

the unauthorized use or disclosure by USDA NIFA or NSF of the intellectual property, trade secrets, or confidential business information of the Participant.

The Released Parties are not responsible for: (1) Any incorrect or inaccurate information, whether caused by Teams, printing errors, or by any of the equipment or programming associated with or used in the Competition; (2) technical failures of any kind, including, but not limited to, malfunctions, interruptions, or disconnections in phone lines or network hardware or software; (3) unauthorized human intervention in any part of the entry process for the Competition; (4) technical or human error that may occur in the administration of the Competition or the processing of entries; or (5) any injury or damage to persons or property that may be caused, directly or indirectly, in whole or in part, from Team's participation in the Competition or receipt or use or misuse of the Prize Purse. If for any reason a Team's entry is confirmed to have been deleted erroneously, lost, or otherwise destroyed or corrupted, Team's sole remedy is to submit another entry in the Competition.

C. Termination and Disqualification

USDA NIFA reserves the authority to cancel, suspend, and/or modify the Competition, or any part of it, if any fraud, technical failures, or any other factor beyond USDA NIFA's reasonable control impairs the integrity or proper functioning of the Competition, as determined by USDA NIFA in its sole discretion.

USDA NIFA reserves the right to disqualify any Team it believes to be tampering with the entry process or the operation of the Competition or to be acting in violation of any applicable rule or condition.

Any attempt by any person to undermine the legitimate operation of the Competition may be a violation of criminal and civil law, and, should such an attempt be made, USDA NIFA reserves the authority to seek damages from any such person to the fullest extent permitted by law.

D. Verification of Potential Winner(s)

All potential Competition winners are subject to verification by USDA NIFA whose decisions are final and binding in all matters related to the Competition.

Potential winner(s) must continue to comply with all terms and conditions of the Competition rules, and winning is contingent upon fulfilling all requirements. The potential winner(s) will be notified by email and/or

telephone. If a potential winner cannot be contacted, or if the notification is returned as undeliverable, the potential winner forfeits. In the event that a potential winner, or an announced winner, is found to be ineligible or is disqualified for any reason, USDA NIFA may make award, instead, to the next runner up, as previously determined by the Judging Panel.

Prior to awarding the Prize Purse, USDA NIFA will verify that the potential winner(s) is/are not suspended, debarred, or otherwise excluded from doing business with the U.S. Federal Government. Suspended, debarred, or otherwise excluded parties will not be eligible to win the Competition.

E. Intellectual Property

By entering the Competition, each Team warrants that it is the author and/or authorized owner of its entry, and that the entry is wholly original with the Team (or is an improved version of an existing project plan the Team is legally authorized to enter into the Competition), and that the submitted entry does not infringe on any copyright, patent, or any other rights of any third party. Each Team agrees to hold the Released Parties harmless for any infringement of copyright, trademark, patent, and/or other real or intellectual property right that may be caused, directly or indirectly, in whole or in part, from Team's participation in the Competition.

All legal rights in any materials produced or submitted in entering the Competition are retained by the Team and/or the legal holder of those rights. Entry into the Competition constitutes express authorization for USDA NIFA, NSF, and the Judging Panel to review and analyze any and all aspects of submitted entries, including any trade secret or proprietary information contained in or evident from review of the submitted entries.

F. Privacy & Disclosure Under FOIA

Personal and contact information is not collected for commercial or marketing purposes. Information submitted throughout the Competition will be used only to communicate with Teams regarding entries and/or the Competition.

Teams' entries to the Competition may be subject to disclosure under the Freedom of Information Act ("FOIA"). If a Team believes that all or part of its Competition entry is protected from release under FOIA (e.g., if the information falls under FOIA exemption #4 for "trade secrets and commercial or financial information obtained from a

person [that is] privileged or confidential") the Team will be responsible for clearly marking the page(s)/section(s) of information it believes are protected.

Title: Broadband Grant Program.

OMB Control Number: 0572-0127.

Type of Request: Extension of a currently approved information collection.

Abstract: The provision of broadband transmission service is vital to the economic development, education, health, and safety of rural Americans. To further this objective, RUS provides financial assistance in the form of grant to eligible entities that propose, on a “community-oriented connectivity” basis, to provide broadband transmission service that fosters economic growth and delivers enhanced educational, health care, and public safety services to extremely rural, lower income communities. The Agency gives priority to rural areas that it believes have the greatest need for broadband transmission services. Grant authority is utilized to deploy broadband infrastructure to extremely rural, lower income communities on a “community-oriented connectivity” basis. The “community-oriented connectivity” concept integrates the deployment of broadband infrastructure with the practical, everyday uses and applications of the facilities. This broadband access is intended to promote economic development and provide enhanced educational and health care opportunities. The Agency provides financial assistance to eligible entities that are proposing to deploy broadband transmission service in rural communities where such service does not currently exist and who will connect the critical community facilities including the local schools, libraries, hospitals, police, fire and rescue services and who will operate a community center that provides free and open access to residents.

Estimated Number of Respondents: 90.

Estimated Number of Responses per Respondent: 111.
