Availability of Materials for the Meeting: A copy of the May 13, 2016 public meeting agenda or any updates or changes to the agenda, to include individual speakers not identified at the time of this notice, as well as other materials provided to Panel members for use at the public meeting, may be obtained at the meeting or from the Panel's Web site at <http://jpp.whs.mil>. In the event the Office of Personnel Management closed the government due to inclement weather or any other reason, please consult the Web site for any changes in the public meeting date or time.

Public's Accessibility to the Meeting: Pursuant to 5 U.S.C. 552b and 41 CFR 102–3.140 through 102–3.165, and the availability of space, this meeting is open to the public. Parking is available at the Legal Center and School. To park, attendees must present a government-issued photo identification card to the Legal Center and School security guard, who will direct you to the parking lot designated for the event. To enter the building, attendees must present a government-issued photo identification card to the security guard, register with staff, and wear a visitor badge while in the building. Staff will direct attendees to the location of the meeting. Seating is limited and is on a first-come basis.

Special Accommodations: Individuals requiring special accommodations to access the public meeting should contact the Judicial Proceedings Panel at whs.pentagon.em.mbx.judicial-panel@mail.mil at least five (5) business days prior to the meeting so that appropriate arrangements can be made.

Procedures for Providing Public Comments: Pursuant to 41 CFR 102–3.140 and section 10(a)(3) of the Federal Advisory Committee Act of 1972, the public or interested organizations may submit written comments to the Panel about its mission and topics pertaining to this public session. Written comments must be received by the JPP at least five (5) business days prior to the meeting date so that they may be made available to the Judicial Proceedings Panel for their consideration prior to the meeting.

Written comments should be submitted via email to the Judicial Proceedings Panel at whs.pentagon.em.mbx.judicial-panel@mail.mil in the following formats: Adobe Acrobat or Microsoft Word. Please note that since the Judicial Proceedings Panel operates under the provisions of the Federal Advisory Committee Act, as amended, all written comments will be treated as public documents and will be made available for public inspection. If members of the public are interested in making an oral statement, a written statement must be submitted as above along with a request to provide an oral statement. After reviewing the written comments, the Chairperson and the Designated Federal Officer will determine who of the requesting persons will be able to make an oral presentation of their issue during the open portion of this meeting. Determination of who will be making an oral presentation is at the sole discretion of the Committee Chair and the Designated Federal Officer and will depend on time available and relevance to the Panel's activities, and on a first-come basis. Oral presentations by members of the public will be permitted from 4:00 p.m. to 4:15 p.m. on May 13, 2016 in front of the Panel members.

Committee's Designated Federal Officer: The Panel's Designated Federal Officer is Ms. Maria Fried, Department of Defense, Office of the General Counsel, 1600 Defense Pentagon, Room 3B747, Washington, DC 20301–1600.

Dated: April 21, 2016.

Aaron Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

DENALI COMMISSION

Denali Commission Fiscal Year 2016 Draft Work Plan

AGENCY: Denali Commission.

ACTION: Notice.

SUMMARY: The Denali Commission (Commission) is an independent federal agency based on an innovative federal-state partnership designed to provide critical utilities, infrastructure and support for economic development and training in Alaska by delivering Federal services in the most cost-effective manner possible. The Commission was created in 1998 with passage of the October 21, 1998 Denali Commission Act (Act) (Title III of Pub. L. 105–277, 42 U.S.C. 3121). The Act requires that

the Commission develop proposed work plans for future spending and that the annual Work Plan be published in the **Federal Register**, providing an opportunity for a 30-day period of public review and written comment. This **Federal Register** notice serves to announce the 30-day opportunity for public comment on the Denali Commission Draft Work Plan for Federal Fiscal Year 2016 (FY 2016).

DATES: Comments and related material to be received by May 25, 2016.

ADDRESSES: Submit comments to the Denali Commission, Attention: Sabrina Cabana, 510 L Street, Suite 410, Anchorage, AK 99501.

FOR FURTHER INFORMATION CONTACT: Ms. Sabrina Cabana, Denali Commission, 510 L Street, Suite 410, Anchorage, AK 99501. Telephone: (907) 271–1414. Email: scabana@denali.gov.

Background: The Denali Commission's mission is to partner with tribal, federal, state, and local governments and collaborate with all Alaskans to improve the effectiveness and efficiency of government services, to build and ensure the operation and maintenance of Alaska's basic infrastructure, and to develop a well-trained labor force employed in a diversified and sustainable economy.

By creating the Commission, Congress mandated that all parties involved partner together to find new and innovative solutions to the unique infrastructure and economic development challenges in America's most remote communities. Consistent with its statutory mission, in September of 2015 President Obama designated the Denali Commission as the lead federal agency for coordinating federal efforts to mitigate the impacts of erosion, flooding and permafrost degradation in rural Alaska. The primary goal is to build climate resilience with respect to infrastructure in environmentally threatened communities.

Pursuant to the Act, the Commission determines its own basic operating principles and funding criteria on an annual federal fiscal year (October 1 to September 30) basis. The Commission outlines these priorities and funding recommendations in an annual Work Plan. The FY 2016 Work Plan was developed in the following manner.

- A workgroup comprised of Denali Commissioners and Denali Commission staff developed a preliminary draft Work Plan.

- The preliminary draft Work Plan was published on www.denali.gov for review by the public in advance of public testimony.

- A public hearing was held to record public comments and recommendations on the preliminary draft Work Plan.

- Written comments on the preliminary draft Work Plan were accepted for another two weeks after the public hearing.

- All public hearing comments and written comments were provided to Commissioners for their review and consideration.

- Commissioners discussed the preliminary draft Work Plan in a public meeting and then voted on the Work Plan during the meeting.

- The Commissioners forwarded their recommended Work Plan to the Federal Co-Chair, who then prepared the draft Work Plan for publication in the **Federal Register** providing a 30-day period for public review and written comment. During this time, the draft Work Plan will also be disseminated to Commission program partners including, but not limited to, the Bureau of Indian Affairs (BIA), the Economic Development Administration (EDA), Department of Agriculture—Rural Utilities Service (USDA/RUS), and the State of Alaska.

- At the conclusion of the **Federal Register** Public comment period Commission staff provides the Federal Co-Chair with a summary of public comments and recommendations, if any, on the draft Work Plan.

- If no revisions are made to the draft, the Federal Co-Chair provides notice of approval of the Work Plan to the Commissioners, and forwards the Work Plan to the Secretary of Commerce for approval; or, if there are revisions the Federal Co-Chair provides notice of modifications to the Commissioners for their consideration and approval, and upon receipt of approval from Commissioners, forwards the Work Plan to the Secretary of Commerce for approval.

- The Secretary of Commerce approves the Work Plan.

- The Federal Co-Chair then approves grants and contracts based upon the approved Work Plan.

FY 2016 Appropriations Summary

The Commission has historically received federal funding from several sources.

These fund sources are governed by the following general principles:

- In FY 2016 no project specific direction was provided by Congress.

- The Energy and Water Appropriation (i.e. “discretionary” or “base” funding) is eligible for use in all programs.

- Certain appropriations are restricted in their usage. Where restrictions apply, the funds may be used only for specific program purposes.

- Final appropriation funds received may be reduced due to Congressional action, rescissions by the Office of Management and Budget, and other federal agency action.

- All Energy and Water Appropriation and Trans-Alaska Pipeline Liability (TAPL) funds, including operating funds, identified in the Work Plan, are “up to” amounts, and may be reassigned to other programs included in the current year work plan, if they are not fully expended in a program component area or a specific project.

Environmentally Threatened Communities Program—Draft FY 2016 Investment Plan

In order to fulfill its role as lead federal coordinating agency the Denali Commission staff, in consultation with State, Federal, and other partners, and the referenced communities in particular, proposes the following investments in support of the new Environmentally Threatened Communities (ETC) Program. United States Government Accountability Office (GAO) Report 09–551 (<http://www.gao.gov/products/GAO-09-551>) was instrumental in charting prospective Commission investments.

Mertarvik

The community of Newtok has initiated its relocation to Mertarvik and has started building infrastructure at Mertarvik. The Commission funds summarized above plus \$475,000 of USDA/RUS funds that the Commission has in hand, will be used to supplement approximately \$4.8M from existing State of Alaska Legislative grants and re-appropriations, \$4.0M from the BIA Tribal Transportation Program, and \$3.5M of disaster relief funding from the Federal Emergency Management Agency (FEMA) and the State of Alaska. The Commission and USDA funds will be used for the following activities:

- Preparation of Programmatic Environmental Documentation for the overall relocation effort that will allow other Federal agencies to adopt the document for their investments.
- Development of a final Site Plan and Official Plat that is consistent with ultimate utility development, road construction and community development.
- Geotechnical investigation to supplement existing information will allow efficient design of roads, building foundations, and other infrastructure.
- Development of the Borrow Site (quarry).
- Support for the existing Community Relocation Coordinator, Project Management Services, preparation of Emergency Response Plans, and conducting Emergency Response Drills.
- Design of a Bulk Fuel Storage Facility.
- Preliminary design of community power, water, sewer and solid waste facilities.
- Match/gap funds for other related activities identified by the Community.

Shaktoolik

The community of Shaktoolik has decided to protect the community in place for now.

The Commission funds summarized above will be used for the following activities:

- Support for the existing Community Relocation Coordinator, preparation of Emergency Response Plans, and conducting Emergency Response Drills.
- “Soft Erosion” protection measures.
- Design of a consolidated fuel storage facility above the 100-year flood level.
- Match/gap funds for other related activities identified by the Community.

Shishmaref

Shishmaref is considering relocation but has not yet selected a new site. The Commission funds summarized above will be used for the following activities:

- Support for the existing Community Relocation Coordinator, preparation of Emergency Response Plans, and conducting Emergency Response Drills.
- Local match for existing US Army Corps of Engineers (USACE) funds for a site specific 100-year Flood Analysis.
- Local match for existing USACE funds to design Phases 3 and 4 of an armor rock revetment to protect the island.
- Match/gap funds for other related activities identified by the Community.

Kivalina

Kivalina is considering relocation and has selected a site for a new school. The Commission funds summarized above will be used for the following activities:

- Support for the existing Community Relocation Coordinator, preparation of Emergency Response Plans, and conducting Emergency Response Drills.
- Local match for existing USACE funds for a site specific 100-year Flood Analysis.
- Local match for existing USACE funds to design an armor rock revetment to protect the lagoon side of the island.
- Match/gap funds for other related activities identified by the Community.

Other Communities in the 2009 GAO Report

The Commission funds summarized above will be used for the following activities in support of protect in place projects for the 27 other communities in GAO Report 09–551:

- Develop and/or update FEMA Hazard Mitigation Plans and Emergency Operation/Response Plans.
- Develop site specific project design, budget and schedules for two projects based on existing FEMA approved Hazard Mitigation Plans.

Statewide

It is well known that there are other communities in rural Alaska not

mentioned in the 2009 GAO Report that have infrastructure threatened due to erosion, flooding and permafrost degradation. The Commission intends to make \$1,080,000 of prior year discretionary funding available for a statewide Disaster Response Fund that can be used to respond quickly, or to provide matching funds to compliment other funders for ETC disaster response and recovery, and other statewide initiatives such as the following.

- Develop a general Community Prioritization Methodology based on the threats due to erosion, flooding and permafrost degradation. This tool will be used to expand the 2009 GAO list, and by other funding agencies to allocate future resources.
- Support for the State of Alaska Immediate Action Working Group (IAWG).
- Support for two full time employees at a Grant Writing Center of Excellence that will focus on developing grant proposals for ETC protect in place projects.

However, a final decision has not yet been made on the level of funding for disaster response/recovery verses the other potential statewide initiatives.

Statement Regarding FY 2017 Work Plan

The Federal Co-Chair and staff anticipate that the Commission's investments in FY 2017 will focus on the Energy and ETC Programs, with at least \$5M for ETC. Current ideas for FY 2017 ETC initiatives and activities are summarized below. Of course, the agency will need to vet the proposed investments with each community in question, the State of Alaska, and the Commissioners.

1. Mertarvik community development.
2. Conceptual design and other pre-construction activities for a prototype emergency shelter facility that could be site adapted for construction in Shishmaref, Kivalina and Shaktoolik.
3. Mertarvik, Shishmaref, Kivalina, and Shaktoolik match/gap funding.
4. Pre-construction activities for protect in place projects for the 31 communities identified in GAO Report 09–550.
5. Statewide ETC investments.

Joel Neimeyer,

Federal Co-Chair.
