Scope of Investigation: Having considered the complaint, the U.S. International Trade Commission, on May 5, 2016, ordered that—

(1) Pursuant to subsection (b) of section 337 of the Tariff Act of 1930, as amended, an investigation be instituted

to determine whether there is a violation of subsection (a)(1)(B) of section 337 in the importation into the United States, the sale for importation, or the sale within the United States after importation of certain portable electronic devices and components thereof by reason of infringement of one or more of claims 2, 3, 5, 7, and 17–28 of the '433 patent, and whether an industry in the United States exists as required by subsection (a)(2) of section 337;

Any such decision shall be in the form of an initial determination (ID). Petitions for review of such an ID shall be due five calendar days after service of the ID; any replies shall be due three business days after service of a petition.
