Discussion

Chapter 131 of Title 46, U.S. Code, requires the Secretary of Homeland Security to carry out a national recreational boating safety program and the Secretary has delegated that authority to the Coast Guard.¹ Each year, approximately 650 citizens die and thousands are injured in reportable recreational boating safety accidents. To coordinate efforts to prevent future deaths and injuries of recreational boaters, the Coast Guard is working with stakeholders of the recreational boating community to develop a strategic plan. This plan contains specific initiatives to increase life jacket wear rates, decrease boating under the influence, and increase boating knowledge and skills and other prevention efforts. The Coast Guard seeks public comment on this draft plan, specifically for policy actions and supporting data that may help prevent future deaths and injuries.

This notice is issued under authority of 5 U.S.C. 552(a).

Dated: March 8, 2016.

Captain, Coast Guard, Director of Inspections and Compliance.
