Each Tribe must send its funding request on the appropriate application form to the BIA IHSP office in Albuquerque, New Mexico, by the close of business May 2, 2016. Request can be received by U.S. Mail or via email to: indian_highway_safety@bia.gov.

Selection Criteria

A selection committee will review and evaluate each application requesting funding. Each member of the selection committee, by assigning points to the following four criteria, will rank each of the proposals based on the following criteria:

Criterion (1), the General Information section will include information on the type of grant, location, population and size of reservation, type of law enforcement and pertinent contact information. (10 points maximum).

Criterion (2), the strength of the Problem Identification based on verifiable, current and applicable data to indicate the extent of the traffic safety problem. (45 points maximum).

Criterion (3), the quality of the proposed solution plan based on aggressive but attainable Performance Measures and Strategies. (35 points maximum).

Criterion (4), details on necessity and reasonableness of the budget requested. (10 points maximum).

Notification of the Selection

Once the selection committee concludes its evaluation, it will notify those Tribes it recommends for participation and funding by letter. Upon notification, each selected Tribe must provide a duly authorized Tribal resolution. The resolution must be on file before grants funds can be expended by or reimbursed to the Tribe.

Notification of Non-Selection

The Program Director will notify each Tribe of non-selection.

Uniform Administrative Requirements for Grant-In-Aid

Uniform grant administration procedures have been established on a national basis for all grant-in-aid programs by the Office of Management and Budget under 2 CFR part 200 "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards" and the DOT under 2 CFR part 1201.

NHTSA has codified uniform procedures for State Highway Safety Programs in 23 CFR part 1200. 2 CFR part 200 and the "Highway Safety Grant Funding Guidance for NHTSA Field Administered Grants are the established cost principles applicable to grants and contracts through BIA and with Tribal governments. A copy of the Grant Funding Policy document can be obtained from the BIA IHSP office or at http://www.nhtsa.gov/About+NHTSA/Highway+Safety+Grant+Programs/HSGrantFunding_Guidance#Toc363830148. The BIA IHSP office has been established and is designated to establish operating procedures consistent with the applicable provisions of these rules and any others that govern these grant funds.

Auditing of Highway Safety Projects will be included in the Tribal A-133 single audit requirement. Copies of Tribal audits must be available for inspection by the highway safety program staff. Tribes must provide monthly program status reports and a corresponding reimbursement claim to the BIA Indian Highway Safety Program, 1001 Indian School, Suite 251, Albuquerque, New Mexico 87104, in order to be reimbursed for program costs. These are to be submitted no later than 15 working days beyond the reporting month.

Project Monitoring

During the program year, it is the responsibility of the BIA IHSP office to review the implementation of Tribal traffic safety plans and programs, monitor the progress of their activities and expenditures and provide technical assistance as needed. This assistance may be on-site, by telephone, and/or a review of monthly progress claims.

Project Evaluation

Each project funded is required to submit an annual report that meets the minimum criteria as set forth in 23 CFR part 1200.35. This information will be contained in the annual report that is required to be submitted to NHTSA. The BIA IHSP will conduct an annual performance evaluation for each Highway Safety Project funded. Pursuant to 23 CFR part 1200.35, the evaluation will measure the actual accomplishments to the planned activity and how the project and activities funded contributed to the overall goal of the IHSP. Program staff will evaluate progress from baseline data as reported by the Tribe. BIA IHSP staff will evaluate the project on-site at the discretion of the IHSP Director.
