

light of the totality of the available data, *i.e.*, including the non-fish factors of production (“FOPs”) surrogate values (“SVs”) following reconsideration of the whole live fish issues; and (5) the selection of the SVs for fish waste, fish oil, fresh broken meat and frozen broken fillets.⁷

On June 26, 2015, the Department filed the AR7 Remand with the Court.⁸ The Department maintained the selection of Bangladesh as the primary country. In addition, the Department selected different surrogate values for fish waste, fresh broken meat, and frozen broken fillets by-products, and capped the fish oil by-product surrogate value. In addition, we accounted for all calculation changes as a result of the original ministerial error allegations.

As a result, there are calculation changes due to selecting different by-product surrogate values. After accounting for all such changes and issues, the resulting antidumping margin for the only mandatory respondent, QVD, is \$0.19 per kilogram. Because QVD’s margin changed, it would also become the margin for those companies not individually examined, but receiving a separate rate. On March 30, 2016, the Court entered judgments sustaining the AR7 Remand.⁹

Timken Notice

In its decision in *Timken*, 893 F.2d at 341, as clarified by *Diamond Sawblades*, the CAFC held that, pursuant to section 516A(e) of the Tariff Act of 1930, as amended (“the Act”), the Department must publish a notice of a court

decision that is not “in harmony” with a Department determination and must suspend liquidation of entries pending a “conclusive” court decision. The Court’s March 30, 2016, judgment sustaining the AR7 Remand constitutes a final decision of the Court that is not in harmony with the Department’s *AR7 Final Results*. This notice is published in fulfillment of the publication requirement of *Timken*.

Amended Final Results

Because there is now a final court decision, the Department is amending the *AR7 Final Results* with respect to QVD and the Separate-Rate Applicants. The revised weighted-average dumping margins for these exporters during the period April 1, 2009, through March 31, 2010, as follows:

Exporter name	Weighted average dumping margin (dollars per kilogram)
QVD Food Company Ltd ¹⁰	0.19
Anvifish Joint Stock Company	0.19
Asia Commerce Fisheries Joint Stock Company	0.19
Bien Dong Seafood	0.19
Binh An Seafood Joint Stock Company	0.19
CASEAMEX	0.19
East Sea Seafoods Limited Liability Company	0.19
Hiep Thanh Seafood Joint Stock Company	0.19
Southern Fisheries Industries Company Ltd	0.19
Vinh Quang Fisheries Joint-Stock Company	0.19

Accordingly, the Department will continue the suspension of liquidation of the subject merchandise pending the expiration of the period of appeal or, if appealed, pending a final and conclusive court decision. In the event the Court’s ruling is not appealed or, if appealed, upheld by the CAFC, the Department will instruct U.S. Customs and Border Protection to assess antidumping duties on unliquidated entries of subject merchandise exported by QVD and the Separate-Rate Applicants using the assessment rate calculated by the Department in the Remand and listed above.

Cash Deposit Requirements

Unless the applicable cash deposit rates have been superseded by cash deposit rates calculated in an intervening administrative review of the AD order on frozen fish fillets from Vietnam, the Department will instruct

U.S. Customs and Border Protection to require a cash deposit for estimated AD duties at the rate noted above for each specified exporter and producer combination, for entries of subject merchandise, entered or withdrawn from warehouse, for consumption, on or after April 11, 2016. For Bien Dong, these amended final results will result in a change in its cash deposit rate, from \$0.03/kg, as established in the *AR7 Final Results*, to \$0.19/kg.

Notification to Interested Parties

This notice is issued and published in accordance with sections 516A(e), 751(a)(1), and 777(i)(1) of the Act.

Certain Petroleum Wax Candles From the People’s Republic of China: Continuation of Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Commerce.

SUMMARY: As a result of the determinations by the Department of Commerce (“Department”) and the International Trade Commission (“ITC”) that revocation of the antidumping duty (“AD”) order on certain petroleum wax candles (“candles”) from the People’s Republic of China (“PRC”) would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, the

¹⁰ This rate is also applicable to QVD Dong Thap Food Co., Ltd. (“Dong Thap”) and Thuan Hung Co., Ltd. (“THUFICO”). In the second review of this order, the Department found QVD, Dong Thap and THUFICO to be a single entity, and because there has been no evidence submitted on the record of this review that calls this determination into

question, we continue to find these companies to be part of a single entity. Therefore, we will assign this rate to the companies in the single entity. See *Certain Frozen Fish Fillets from the Socialist Republic of Vietnam: Preliminary Results of Antidumping Duty Administrative Review*, 71 FR 53387 (September 11, 2006).

Department is publishing a notice of continuation of the antidumping duty order.

DATES: Effective May 26, 2016.

SUPPLEMENTARY INFORMATION:

Background

On August 26, 1986, the Department published the *AD Order* on candles from the PRC.¹ On December 1, 2015, the Department published the notice of initiation of the fourth five-year (“sunset”) review of the AD order on candles from the PRC pursuant to section 751(c) of the Tariff Act of 1930, as amended (the “Act”).² As a result of its review, the Department determined that revocation of the AD order on candles from the PRC would likely lead to a continuation or recurrence of dumping. Therefore, the Department notified the ITC of the magnitude of the margins likely to prevail should the AD order be revoked.³ On May 18, 2016, the ITC published its determination, pursuant to section 751(c) of the Act, that revocation of the AD order on candles from the PRC would likely lead to a continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.⁴

Scope of the Order

The products covered by the order are certain scented or unscented petroleum wax candles made from petroleum wax and having fiber or paper-cored wicks. They are sold in the following shapes: Tapers, spirals and straight-sided dinner candles; rounds, columns, pillars, votives; and various wax-filled containers. The products were originally classifiable under the Tariff Schedules of the United States item 755.25, Candles and Tapers. The products are currently classifiable under the

Harmonized Tariff Schedule (“HTS”) item number 3406.00.00. The HTS item number is provided for convenience and customs purposes. The written description remains dispositive.

Continuation of the Order

As a result of the determinations by the Department and the ITC that revocation of the AD order would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby orders the continuation of the AD order on candles from the PRC. U.S. Customs and Border Protection will continue to collect AD cash deposits at the rates in effect at the time of entry for all imports of subject merchandise.

The effective date of the continuation of the AD order will be the date of publication in the **Federal Register** of this notice of continuation. Pursuant to section 751(c)(2) of the Act, the Department intends to initiate the next sunset review of the AD order not later than 30 days prior to the fifth anniversary of the effective date of continuation. This sunset review and notice is in accordance with section 751(c) of the Act and published pursuant to section 777(i)(1) of the Act and 19 CFR 351.218(f)(4).

Dated: May 19, 2016.
