Authority: 44 U.S.C. 3507(a)(1)(D).

SUPPLEMENTARY INFORMATION: This ICR seeks approval under the PRA for revisions to the Occupational Code Assignment information collection. Information collected on Form ETA–741, Occupational Code Assignment, is necessary to help occupational information users relate an occupational specialty or job title to an occupational code and title within the framework of the Occupational Information Network. The form helps provide occupational codes for jobs where duties have changed to the extent that the published information is no longer appropriate or the user is unable to classify the job on his or her own. This information collection has been classified as a revision because of minor revisions to the form and because of additional respondents from the American Apprenticeship grant competition. Wagner-Peyser Act section 15 authorizes this information collection. *See* 29 U.S.C. 491–1.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. *See* 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1205–0137. The current approval is scheduled to expire on May 31, 2016; however, the DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on December 17, 2015 (80 FR 78769).
