

of Unicast End User those customers of a Transmittal User (and customers of Users' customers) that send all orders to a Floor broker for representation on the Exchange is reasonable because it would encourage providing liquidity on the Exchange, thereby contributing to the Exchange's competitiveness with other markets. In addition, the Exchange believes that expanding the definition of Affiliates and adding the definitions of Multicast End User, Rebroadcasting User, Unicast End User, and Transmittal User to the Fee Schedules would make such definitions accessible and transparent and provide market participants with clarity as to the availability and application of the proposed fees.

Finally, the Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues if, for example, they deem fee levels at a particular venue to be excessive or if they determine that another venue's products and services are more competitive than on the Exchange. In such an environment, the Exchange must continually review, and consider adjusting, the services it offers as well as any corresponding fees and credits to remain competitive with other exchanges. For the reasons described above, the Exchange believes that the proposed rule change reflects this competitive environment.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the Exchange consents, the Commission shall: (a) By order approve or disapprove such proposed rule change, or (b) institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act.

Comments may be submitted by any of the following methods:

SECURITIES AND EXCHANGE COMMISSION

Submission for OMB Review; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE., Washington, DC 20549-2736.

Extension:

Rule 606 of Regulation NMS, SEC File No. 270-489, OMB Control No. 3235-0541.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) ("PRA"), the Securities and Exchange Commission ("Commission") has submitted to the office of Management and Budget ("OMB") a request for approval of extension of the previously approved collection of information provided for in Rule 606 of Regulation NMS ("Rule 606") (17 CFR 242.606) under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*).

Rule 606 (formerly known as Rule 11Ac1-6) requires broker-dealers to prepare and disseminate quarterly order routing reports. Much of the information needed to generate these reports already should be collected by broker-dealers in connection with their periodic evaluations of their order routing practices. Broker-dealers must conduct such evaluations to fulfill the duty of best execution that they owe their customers.

The collection of information obligations of Rule 606 apply to broker-dealers that route non-directed customer orders in covered securities. The Commission estimates that out of the currently 4,240 broker-dealers that are subject to the collection of information obligations of Rule 606, clearing brokers bear a substantial portion of the burden of complying with the reporting and recordkeeping requirements of Rule 606 on behalf of small to mid-sized introducing firms. There currently are approximately 185 clearing brokers. In addition, there are approximately 81 introducing brokers that receive funds or securities from their customers. Because at least some of these firms also may have greater involvement in determining where customer orders are routed for execution, they have been included, along with clearing brokers, in estimating the total burden of Rule 606.

The Commission staff estimates that each firm significantly involved in order routing practices incurs an average burden of 40 hours to prepare and disseminate a quarterly report required by Rule 606, or a burden of 160 hours

per year. With an estimated 266¹ broker-dealers significantly involved in order routing practices, the total industry-wide burden per year to comply with the quarterly reporting requirement in Rule 606 is estimated to be 42,560 hours (160 × 266).

Rule 606 also requires broker-dealers to respond to individual customer requests for information on orders handled by the broker-dealer for that customer. Clearing brokers generally bear the burden of responding to these requests. The Commission staff estimates that an average clearing broker incurs an annual burden of 400 hours (2000 responses × 0.2 hours/response) to prepare, disseminate, and retain responses to customers required by Rule 606. With an estimated 185 clearing brokers subject to Rule 606, the total industry-wide burden per year to comply with the customer response requirement in Rule 606 is estimated to be 74,000 hours (185 × 400).

The collection of information obligations imposed by Rule 606 are mandatory. The responses will be available to the public and will not be kept confidential.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.

The public may view background documentation for this information collection at the following Web site, www.reginfo.gov. Comments should be directed to: (i) Desk Officer for the Securities and Exchange Commission, Office of Information and Regulatory Affairs, Office of Management and Budget, Room 10102, New Executive Office Building, Washington, DC 20503, or by sending an email to: Shagufta_Ahmed@omb.eop.gov; and (ii) Pamela Dyson, Director/Chief Information Officer, Securities and Exchange Commission, c/o Remi Pavlik-Simon, 100 F Street NE., Washington, DC 20549 or by sending an email to: PRA_Mailbox@sec.gov. Comments must be submitted to OMB within 30 days of this notice.

Dated: April 19, 2016.

Deputy Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-77640; File No. SR-NYSEMKT-2016-15]

Self-Regulatory Organizations; NYSE MKT LLC; Notice of Filing of Proposed Rule Change Establishing Fees Relating to End Users and Amending the Definition of “Affiliate,” as Well as Amending the NYSE MKT Equities Price List and the NYSE Amex Options Fee Schedule To Reflect the Changes

April 18, 2016.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the “Act”)² and Rule 19b-4 thereunder,³ notice is hereby given that, on April 4, 2016, NYSE MKT LLC (the “Exchange” or “NYSE MKT”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange proposes to establish fees relating to end users and amend the definition of “affiliate,” as well as to amend the co-location section of the NYSE MKT Equities Price List (“Price List”) and the NYSE Amex Options Fee Schedule (“Fee Schedule”) to reflect the changes. The Exchange proposes that the changes be effective the first of the month following approval by the Securities and Exchange Commission (“Commission”). The proposed change is available on the Exchange’s Web site at www.nyse.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below,

of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to establish fees relating to certain end users and amend the definition of “affiliate,” as well as to amend the co-location⁴ section of its Price List and Fee Schedule to reflect the changes. The Exchange proposes that the changes be effective the first of the month following approval by the Securities and Exchange Commission.

Information flows over existing network connections in two formats:

- Multicast format, which is a format in which information is sent one-way from the Exchange to multiple recipients at once, like a radio broadcast; and
- Unicast format, which is a format that allows one-to-one communication, similar to a phone line, in which information is sent to and from the Exchange.

Fees for Rebroadcasting Users Related to Their Multicast End Users

As a general matter, market data is broadcast to Users⁵ in multicast format. Users can rebroadcast data they receive in multicast format to their customers⁶ if they choose. The Exchange proposes to add to its co-location Price List and Fee Schedule definitions of a

⁴ The Exchange initially filed rule changes relating to its co-location services with the Securities and Exchange Commission (“Commission”) in 2010. See Securities Exchange Act Release No. 62961 (September 21, 2010), 75 FR 59299 (September 27, 2010) (SR-NYSEAmex-2010-80). The Exchange operates a data center in Mahwah, New Jersey (the “data center”) from which it provides co-location services to Users.

⁵ For purposes of the Exchange’s co-location services, a “User” means any market participant that requests to receive co-location services directly from the Exchange. See Securities Exchange Act Release No. 76009 (September 29, 2015), 80 FR 60213 (October 5, 2015) (SR-NYSEMKT-2015-67). As specified in the Price List and Fee Schedule, a User that incurs co-location fees for a particular co-location service pursuant thereto would not be subject to co-location fees for the same co-location service charged by the Exchange’s affiliates New York Stock Exchange LLC and NYSE Arca, Inc. See Securities Exchange Act Release No. 70176 (August 13, 2013), 78 FR 50471 (August 19, 2013) (SR-NYSEMKT-2013-67).

⁶ As used in the context of the proposed fees, the term “customer” refers to any person who has a contractual relationship with a User or the customer of a User for the provision to that customer of unicast or multicast services. A customer of a User may include another User or a “Hosted Customer,” as that term is defined in the Price List and Fee Schedule.
