[Docket No. FAA-2016-6596]

Passenger Facility Charge (PFC) Program: Eligibility of Ground Access Projects Meeting Certain Criteria

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed policy amendment and request for comments; extension of comment period.

SUMMARY: The FAA is extending the comment period on its notice of proposed policy published on May 3, 2016, that proposes to amend its “Notice of Policy Regarding the Eligibility of Airport Ground Transportation Projects for Funding Under the Passenger Facility Charge (PFC) Program,” regarding the requirement for PFC funding of on-airport, rail access projects.

DATES: Comments must be received on or before June 17, 2016.

ADDRESSES: You may send comments identified by docket number FAA-2016-6596 using any of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov> and follow the instructions for sending your comments electronically.

- *Hand Delivery:* Deliver comments to Docket Operations in Room W12-140 of

the West Building Ground Floor at 1200 New Jersey Avenue SE., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Joe Hebert, Manager, Financial Analysis and Passenger Facility Charge Branch, APP-510, Federal Aviation Administration, 800 Independence Avenue SW., Washington, DC 20591, telephone (202) 267-8375; facsimile (202) 267-5302.

SUPPLEMENTARY INFORMATION: On May 3, 2016, the FAA published a notice titled “Notice of Proposed Policy Amendment and Request for Comments” (81 FR 26611). In that Notice, the FAA proposed to change the policy regarding the Passenger Facility Charge eligibility of ground access projects meeting certain criteria. The notice requested that interested parties submit written comments by June 2, 2016.

On May 11, 2016, the Airports Council International—North America (ACI-NA), the American Association of Airport Executives (AAAE), and Airlines for America (A4A) submitted a request to extend the comment period by 30 days because additional time is needed to conduct the necessary research and assess the alternatives that the FAA proposes and also consolidate comments from their respective members. After careful consideration of the schedule constraints, the FAA has decided to extend the comment period for 15 days until June 17, 2016. The FAA expects that the additional time for comments will allow the affected community to prepare meaningful comments which will help the FAA to consider an amendment to FAA’s airport ground access transportation policy for PFC funding.

Issued in Washington, DC, on May 17, 2016.

Elliott Black,

Director, Office of Airport Planning and Programming.

Tier 1 Environmental Impact Statement for Interstate 11 Corridor Between Nogales and Wickenburg, Arizona

AGENCY: Federal Highway Administration (FHWA), Arizona Department of Transportation (ADOT), DOT.

ACTION: Notice of intent to prepare a Tier 1 Environmental Impact Statement (EIS).

SUMMARY: The FHWA, as the Federal Lead Agency, and the ADOT, as the Local Project Sponsor, are issuing this notice to advise the public of our intention to prepare a Tier 1 EIS for the Interstate 11 (I–11) Corridor between Nogales and Wickenburg, AZ (I–11 Corridor). The Tier 1 EIS will assess the potential social, economic, and natural environmental impacts of a vehicular transportation facility and potential multimodal facility (rail and utility) opportunities in the designated I–11 Corridor across a range of alternatives, including a “No Build” alternative. The Tier 1 EIS will be prepared in accordance with regulations implementing the National Environmental Policy Act (NEPA), and provisions of Fixing America’s Surface Transportation Act (FAST) Act.

FOR FURTHER INFORMATION CONTACT: For FHWA, contact Mr. Aryan Lirange, Senior Urban Engineer, Federal Highway Administration, 4000 North Central Avenue, Suite 1500, Phoenix, AZ 85012, telephone at 602–382–8973, or via email at Aryan.Lirange@dot.gov. Regular office hours are from 7:30 a.m. to 4:30 p.m., Monday through Friday, except Federal holidays. For ADOT, contact Mr. Jay Van Echo, I–11 Corridor Project Manager, Arizona Department of Transportation, 206 South 17th Avenue, Mail Drop 310B, Phoenix, AZ 85007, telephone at 520–400–6207, or via email at JVanEcho@azdot.gov. Regular office

hours are from 8:00 a.m. to 5:00 p.m., Monday through Friday, except Federal holidays. Project information can be obtained from the project Web site at <http://www.i11study.com/Arizona>.

SUPPLEMENTARY INFORMATION: The purpose of this notice is to: (1) Alert interested parties to FHWA’s plan to prepare the Tier 1 EIS; (2) provide information on the nature of the proposed action; (3) solicit public and agency input regarding the scope of the Tier 1 EIS, including the purpose and need, alternatives to be considered, and impacts to be evaluated; and (4) announce that public and agency scoping meetings will be conducted. The FHWA intends to issue a single Final Tier 1 EIS and Record of Decision (ROD) document pursuant to FAST Act Section 1311 requirements, unless FHWA determines statutory criteria or practicability considerations preclude issuance of a combined document.

The Tier 1 EIS will build upon the prior I–11 and Intermountain West Corridor Study (IWCS) completed in 2014. This Planning and Environmental Linkages study was a multimodal planning effort that included ADOT, Federal Railroad Administration, FHWA, Maricopa Association of Governments, Nevada Department of Transportation, Regional Transportation Commission of Southern Nevada, and other key stakeholders. The I–11 and Intermountain West Corridor was identified as a critical piece of multimodal infrastructure that would diversify, support, and connect the economies of Arizona and Nevada. The I–11 and Intermountain West Corridor could also be connected to a larger north-south transportation corridor, linking Mexico and Canada.

On December 4, 2015, the President signed into law the FAST Act, which is a 5-year legislation to improve the Nation’s surface transportation infrastructure. The FAST Act formally designates I–11 throughout Arizona, reinforcing ADOT’s overall concept for the Arizona I–11 Corridor that emerged from the IWCS study. The FHWA and ADOT continue to advance the I–11 Corridor in Arizona for the approximately 280-mile section between Nogales and Wickenburg with this Tier 1 EIS study.

The FHWA and ADOT will undertake a scoping process for the I–11 Corridor that will allow the public and interested agencies to comment on the scope of the environmental review process. The FHWA and ADOT will invite all interested individuals, organizations, public agencies, and Native American Tribes to comment on the scope of the
