Interest to PMUA) filed an application for the transfer of license for the Great Falls Project No. 2814, located on the Passaic River in Passaic County, New Jersey.

Applicants seek Commission approval to transfer the license for the Great Falls Project from PMUA and Great Falls who are currently co-licensees to Great Falls and the City of Paterson who will become co-licensees.

Applicants' Contact: For transferors: Mr. Robert Gates, Executive Vice President of Operations, Eagle Creek Renewable Energy, LLC, 65 Madison Avenue, Suite 500, Morristown, NJ 07960, Phone: 973-998-8400, Email: Bob.gates@eaglecreekre.com and Mr. Joshua E. Adrian, Duncan, Weinberg, Genzer & Pembroke, P.C., 1615 M Street, NW., Suite 800, Washington, DC 20036, Phone: 202-467-6370, Email: jea@dwgp.com. For transferee: Mr. Ben-David Seligman, Esq., 2nd Asst. Corp. Counsel, City of Paterson, New Jersey,
