Appendix I—Scope of the Investigation

The merchandise covered by the investigation includes uncoated paper in sheet form; weighing at least 40 grams per square meter but not more than 150 grams per square meter; that either is a white paper with a GE brightness level⁴ of 85 or higher or is a colored paper; whether or not surface-decorated, printed (except as described below), embossed, perforated, or punched; irrespective of the smoothness of the surface; and irrespective of dimensions (Certain Uncoated Paper).

Certain Uncoated Paper includes (a) uncoated free sheet paper that meets this scope definition; (b) uncoated ground wood paper produced from bleached chemi-thermo-mechanical pulp (BCTMP) that meets this scope definition; and (c) any other uncoated paper that meets this scope definition regardless of the type of pulp used to produce the paper.

Specifically excluded from the scope are (1) paper printed with final content of printed text or graphics and (2) lined paper products, typically school supplies, composed of paper that incorporates straight horizontal and/or vertical lines that would make the paper unsuitable for copying or printing purposes. For purposes of this scope definition, paper shall be considered “printed with final content” where at least one side of the sheet has printed text and/or graphics that cover at least five percent of the surface area of the entire sheet.

Imports of the subject merchandise are provided for under Harmonized Tariff Schedule of the United States (HTSUS) categories 4802.56.1000, 4802.56.2000,

Certain Uncoated Paper From the People’s Republic of China: Final Determination of Sales at Less Than Fair Value

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (“Department”) determines that certain uncoated paper from the People’s Republic of China (“PRC”) is being, or is likely to be, sold in the United States at less than fair value (“LTFV”), as provided in section 735 of the Tariff Act of 1930, as amended (“the Act”). The period of investigation (“POI”) is July 1, 2014, through December 31, 2014. The final weighted-average dumping margins of sales at LTFV are listed below in the “Final Determination Margins” section of this notice.

DATES: *Effective:* January 20, 2016.

SUPPLEMENTARY INFORMATION:

Background

On August 26, 2015, the Department published the *Preliminary Determination* of this antidumping duty (“AD”) investigation.¹ The following events occurred since the *Preliminary Determination* was issued.

Between September 21, 2015, and September 30, 2015, the Department conducted verifications of the sales and factors of production (“FOP”) information submitted by Greenpoint Global Trading (Macao Commercial Offshore) Ltd. (“Greenpoint”), Asia Symbol (Guangdong) Paper Co. Ltd. (“AS Guangdong”), and Asia Symbol (Shandong) Pulp and Paper Co. Ltd. (“AS Shandong”) (collectively, “Asia Symbol”)² for use in the final

² The Department preliminarily collapsed AS Guangdong, AS Shandong, and Greenpoint, treating them as a single entity for the purposes of calculating a margin in this investigation. See Memorandum to the File, “Investigation of Uncoated Paper from the People’s Republic of

determination. We issued our verification report on November 10, 2015.³

Petitioners and Asia Symbol submitted case briefs on November 19, 2015,⁴ and rebuttal briefs on November 24, 2015.⁵ On December 9, 2015, Asia Symbol provided a revised FOP database and market-economy purchases (“MEP”) chart.⁶ On December 15, 2015, Petitioners provided comments on that submission.⁷

Scope of the Investigation

The product covered by this investigation is certain uncoated paper from the PRC. For a full description of the scope of this investigation, see the “Scope of the Investigation,” in Appendix I of this notice, which incorporates changes made subsequent to the *Preliminary Determination*.

On October 2, 2015, Gartner Studios, Inc. submitted its case brief on the scope of the investigations.⁸ On October 19, 2015, American Greetings Corporation (“American Greetings”) submitted its case brief regarding the scope of the

investigations.⁹ On October 29, 2015, Petitioners submitted their rebuttal brief regarding the scope of the investigations.¹⁰ The Department is issuing a scope comments decision memorandum for the final determinations of the AD and countervailing duty investigations of uncoated paper, which is incorporated by reference in, and hereby adopted by, this final determination.¹¹ As explained in the Final Scope Decision Memorandum, to facilitate the scope’s administrability and enforcement, we have clarified the scope language such that certain uncoated paper with “final printed content” is excluded from the scope of the investigations.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by interested parties in this investigation that are not related to the scope of this investigation are addressed in the Issues and Decision Memorandum, which is incorporated by reference by, and hereby adopted by, this notice.¹² The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (“ACCESS”). ACCESS is available to registered users at <http://access.trade.gov>. The Issues and Decision Memorandum is available to all parties in the Central Records Unit, room B8024 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum is available at <http://enforcement.trade.gov/frn/index.html>. The signed and electronic versions of the Issues and

Decision Memorandum are identical in content.

Verification

As provided in section 782(i) of the Act, from September 21, 2015, to September 30, 2015, we conducted verification of the information submitted by Asia Symbol for use in the final determination.¹³ We issued a verification report on November 10, 2015.¹⁴ The Department used standard verification procedures, including an examination of relevant accounting and production records and original source documents provided by respondents.¹⁵

Changes Since the Preliminary Determination

Based on the Department’s analysis of the comments received and our findings at verification, we made certain changes to Asia Symbol’s margin calculations. For a discussion of these changes, see the Issues and Decision Memorandum.

Combination Rates

In the *Initiation Notice*,¹⁶ the Department stated that it would calculate combination rates for the respondents that are eligible for a separate rate in this investigation. Policy Bulletin 05.1 describes this practice.¹⁷

PRC-Wide Rate

For the final determination, we have determined to use, as the adverse facts available (“AFA”) rate applied to the PRC-wide entity, 149.00 percent, the highest transaction-specific dumping margin calculated in the final determination. Consistent with our practice, the Department selected Asia Symbol’s highest transaction-specific

margin, as AFA, because this rate is higher than the other rates in this investigation and therefore, sufficiently adverse to serve the purposes of facts available.¹⁸ Furthermore, there is no

need to corroborate the selected margin because it is based on information submitted by Asia Symbol in the course of this investigation, *i.e.*, it is not secondary information.¹⁹

Final Determination

The Department determines that the estimated final weighted-average dumping margins are as follows:

Exporter	Producer	Weighted-average dumping margin (percent)
Greenpoint Global Trading (Macao Commercial Offshore) Ltd.	Asia Symbol (Guangdong) Paper Co., Ltd.; and Asia Symbol (Shandong) Pulp & Paper Co., Ltd.	84.05
PRC-Wide Entity	149.00

Disclosure

We intend to disclose to parties the calculations performed in this proceeding within five days of the public announcement of this final determination in accordance with 19 CFR 351.224(b).

Continuation of Suspension of Liquidation

In accordance with section 735(c)(1)(B) of the Act, the Department will instruct U.S. Customs and Border Protection (“CBP”) to continue to suspend liquidation of all appropriate entries of certain uncoated paper from the PRC as described in Appendix I of this notice, which were entered, or withdrawn from warehouse, for consumption on or after August 26, 2015, the date of publication in the **Federal Register** of the affirmative *Preliminary Determination*.

Further, pursuant to 19 CFR 351.205(d), the Department will instruct CBP to require a cash deposit equal to the weighted-average amount by which the normal value exceeds U.S. price, adjusted where appropriate for export subsidies and estimated domestic subsidy pass-through,²⁰ as follows: (1) For the exporter/producer combination listed in the table above, the cash deposit rate will be equal to the dumping margin which the Department determined in this final determination; (2) for all combinations of PRC exporters/producers of merchandise under consideration which have not

received their own separate rate above, the cash deposit rate will be equal to the dumping margin established for the PRC-wide entity; and (3) for all non-PRC exporters of merchandise under consideration which have not received their own separate rate above, the cash deposit rate will be equal to the cash deposit rate applicable to the PRC exporter/producer combination that supplied that non-PRC exporter.

As we stated in the *Preliminary Determination*, consistent with our practice, where the product under investigation is also subject to a concurrent countervailing duty investigation, we instruct CBP to require a cash deposit equal to the amount by which the normal value exceeds the export price or constructed export price, less the amount of the countervailing duty determined to constitute an export subsidy.²¹ In this LTFV investigation, export subsidies constitute 0.13 percent²² of the final calculated countervailing duty rate in the concurrent countervailing duty investigation, and, thus, we will offset the calculated rates for Asia Symbol, the company receiving a separate rate, and the PRC-wide rate by the countervailing duty rate attributable to export subsidies (*i.e.*, 0.13 percent) to calculate the cash deposit rate for this LTFV investigation.²³ We are not adjusting the rates for estimated domestic subsidy pass-through because there is no cost-to-price linkage to a subsidized program

and, thus, we have no basis upon which to make such an adjustment.²⁴

International Trade Commission Notification

In accordance with section 735(d) of the Act, we will notify the International Trade Commission (“ITC”) of the final affirmative determination of sales at LTFV. Because the final determination in this proceeding is affirmative, in accordance with section 735(b)(2) of the Act, the ITC will determine, within 45 days, whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports of certain uncoated paper from the PRC, or sales (or the likelihood of sales) for importation, of certain uncoated paper from the PRC. If the ITC determines that such injury does not exist, this proceeding will be terminated and all securities posted will be refunded or canceled. If the ITC determines that such injury does exist, the Department will issue an antidumping duty order directing CBP to assess, upon further instruction by the Department, antidumping duties on all imports of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation.

Notification Regarding Administrative Protective Orders

This notice also serves as a reminder to the parties subject to administrative protective order (“APO”) of their
