Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. *Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted.* Written requests for information or comments submitted by postal mail or delivery should be addressed to the Director of the Information Collection Clearance Division, U.S. Department of Education, 400 Maryland Avenue SW., LBJ, Room 2E–103, Washington, DC 20202–4537.**FOR FURTHER INFORMATION CONTACT:** For specific questions related to collection activities, please contact Christopher McCormick, 202–502–7580.**SUPPLEMENTARY INFORMATION:** The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is

soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Financial Report for the Endowment Challenge Grant Program & Institutional Service Endowment Activities.*OMB Control Number:* 1840–0564.*Type of Review:* A revision of an existing information collection.*Respondents/Affected Public:* Private Sector.*Total Estimated Number of Annual Responses:* 2,500.*Total Estimated Number of Annual Burden Hours:* 3,125.*Abstract:* This financial reporting form will be utilized for Title III Part A, Title III Part B and Title V Program Endowment Activities and Title III Part C Endowment Challenge Grant Program. The purpose of this Annual Financial Report is to have the grantees report annually the kind of investments that have been made, the income earned and spent, and whether any part of the Endowment Fund Corpus has been spent. This information allows us to give technical assistance and determine whether the grantee has complied with the statutory and regulatory investment requirements. This collection is being submitted as a revision because several small items have been added to the reporting form. These new items are intended to clarify questions already included in previous versions of this form and are not expected to add any significant burden for respondents.**Kate Mullan,***Acting Director, Information Collection Clearance Division, Office of the Chief Privacy Officer, Office of Management.*

[Project No. 14383-006]

Whitewater Green Energy, LLC; Notice of Successive Preliminary Permit Application Accepted for Filing and Soliciting Comments, Motions To Intervene, and Competing Applications

On January 22, 2016, the Whitewater Green Energy, LLC filed an application for a preliminary permit under section 4(f) of the Federal Power Act proposing to study the feasibility of the proposed Whitewater Hydroelectric Project No. 14383-006, to be located on Russel and Whitewater Creeks, near the town of Idanha, in Marion and Linn Counties, Oregon. The project would be located entirely on U.S. Forest Service lands.

The proposed project would consist of the following: (1) A 9.5-foot-high, 40-foot-wide weir on Russell Creek; (2) a 19,500-foot-long, 60-inch-diameter steel penstock; (3) a 50-foot-long by 40-foot-wide concrete powerhouse containing one pelton turbine rated at 11 megawatts; (4) a 160-foot-long, 72-inch-diameter tailrace discharging into Whitewater Creek; (5) an underground 2.25-mile-long, 12,000 kilovolt-amperes transmission line extending from the project to an outside transmission line (the point of interconnection); (6) an access road along side of the penstock; and (7) appurtenant facilities. The estimated annual generation of the Whitewater Creek Project would be 95.04 gigawatt-hours.
