SUPPLEMENTARY INFORMATION:

Title: Livestock, Poultry, and Grain Market News.

OMB Number: 0581-0033.

Expiration Date of Approval: September 30, 2016.

Type of Request: Revision to and extension of a currently approved information collection.

Abstract: The Agricultural Marketing Act of 1946, as amended, 7 U.S.C. 1621-1627, authorizes the Secretary of Agriculture to provide up-to-the-minute nationwide coverage of prices, supply, demands, trends, movement, and other pertinent information affecting the trading of livestock, poultry, meat, eggs, grain, and their related products, as well as locally produced and marketed products. The market reports compiled and disseminated by the Livestock, Poultry, and Grain Market News (LPGMN) Division of AMS' Livestock, Poultry, and Seed Program provide current, unbiased, and factual information to all stakeholders in the U.S. agricultural industry. LPGMN reports assist producers, processors, wholesalers, retailers, and others to make informed production, purchasing, and sales decisions. LPGMN reports also promote orderly marketing by placing buyers and sellers on a more equal negotiation basis.

LPGMN reporters communicate with buyers and sellers of livestock, poultry, meat, eggs, grain, local products, and their respective commodities on a daily basis to accomplish LPGMN's mission. This communication and information gathering is accomplished through the use of telephone conversations, facsimile transmissions, face-to-face meetings, and email messages. The information provided by respondents initiates LPGMN reporting, which must be timely, accurate, unbiased, and continuous if it is to be meaningful to the industry. AMS collects information on price, supply, demand, trends, movement, and other information of livestock, poultry, meat, grain, eggs, local products, and their respective commodities. LPGMN uses one OMB approved form, PY-90: "Monthly Dried Egg Solids Stocks Report," to collect inventory information from commercially dried egg product plants throughout the U.S. Cooperating firms voluntarily submit this form to LPGMN primarily via email and facsimile transmissions.

This collection was previously titled "Livestock, Poultry, Meat, and Grain Market News Reports" (0186-0033), and AMS is proposing to retitle the collection as "Livestock, Poultry, and Grain Market News" collection.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 0.0600 hours per response.

Respondents: Business or other for-profit and farms.

Estimated Number of Respondents: 2,990.

Estimated Number of Responses per Respondent: 93.

Estimated Total Annual Responses: 279,119.

Estimated Total Annual Burden on Respondents: 16,110.

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will become a matter of public record.

General Conference Committee of the National Poultry Improvement Plan; Solicitation for Membership; Correction

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Notice; correction.

SUMMARY: We are correcting an error in a notice announcing that the Secretary of Agriculture is soliciting nominations for the election of members and alternates to the General Conference Committee of the National Poultry Improvement Plan. The notice was published in the **Federal Register** on March 1, 2016.

FOR FURTHER INFORMATION CONTACT: Dr. Denise L. Brinson, Senior Coordinator, National Poultry Improvement Plan, VS, APHIS, 1506 Klondike Road, Suite 101, Conyers, GA 30094-5173; phone (770) 922-3496; fax (770) 922-3498; email denise.l.brinson@aphis.usda.gov.

SUPPLEMENTARY INFORMATION: In a notice¹ published in the **Federal Register** on March 1, 2016 (81 FR 10568, Docket No. APHIS-2015-0103), we announced that the Secretary of Agriculture is soliciting nominations for the election of members and alternates to the General Conference Committee (the Committee) of the National Poultry Improvement Plan.

In the notice, we stated that the terms will expire for three of the current regional members of the Committee as well as the member-at-large in July 2016. However, the term for the member-at-large does not expire until July 2018. The membership solicitation should have omitted the member-at-large.

Done in Washington, DC, this 9th day of May 2016.

SUPPLEMENTARY INFORMATION: The regulations in 9 CFR part 94 (referred to below as the regulations) govern the importation of certain animals and animal products into the United States to prevent the introduction of various animal diseases, including African swine fever (ASF), classical swine fever (CSF), foot-and-mouth disease (FMD), swine vesicular disease (SVD), and rinderpest.¹ The regulations prohibit or restrict the importation of live ruminants and swine, and products from these animals, from regions where these diseases are considered to exist.

Within part 94, § 94.1 contains requirements governing the importation of ruminants and swine from regions

¹ The World Organization for Animal Health (OIE) recognizes rinderpest as having been globally eradicated, and recommends that countries not impose any rinderpest-related conditions on import or transit of livestock and livestock products. In addition, the OIE recently delisted SVD as a disease of concern for international trade. However, APHIS continues to regulate for rinderpest and SVD through its import regulations for animals and animal products.
