

Respondents: Business or other for-profit and not-for-profit institutions.

Number of Respondents and Responses: 3,000 respondents; 3,000 responses.

Estimated Time per Response: 1–5 hours.

Frequency of Response: On occasion reporting requirement, third party disclosure requirement and recordkeeping requirement.

Obligation To Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. 154 and 303.

Total Annual Burden: 15,000 hours.

Total Annual Cost: \$750,000.

Privacy Act Impact Assessment: N/A.

Nature and Extent of Confidentiality: No information is requested that would require assurance of confidentiality.

Needs and Uses: The Commission will submit this information collection to OMB as a revision after this 60 day comment period to obtain the full three-year clearance from them.

On August 11, 2015 the Federal Communications Commission released a Report and Order, *Amendment of Part 15 of the Commission's Rules for Unlicensed Operations in the Television Bands, Repurposed 600 MHz Band, 600 MHz Guard Bands and Duplex Gap, and Channel 37, and Amendment of Part 74 of the Commission's Rules for Low Power Auxiliary Stations in the Repurposed 600 MHz Band and 600 MHz Duplex Gap*, ET Docket No 14–165, GN Docket No. 12–268, FCC 15–99, which modifies Commission rules for unlicensed wireless devices and wireless microphones in the reconstituted TV bands and the new 600 MHz band.

On June 12, 2000, the Commission released a Report and Order, ET Docket No. 99–255, FCC 00–211, which allocated spectrum and established rules for a “Wireless Medical Telemetry Service” (WMTS) that allows potentially life-critical equipment to operate in an interference-protected basis. Medical telemetry equipment is used in hospitals and health care facilities to transmit patient measurement data such as pulse and respiration rate to a nearby receiver, permitting greater patient mobility and increased comfort. The Commission designated a frequency coordinator, who maintains a database of all WMTS equipment. All parties using equipment in the WMTS are required to coordinate/register their operating frequency and other relevant technical operating parameters with the designated coordinator. The database provides a record of the frequencies used by each facility or device to assist

parties in selecting frequencies to avoid interference. Without a database, there would be no record of WMTS usage because WMTS transmitters will not be individually licensed. The designated frequency coordinator has the responsibility to maintain an accurate engineering database of all WMTS transmitters, identified by location (coordinates, street address, and building), operating frequency, emission type and output power, frequency range(s) used, modulation scheme used, effective radiated power, number of transmitters in use at the health care facility at the time of registration, legal name of the authorized health care provider, and point of contact for authorized health care provider. The frequency coordinator will make the database available to WMTS users, equipment manufacturers and the public. The coordinator will also notify users of potential frequency conflicts. In addition, in order to receive interference protection, parties operating WMTS networks on channel 37 shall notify one of the white space database administrators of their operating location pursuant to §§ 15.713(j)(11) and 15.715(p) of that chapter.

OMB Control Number: 3060–1214.

Title: Direct Access to Numbers Order, FCC 15–70, Conditions.

Form Number: N/A.

Type of Review: Revision of currently approved collection.

Respondents: Business or other for-profit.

Number of Respondents and Responses: 13 respondents; 13 responses.

Estimated Time per Response: 10–20 hours.

Frequency of Response: One-time application, on-going and bi-annual reporting requirements.

Obligation to Respond: Voluntary. Statutory authority for this information collection is contained in 47 U.S.C 251(e)(1).

Total Annual Burden: 520 hours.

Total Annual Costs: No cost.

Privacy Act Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: If respondents submit information which respondents believe is confidential, respondents may request confidential treatment of such information pursuant to section 0.459 of the Commission's rules, 47 CFR 0.459.

Needs and Uses: In a June 2015 Report and Order (FCC 15–70), the Commission established the Numbering Authorization Application process, which allows interconnected VoIP providers to apply for a blanket authorization from the FCC that, once

granted, will allow them to demonstrate that they have the authority to provide service in specific areas, thus enabling them to request numbers directly from the Numbering Administrators. This collection covers the information and certifications that applicants must submit in order to comply with the Numbering Authorization Application process. The data, information, and documents acquired through this collection will allow interconnected VoIP providers to obtain numbers with minimal burden or delay while also preventing providers from obtaining numbers without first demonstrating that they can deploy and properly utilize such resources. This information will also help the Federal Communications Commission (FCC) protect against number exhaust while promoting competitive neutrality among traditional telecommunications carriers and interconnected VoIP providers by allowing both entities to obtain numbers directly from the Numbering Administrators. It will further help the FCC to maintain efficient utilization of numbering resources and ensure that telephone numbers are not being stranded.

Federal Communications Commission.

Gloria J. Miles,

Federal Register Liaison Officer, Office of the Secretary.

BILLING CODE 6712–01–P

FEDERAL MARITIME COMMISSION

Notice of Agreements Filed

The Commission hereby gives notice of the filing of the following agreements under the Shipping Act of 1984. Interested parties may submit comments on the agreements to the Secretary, Federal Maritime Commission, Washington, DC 20573, within twelve days of the date this notice appears in the **Federal Register**. Copies of the agreements are available through the Commission's Web site (www.fmc.gov) or by contacting the Office of Agreements at (202) 523–5793 or tradeanalysis@fmc.gov.

Agreement No.: 012415.

Title: COSCON/UASC Slot Charter Agreement Asia—USEC.

Parties: COSCO Container Lines Co. Ltd. and United Arab Shipping Co., S.A.G.

Filing Party: Eric. C. Jeffrey, Esq.; Nixon Peabody LLP; 799 9th Street NW., Suite 500; Washington, DC 20001.

Synopsis: The agreement authorizes UASC to charter space from COSCON in

the trade between the U.S. East Coast on the one hand, and China (including Hong Kong) and Panama on the other hand.

Agreement No.: 012416.

Title: Network Shipping Ltd./Cool Carriers AB Space Charter and Sailing Agreement.

Parties: Network Shipping Ltd. and Cool Carriers AB.

Filing Party: Antonio Fernandez; Network Shipping; 241 Sevilla Ave.; Coral Gables, FL 33134.

Synopsis: The agreement authorizes Network Shipping to charter space to Cool Carriers AB for the carriage of empty refrigerated containers in the trade between Port Hueneme, CA and Ecuador, and in the trade between Port Gloucester, NJ and Costa Rica.

By Order of the Federal Maritime Commission.

Dated: June 3, 2016.

Rachel E. Dickon,

Assistant Secretary.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[30Day-16-0493]

Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) has submitted the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995. The notice for the proposed information collection is published to obtain comments from the public and affected agencies.

Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your

comments should address any of the following: (a) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) Enhance the quality, utility, and clarity of the information to be collected; (d) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses; and (e) Assess information collection costs.

To request additional information on the proposed project or to obtain a copy of the information collection plan and instruments, call (404) 639-7570 or send an email to omb@cdc.gov. Written comments and/or suggestions regarding the items contained in this notice should be directed to the Attention: CDC Desk Officer, Office of Management and Budget, Washington, DC 20503 or by fax to (202) 395-5806. Written comments should be received within 30 days of this notice.

Proposed Project

2017 and 2019 National Youth Risk Behavior Surveys (OMB Control No. 0920-0493)—Reinstatement with change—National Center for HIV/AIDS, Viral Hepatitis, STD, and TB Prevention (NCHHSTP), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

The purpose of this request is to obtain OMB approval to reinstate with change, the data collection for the National Youth Risk Behavior Survey (YRBS), a school-based survey that has been conducted biennially since 1991. OMB approval for the 2013 YRBS and

2015 YRBS expired September 30, 2015 (OMB Control No. 0920-0493). CDC seeks a three-year approval to conduct the YRBS in Spring 2017 and Spring 2019. Minor changes incorporated into this reinstatement request include: An updated title for the information collection to accurately reflect the years in which the survey will be conducted, minor changes to the data collection instrument, and a reclassification of urban status for schools based on a different variable now present in the commercially available sampling frame.

The YRBS assesses priority health risk behaviors related to the major preventable causes of mortality, morbidity, and social problems among both youth and young adults in the United States. Data on health risk behaviors of adolescents are the focus of approximately 65 national health objectives in Healthy People 2020, an initiative of the U.S. Department of Health and Human Services (HHS). The YRBS provides data to measure 20 of the health objectives and one of the Leading Health Indicators established by Healthy People 2020. In addition, the YRBS can identify racial and ethnic disparities in health risk behaviors. No other national source of data measures as many of the Healthy People 2020 objectives addressing adolescent health risk behaviors as the YRBS. The data also will have significant implications for policy and program development for school health programs nationwide.

In Spring 2017 and Spring 2019, the YRBS will be conducted among nationally representative samples of students attending public and private schools in grades 9–12. Information supporting the YRBS also will be collected from state-, district-, and school-level administrators and teachers. The table below reports the number of respondents annualized over the 3-year project period.

There are no costs to respondents except their time. The total estimated annualized burden hours are 7,822.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondent	Form name	Number of respondents	Number of responses per respondent	Average burden per response (in hours)
State Administrators	State-level Recruitment Script for the Youth Risk Behavior Survey.	17	1	30/60
District Administrators	District-level Recruitment Script for the Youth Risk Behavior Survey.	80	1	30/60
School Administrators	School-level Recruitment Script for the Youth Risk Behavior Survey.	133	1	30/60
Teachers	Data Collection Checklist for the Youth Risk Behavior Survey.	435	1	15/60
Students	Youth Risk Behavior Survey	10,129	1	45/60
