

brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov, (866) 208-3676 (toll free), or (202) 502-8659 (TTY). In lieu of electronic filing, please send a paper copy to: Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426. The first page of any filing should include docket number D16-02-000.

k. *Description of Project:* The proposed Nicatous Lodge Micro Hydroelectric Project would consist of: (1) An intake structure on Nicatous Stream (2) a 5-inch-diameter, 100-foot-long diversion canal connecting to a 5-inch-diameter, 5-foot-long PVC penstock pipe that conveys diverted flows to a generating unit; (3) a generating unit having a total installed capacity of 1 kilowatt rated at 5 feet of net head; (4) a tailrace that returns the diverted flows to the Nicatous Stream; (5) a transmission line connecting the generating unit to the Nicatous Lodge property; and (6) appurtenant facilities.

When a Declaration of Intention is filed with the Federal Energy Regulatory Commission, the Federal Power Act requires the Commission to investigate and determine if the project would affect the interests of interstate or foreign commerce. The Commission also determines whether or not the project: (1) Would be located on a navigable waterway; (2) would occupy public lands or reservations of the United States; (3) would utilize surplus water or water power from a government dam; or (4) would be located on a non-navigable stream over which Congress has Commerce Clause jurisdiction and would be constructed or enlarged after 1935.

l. *Locations of the Application:* This filing may be viewed on the Commission's Web site at <http://www.ferc.gov/docs-filing/elibrary.asp>. Enter the docket number excluding the last three digits in the docket number field to access the document. You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via email of new filings and issuances related to this or other pending projects. For assistance, call 1-866-208-3676 or email FERCOnlineSupport@ferc.gov, for TTY, call (202) 502-8659. A copy is also available for inspection and reproduction at the address in item (h) above and in the Commission's Public Reference Room located at 888 First

Street NE., Room 2A, Washington, DC 20426, or by calling (202) 502-8371.

m. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

n. *Comments, Protests, or Motions to Intervene:* Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

o. *Filing and Service of Responsive Documents:* All filings must bear in all capital letters the title "COMMENTS", "PROTESTS", and "MOTIONS TO INTERVENE", as applicable, and the Docket Number of the particular application to which the filing refers. A copy of any Motion to Intervene must also be served upon each representative of the Applicant specified in the particular application.

p. *Agency Comments:* Federal, state, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the Applicant. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.

Dated: May 10, 2016.

Kimberly D. Bose,
Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. AD16-18-000]

Competitive Transmission Development, Technical Conference; Supplemental Notice of Technical Conference and Request for Speakers

As announced in the Notice of Technical Conference issued in this proceeding on March 17, 2016, the Federal Energy Regulatory Commission will hold a Commissioner-led technical

conference on June 27, 2016, from approximately 1:00 p.m. to 5:00 p.m., and on June 28, 2016, from approximately 9:00 a.m. to 5:00 p.m., at the Commission's headquarters at 888 First Street NE., Washington, DC 20426. The purpose of the technical conference is to discuss issues related to competitive transmission development processes, including, but not limited to, the use of cost containment provisions, the relationship of competitive transmission development to transmission incentives, and other ratemaking issues.¹ In addition, participants will have the opportunity to discuss issues relating to interregional transmission coordination, regional transmission planning and other transmission development issues.² Attached to this Supplemental Notice is a preliminary agenda for the technical conference and a description of key concepts.

Those interested in speaking at the technical conference should notify the Commission by May 17, 2016, by completing the online form at the following Web page: <https://www.ferc.gov/whats-new/registration/06-27-16-speaker-form.asp>. At this Web page, please describe the topic(s) you wish to address and provide biographical information. Due to time constraints, we anticipate that we may not be able to accommodate all those interested in speaking. We will notify selected speakers as soon as possible.

Interested parties may submit pre-technical conference comments (with a ten page limit) for consideration in Docket No. AD16-18-000 no later than May 31, 2016.

The conference will be open for the public to attend. Information on the technical conference will also be posted on the Calendar of Events on the Commission's Web site, <http://www.ferc.gov>, prior to the event. Advance registration is not required but is encouraged. Attendees may register at the following Web page: <https://www.ferc.gov/whats-new/registration/06-27-16-form.asp>.

This event will be webcast and transcribed. Anyone with internet access can navigate to the "FERC Calendar" at www.ferc.gov, and locate the technical conference in the Calendar

¹ Topics to be discussed include, but are not limited to, those that the Commission described in *NextEra Energy Transmission West, LLC*, 154 FERC ¶ 61,009, at PP 76-78 (2015) and *ITC Grid Development, LLC*, 154 FERC ¶ 61,206, at P 49 (2016).

² See *Northern Indiana Public Service Co. v. Midcontinent Independent System Operator, Inc. and PJM Interconnection L.L.C.*, 155 FERC ¶ 61,058, at P 54 (2016).

of Events. Opening the technical conference in the Calendar of Events will reveal a link to its webcast. The Capitol Connection provides technical support for the webcast and offers the option of listening to the meeting via phone-bridge for a fee. If you have any questions, visit www.capitolconnection.org or call 703-993-3100. The webcast will be available on the Calendar of Events at www.ferc.gov for three months after the conference. Transcripts of the conference will be immediately available for a fee from Ace-Federal Reporters, Inc. (202-347-3700).

Commission conferences are accessible under section 508 of the Rehabilitation Act of 1973. For accessibility accommodations, please send an email to accessibility@ferc.gov or call toll free 1-866-208-3372 (voice) or 202-502-8659 (TTY), or send a FAX to 202-208-2106 with the required accommodations.

For more information about this technical conference, please contact:

BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9946-44-OA]

Notification of Two Public Teleconferences of the Science Advisory Board; Environmental Economics Advisory Committee

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) Science Advisory Board (SAB) Staff Office announces two public teleconferences of the Environmental Economics Advisory Committee (EEAC) to review its draft report regarding the

EPA's proposed methodology for updating its mortality risk valuation estimates for policy analysis.

DATES: The SAB Environmental Economics Advisory Committee will conduct public teleconferences on June 16 and June 17, 2016. Each of the teleconferences will begin at 1:00 p.m. and end at 5:00 p.m. (Eastern Time).

ADDRESSES: The teleconferences will be conducted by telephone only.

FOR FURTHER INFORMATION CONTACT: Any member of the public who wants further information concerning the public teleconferences may contact Dr. Thomas Armitage, Designated Federal Officer (DFO), EPA Science Advisory Board Staff Office (1400R), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue NW., Washington, DC 20460; by telephone at (202) 564-2155 or via email armitage.thomas@epa.gov. General information concerning the EPA SAB can be found at <http://www.epa.gov/sab>.

SUPPLEMENTARY INFORMATION:

Background: The SAB was established pursuant to the Environmental Research, Development, and Demonstration Authorization Act (ERDDAA), codified at 42 U.S.C. 4365, to provide independent scientific and technical advice to the Administrator on the technical basis for Agency positions and regulations. The SAB is a federal advisory committee chartered under the Federal Advisory Committee Act (FACA), 5 U.S.C., App. 2. The SAB will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies. Pursuant to FACA and EPA policy, notice is hereby given that the SAB Environmental Economics Advisory Committee will hold two public teleconferences to discuss its draft report on the EPA's methodology for updating its mortality risk valuation estimates for policy analysis. The committee will provide advice to the Administrator through the chartered SAB.

The EPA's Office of Policy requested advice on proposed improvements to the Agency's methodology for estimating benefits associated with reduced risk of mortality. This methodology takes into account the amounts that individuals are willing to pay for reductions in mortality risk. The resulting values are combined into an estimate known as the value of statistical life (VSL) which is used in regulatory benefit-cost analysis. The EPA also requested that the SAB review options for accounting for changes in the VSL over time as real income grows, known as income elasticity of willingness to pay. The EPA submitted

the following documents to the SAB for review: (1) *Valuing Mortality Risk for Policy: A Meta-analytic Approach*, a white paper prepared by the EPA Office of Policy to describe the Agency's interpretation and application of SAB recommendations received in July 2011 regarding updates to the EPA's estimates of mortality risk valuation; (2) *The Effect of Income on the Value of Mortality and Morbidity Risk Reductions*, a report prepared for the EPA's Office of Air and Radiation on options for updating the Agency's recommended estimate for the income elasticity of the value of statistical life; and (3) *Recommended Income Elasticity and Income Growth Estimates: Technical Memorandum*, an EPA memorandum providing supplementary information to the report. The SAB Environmental Economics Advisory Committee met on March 7-8, 2016, to receive agency briefings, hear public comments, and deliberate on responses to the EPA charge questions (81 FR 4296-4297). The purpose of the teleconferences described in this notice is to discuss the committee's draft report with responses to the charge questions. The two committee teleconferences will be conducted as one complete meeting beginning on June 16, 2016 and continuing on June 17, 2016, if needed to complete agenda items. Additional information about this SAB advisory activity can be found at the following URL: http://yosemite.epa.gov/sab/sabproduct.nsf/fedrgstr_activites/Valuing%20fatal%20risk%20for%20policy?OpenDocument.

Technical Contacts: Any technical questions concerning the EPA documents reviewed by the SAB should be directed to Dr. Nathalie Simon in the EPA's National Center for Environmental Economics, by telephone at (202) 566-2347 or by email at simon.nathalie@epa.gov.

Availability of Meeting Materials: Prior to the meeting, the teleconference agenda, draft committee report, and other materials will be available on the SAB Web site at <http://www.epa.gov/sab>.

Procedures for Providing Public Input: Public comment for consideration by EPA's federal advisory committees and panels has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office. Federal advisory committees and panels, including scientific advisory committees, provide independent advice to the EPA. Interested members of the public may
