I. Introduction

On March 11, 2016, the Postal Service filed notice that it has agreed to an amendment to the existing Priority Mail Express, Priority Mail & First-Class Package Service Contract 7 negotiated service agreement approved in this docket.¹ In support of its Notice, the Postal Service includes a redacted copy of the amendment and a certification of compliance with 39 U.S.C. 3633(a), as required by 39 CFR 3015.5.

The Postal Service also filed the unredacted amendment and supporting financial information under seal. The Postal Service seeks to incorporate by reference the Application for Non-Public Treatment originally filed in this docket for the protection of information that it has filed under seal. Notice at 1.

The amendment changes prices as contemplated by the contract's terms. *Id.* The Postal Service intends for the amendment to become effective two business days after the date that the Commission completes its review of the Notice. *Id.*

II. Notice of Filings

The Commission invites comments on whether the changes presented in the Postal Service's Notice are consistent with the policies of 39 U.S.C. 3632, 3633, or 3642, 39 CFR 3015.5, and 39 CFR part 3020, subpart B. Comments are

due no later than March 21, 2016. The public portions of these filings can be accessed via the Commission's Web site (<http://www.prc.gov>).

The Commission appoints Jennaca D. Upperman to represent the interests of the general public (Public Representative) in this docket.

III. Ordering Paragraphs

It is ordered:

1. The Commission reopens Docket No. CP2016-70 for consideration of matters raised by the Postal Service's Notice.
2. Pursuant to 39 U.S.C. 505, the Commission appoints Jennaca D. Upperman to serve as an officer of the Commission (Public Representative) to represent the interests of the general public in this proceeding.
3. Comments are due no later than March 21, 2016.
4. The Secretary shall arrange for publication of this order in the **Federal Register**.

By the Commission.

Stacy L. Ruble,
Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-77363; File No. SR-NYSE-2016-20]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Its Price List Effective March 1, 2016

March 14, 2016.

Pursuant to Section 19(b)(1) ¹ of the Securities Exchange Act of 1934 (the "Act") ² and Rule 19b-4 thereunder, ³ notice is hereby given that, on March 1, 2016, New York Stock Exchange LLC ("NYSE" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

¹ Notice of United States Postal Service of Change in Prices Pursuant to Amendment to Priority Mail Express, Priority Mail & First-Class Package Service Contract 7, with Portions Filed Under Seal, March 11, 2016 (Notice).

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its Price List to exclude from its average daily volume and certain other calculations any trading day on which the Exchange is not open for the entire trading day and/or a disruption affects an Exchange system that lasts for more than 60 minutes during regular trading hours. The Exchange proposes to implement the fee change effective March 1, 2016. The text of the proposed rule change is available on the Exchange's Web site at www.nyse.com, at the principal office of the Exchange, on the Commission's Web site at <http://www.sec.gov>, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its Price List to exclude from its average daily volume ("ADV")⁴ and certain other calculations any trading day on which the Exchange is not open for the entire trading day and/or a disruption affects an Exchange system that lasts for more than 60 minutes during regular trading hours. The Exchange proposes to implement the fee change effective March 1, 2016.

As provided in the Exchange's Price List, many of the Exchange's transaction fees and credits are based on trading, quoting and liquidity thresholds that member organizations, including Designated Market Makers ("DMMs"), Supplemental Liquidity Providers ("SLPs"), and Retail Liquidity Providers ("RLPs"), must satisfy in order to qualify for the particular rates. The Exchange believes that trading

suspensions or disruptions can prevent member organizations, including DMMs, SLPs and RLPs, from engaging in normal trading, quoting and liquidity in their assigned securities, leading to decreased quoting and trading volume compared to ADV. Accordingly, for purposes of determining transaction fees and credits for these market participants based on quoting and/or liquidity levels, ADV, and consolidated ADV

("CADV"),⁵ the Exchange proposes to add a new footnote to the Price List designated with an asterisk that would permit the Exchange to exclude any trading day on which (1) the Exchange is not open for the entire trading day and/or (2) a disruption affects an Exchange system that lasts for more than 60 minutes during regular trading hours. The Exchange's proposal is consistent with the rules of the options trading facility of its affiliates NYSE MKT LLC⁶ and NYSE Arca, Inc.⁷

The proposed change would allow the Exchange to exclude days where the Exchange declares a trading halt in all securities or honors a market-wide trading halt declared by another market. The Exchange's proposal would be similar to the current provision in the Price List whereby, for purposes of transaction fees and SLP credits, ADV calculations can exclude early closing days.⁸ Generally, this applies to certain days before or after a holiday observed by the Exchange.⁹ The Exchange's proposal is consistent with the rules of other self-regulatory organizations.¹⁰

⁵ NYSE CADV is defined in the Price List as the consolidated average daily volume of NYSE-listed securities.

⁶ See NYSE Amex Options Fee Schedule ("The Exchange may exclude from its monthly calculations of contract volume any day that (1) the Exchange is not open for the entire trading day and/or (2) a disruption affects an Exchange system that lasts for more than 60 minutes during regular trading hours").

⁷ See NYSE Arca Options Fees and Charges ("The Exchange may exclude from the calculation of ADV contracts traded any day that (1) the Exchange is not open for the entire trading day and/or (2) a disruption affects an Exchange system that lasts for more than 60 minutes during regular trading hours ("Exchange System Disruption").

⁸ See footnote 4 in the Price List.

⁹ For example, the Exchange is closed on Thanksgiving Day and closes early on the Friday immediately following Thanksgiving Day (e.g., Friday, November 25, 2016).

¹⁰ See notes 6–7, *supra*; see also NASDAQ Stock Market LLC Rule 7018(j) ("For purposes of determining average daily volume and total consolidated volume under this rule, any day that the market is not open for the entire trading day will be excluded from such calculation."); International Securities Exchange, LLC Fee Schedule ("For purposes of determining Priority Customer ADV, any day that the regular order book is not open for the entire trading day or the Exchange instructs members in writing to route their orders to other markets may be excluded from such calculation; provided that the Exchange will

The Exchange believes that artificially low volumes of trading on days when the Exchange is not open for the entire trading day reduces the average daily activity of member organizations both daily and monthly. Given the decreased trading volumes, the numerator for the monthly calculation (e.g., trading volume) would be correspondingly lower, but the denominator for the threshold calculations (e.g., the number of trading days) would not necessarily be decreased, and could result in an unintended increase in the cost of trading on the Exchange, a result that is unintended and undesirable to the Exchange and its member organizations. The Exchange believes that the authority to exclude days when the Exchange is not open for the entire trading day would provide member organizations with greater certainty as to their monthly costs and diminish the likelihood of an effective increase in the cost of trading.¹¹

Similarly, the Exchange proposes to modify its Price List to permit the Exchange to exclude from the above calculations shares traded on a trading day where a disruption affects an Exchange system that lasts for more than 60 minutes during regular trading hours even if such disruption would not be categorized as a complete outage of the Exchange's system. Such a disruption may occur where a certain securities traded on the Exchange are unavailable for trading due to an Exchange system issue or where, while the Exchange may be able to perform certain functions with respect to accepting and processing orders, the Exchange may be experiencing a failure to another significant process, such as routing to other market centers, that would lead member organizations that rely on such process to avoid utilizing the Exchange until the Exchange's entire system was operational. Once again, the Exchange's proposal is consistent with the rules of other self-regulatory organizations.¹²

The Exchange is not proposing any changes to the level of rebates currently being provided on the Exchange, or to

only remove the day for members that would have a lower ADV with the day included."

¹¹ See, e.g., Securities Exchange Act Release No. 70657 (October 10, 2013), 78 FR 62899 (October 22, 2013) (SR-ISE-2013-51).

¹² See notes 6–7, *supra*; see also BATS BZX Exchange Fee Schedule ("The Exchange excludes from its calculation of ADAV and ADV shares added or removed on any day that the Exchange's system experiences a disruption that lasts for more than 60 minutes during regular trading hours ("Exchange System Disruption"), on any day with a scheduled early market close and on the last Friday in June (the "Russell Reconstitution Day").

⁴ The defined term "ADV" is used here as defined in footnote 2 to the Price List.

the thresholds required to achieve each rebate tier.

The proposed change is also not otherwise intended to address any other issues, and the Exchange is not aware of any problems that member organizations would have in complying with the proposed change.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,¹³ in general, and furthers the objectives of Sections 6(b)(4) and 6(b)(5) of the Act,¹⁴ in particular, because it provides for the equitable allocation of reasonable dues, fees, and other charges among its members, issuers and other persons using its facilities and does not unfairly discriminate between customers, issuers, brokers or dealers.

The Exchange believes that it is reasonable to permit the Exchange to eliminate from the calculation days on which the market is not open the entire trading day because it preserves the Exchange's intent behind adopting volume-based pricing. Similarly, the Exchange believes that its proposal is reasonable because it will help provide member organizations with a greater level of certainty as to their level of rebates and costs for trading in any month where the Exchange experiences such a system disruption on one or more trading days. The Exchange is not proposing to amend the thresholds member organizations must achieve to become eligible for, or the dollar value associated with, the tiered rebates or fees. By eliminating the inclusion of a trading day on which a system disruption occurs, the Exchange would almost certainly be excluding a day that would otherwise lower member organization's trading volume, thereby making it more likely for member organizations to meet the minimum or higher tier thresholds and thus incentivizing member organizations to increase their participation on the Exchange in order to meet the next highest tier.

The Exchange further believes that the proposal is reasonable because the proposed exclusion seeks to avoid penalizing member organizations that might otherwise qualify for certain tiered pricing but that, because of a significant Exchange system problem, would not participate to the extent that they might have otherwise participated. The Exchange believes that certain systems disruptions could preclude some member organizations from

submitting orders to the Exchange even if such issue is not actually a complete systems outage.

Finally, the Exchange believes that the proposal is equitable and not unfairly discriminatory because the methodology for the monthly calculations would apply equally to all member organizations and to all volume tiers. The Exchange notes that, although unlikely, there is some possibility that a certain small proportion of member organizations may have a higher ADV as a percentage of average daily volume with their activity included from days where the Exchange experiences a system disruption. The Exchange believes that the proposal would still be equitable and not unfairly discriminatory given that the impacted universe is potentially quite small and that the proposal would benefit the overwhelming majority of market participants and would make the overall cost of trading on the Exchange more predictable for the membership as a whole.

For the foregoing reasons, the Exchange believes that the proposal is consistent with the Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act,¹⁵ the Exchange believes that the proposed rule change would not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

The Exchange believes that, with respect to monthly calculations for rebates, there are very few instances where the exclusion would be invoked, and if invoked, would have little or no impact on trading decisions or execution quality. On the contrary, the Exchange believes that the proposal fosters competition by avoiding a penalty to member organizations for days when trading on the Exchange is disrupted for a significant portion of the day and would result in lower total costs to end users, a positive outcome of competitive markets. Further, other options exchanges have adopted rules that are substantially similar to the change in ADV calculation being proposed by the Exchange.¹⁶

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)¹⁷ of the Act and subparagraph (f)(2) of Rule 19b-4¹⁸ thereunder, because it establishes a due, fee, or other charge imposed by the Exchange.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹⁹ of the Act to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

SECURITIES AND EXCHANGE COMMISSION

[Securities Act of 1933; Release No. 10054/ March 14, 2016; Securities Exchange Act of 1934; Release No. 77367/March 14, 2016]

Order Approving Public Company Accounting Oversight Board Budget and Annual Accounting Support Fee for Calendar Year 2016

The Sarbanes-Oxley Act of 2002, as amended (the "Sarbanes-Oxley Act"),¹ established the Public Company Accounting Oversight Board ("PCAOB") to oversee the audits of companies that are subject to the securities laws, and related matters, in order to protect the interests of investors and further the public interest in the preparation of informative, accurate and independent audit reports. The Dodd-Frank Wall Street Reform and Consumer Protection Act² amended the Sarbanes-Oxley Act to provide the PCAOB with explicit authority to oversee auditors of broker-dealers registered with the Commission. The PCAOB is to accomplish these goals through registration of public accounting firms and standard setting, inspection, and disciplinary programs. The PCAOB is subject to the comprehensive oversight of the

Securities and Exchange Commission (the "Commission").

Section 109 of the Sarbanes-Oxley Act provides that the PCAOB shall establish a reasonable annual accounting support fee, as may be necessary or appropriate to establish and maintain the PCAOB. Under Section 109(f) of the Sarbanes-Oxley Act, the aggregate annual accounting support fee shall not exceed the PCAOB's aggregate "recoverable budget expenses," which may include operating, capital and accrued items. The PCAOB's annual budget and accounting support fee are subject to approval by the Commission. In addition, the PCAOB must allocate the annual accounting support fee among issuers and among brokers and dealers.³

Section 109(b) of the Sarbanes-Oxley Act directs the PCAOB to establish a budget for each fiscal year in accordance with the PCAOB's internal procedures, subject to approval by the Commission. Rule 190 of Regulation P facilitates the Commission's review and approval of PCAOB budgets and annual accounting support fees.⁴ This budget rule provides, among other things, a timetable for the preparation and submission of the PCAOB budget and for Commission actions related to each budget, a description of the information that should be included in each budget submission, limits on the PCAOB's ability to incur expenses and obligations except as provided in the approved budget, procedures relating to supplemental budget requests, requirements for the PCAOB to furnish on a quarterly basis certain budget-related information, and a list of definitions that apply to the rule and to general discussions of PCAOB budget matters.

In accordance with the budget rule, in March 2015 the PCAOB provided the Commission with a narrative description of its program issues and outlook for the 2016 budget year. In response, the Commission provided the PCAOB with economic assumptions and budgetary guidance for the 2016 budget year. The PCAOB subsequently delivered a preliminary budget and budget justification to the Commission. Staff from the Commission's Offices of the Chief Accountant and Financial Management dedicated a substantial amount of time to the review and analysis of the PCAOB's programs, projects and budget estimates; reviewed

³ Separately the Commission is responsible for review of an accounting support fee for the FASB pursuant to Section 109(e) of the Sarbanes-Oxley Act that is allocated among issuers. This separate accounting support fee is not addressed by this order.

⁴ 17 CFR 202.190.

the PCAOB's estimates of 2015 actual spending; and attended several meetings with management and staff of the PCAOB to further develop the Commission staff's understanding of the PCAOB's budget and operations. During the course of this review, Commission staff relied upon representations and supporting documentation from the PCAOB. Based on this review, the Commission authorized the staff to issue a "pass back" letter to the PCAOB. On November 24, 2015, the PCAOB approved its 2016 budget during an open meeting, and subsequently submitted that budget to the Commission for approval.

After considering the above, the Commission did not identify any proposed disbursements in the 2016 budget adopted by the PCAOB that are not properly recoverable through the annual accounting support fee, and the Commission believes that the aggregate proposed 2016 annual accounting support fee does not exceed the PCAOB's aggregate recoverable budget expenses for 2016. The Commission also acknowledges the PCAOB's updated strategic plan and encourages the PCAOB to continue keeping the Commission and its staff apprised of significant new developments. The Commission looks forward to providing views to the PCAOB as future updates are made to the plan.

We understand that the PCAOB has taken significant steps to advance its assessments of the performance and management of the PCAOB's standard-setting process, including the engagement of an external consultant. The Commission directs the PCAOB to continue to provide timely updates throughout the year on the progress of the Board's review of the PCAOB's standard setting process, including anticipated changes to processes or funding.

The Commission recognizes that in recent years, the PCAOB has taken significant steps to establish the Center for Economic Analysis ("Center"). The Commission directs the PCAOB to continue providing quarterly updates to the Commission on the Center's activities and progress towards its stated goals.

The Commission directs the Board to continue to provide in its quarterly reports to the Commission detailed information about the state of the PCAOB's IT program, including planned, estimated, and actual costs for IT projects, and the level of involvement of consultants. These reports also should continue to include: (a) A discussion of the Board's assessment of the IT program; and (b) the quarterly IT
