

Estimated Number of Respondents: 250.

Estimated Time per Response: 15 minutes.

Estimated Total Annual Burden Hours: 67.2.

Estimated Total Annual Cost to Public: \$2,016.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: June 3, 2016.

Glenna Mickelson,

Management Analyst, Office of the Chief Information Officer.

Implementation of Determinations Pursuant to Section 129 of the Uruguay Round Agreements Act

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On April 1, 2016 and May 26, 2016, the U.S. Trade Representative (USTR) directed the Department of Commerce (the Department) to implement its determinations under section 129 of the Uruguay Round Agreements Act (URAA), regarding 15 countervailing duty (CVD) investigations, which render them not inconsistent with the World Trade Organization (WTO) dispute settlement findings in *United States—*

Countervailing Duty Measures on Certain Products from China, WT/DS437 (December 18, 2014) (DS437). See Attachment for a listing of the 15 CVD investigations at issue in DS437. The Department issued its final determinations in these section 129 proceedings on March 31, 2016, April 26, 2016, and May 19, 2016. The Department is now implementing these final determinations.

DATES: The effective date for the determination covering the *Group One Investigations* and the *Wire Strand* investigation with respect to the public body and input specificity analyses is April 1, 2016, and the effective date for the determinations covering the *Group Two Investigations* and *Wire Strand* with respect to the land specificity analysis is May 26, 2016.

FOR FURTHER INFORMATION CONTACT: Eric B. Greynolds or Kristen Johnson, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-6071 or (202) 482-4793, respectively.

SUPPLEMENTARY INFORMATION:

Background

On April 27, 2015, the Department informed interested parties that it was initiating proceedings under section 129 of the URAA to implement the recommendations and rulings of the WTO Dispute Settlement Body (DSB) in DS437.¹ Given the number of CVD investigations and complexity of the issues involved in this dispute, the Department addressed each of the issues and conclusions of the panel and Appellate Body in DS437 through separate preliminary determination memoranda. Specifically, the Department issued preliminary determinations regarding: (1) Export Restraints;² (2) Land;³ (3) Public Bodies

¹ See *Notice of Commencement of Compliance Proceedings Pursuant to Section 129 of the Uruguay Round Agreements Act*, 80 FR 23254 (April 27, 2015).

² See Memorandum to Paul Piquado, Assistant Secretary for Enforcement and Compliance, "Section 129 Proceeding: United States—Countervailing Duty Measures on Certain Products from the People's Republic of China (WTO/DS437): Preliminary Determination Regarding Export Restraints," (February 23, 2016).

³ See Memorandum to Paul Piquado, Assistant Secretary for Enforcement and Compliance, "Section 129 Proceeding: United States—Countervailing Duty Measures on Certain Products from the People's Republic of China (WTO/DS437): Preliminary Determination Regarding Land Specificity," (February 24, 2016).

and Input Specificity;⁴ and (4) Benefit (Market Distortion).⁵

The Department invited interested parties to comment on each of the section 129 preliminary determinations.⁶ After receiving comments and rebuttal comments from the interested parties, the Department issued final determinations on March 31, 2016,⁷ April 26, 2016,⁸ and May 19, 2016.⁹

⁴ See Memorandum to Paul Piquado, Assistant Secretary for Enforcement and Compliance, "Preliminary Determination of Public Bodies and Input Specificity," (February 25, 2016); see also Memorandum to Paul Piquado, Assistant Secretary for Enforcement and Compliance, "Input Specificity: Preliminary Analysis of the Diversification of Economic Activities and Length of Time," (December 31, 2015).

⁵ See Memorandum to Paul Piquado, Assistant Secretary for Enforcement and Compliance, "Benefit (Market Distortion) Memorandum," (March 7, 2016); see also Memorandum to Brendan Quinn, Acting Director, AD/CVD Operations, Office III, "Supporting Memorandum to Preliminary Benefit (Market Distortion) Memorandum," (March 7, 2016).

⁶ See Department Memorandum to the File, "Section 129 Proceedings: United States—Countervailing Duty Measures on Certain Products from the People's Republic of China (WTO/DS437): Schedule for rebuttal factual information, written argument, and a hearing," (March 11, 2016).

⁷ See Memorandum to Paul Piquado, Assistant Secretary for Enforcement and Compliance, "Section 129 Proceedings: United States—Countervailing Duty Measures on Certain Products from the People's Republic of China (WTO/DS437): Final Determination of Public Bodies and Input Specificity," (March 31, 2016); Memorandum to Paul Piquado, Assistant Secretary for Enforcement and Compliance, "Section 129 Proceedings: United States—Countervailing Duty Measures on Certain Products from the People's Republic of China (WTO/DS437): No Comment Final Determinations," (March 31, 2016); and Memorandum to Paul Piquado, Assistant Secretary for Enforcement and Compliance, "Section 129 Proceedings: United States—Countervailing Duty Measures on Certain Products from the People's Republic of China (WTO/DS437): Final Determination for Countervailing Duty Investigation on Drill Pipe from the People's Republic of China," (March 31, 2016).

⁸ See Memorandum to Paul Piquado, Assistant Secretary for Enforcement and Compliance, "Section 129 Proceedings: United States—Countervailing Duty (CVD) Measures on Certain Products from the People's Republic of China (WTO/DS437): Final Determination on the Initiation of Allegations of Export Restraints in Magnesia Bricks," (April 26, 2016) (Final Determination for Export Restraints); see also Memorandum to Paul Piquado, Assistant Secretary for Enforcement and Compliance, "Section 129 Proceedings: United States—Countervailing Duty (CVD) Measures on Certain Products from the People's Republic of China (WTO/DS437): Final Determination for Certain Seamless Carbon Alloy Steel Standard, Line, and Pressure Pipe from the People's Republic of China (*Seamless Pipe* from the PRC)," (April 26, 2016) (Final Determination for *Seamless Pipe*).

⁹ See Memorandum to Paul Piquado, Assistant Secretary for Enforcement and Compliance, "Section 129 Proceedings: United States—Countervailing Duty Measures on Certain Products from the People's Republic of China (WTO/DS437): Final Determination for *Pressure Pipe*, *Line Pipe*, *OCTG*, *Wire Strand*, and *Solar Panels*," (May 19, 2016) (Final Determination for *Pressure Pipe*, *Line Pipe*, *OCTG*, *Wire Strand*, and *Solar Panels*).

On April 1, 2016, USTR notified the Department that, consistent with section 129(b)(3) of the URAA, consultations with the Department and the appropriate congressional committees with respect to the March 31, 2016, determinations, had been completed and USTR directed the Department to implement those determinations in accordance with section 129(b)(4) of the URAA. As explained below, those determinations applied to *Lawn Groomers, Kitchen Shelving, Steel Cylinders, Print Graphics, Aluminum Extrusions, Thermal Paper, and Citric Acid* (“Group One Investigations”), as well as *Wire Strand* with respect to the Department’s public body and input specificity analyses.

On May 26, 2016, USTR notified the Department that, consistent with section 129(b)(3) of the URAA, consultations with the Department and the appropriate congressional committees with respect to the April 26, 2016, and May 19, 2016, determinations had been completed and USTR directed the Department to implement those determinations in accordance with section 129(b)(4) of the URAA. Those determinations apply to *Pressure Pipe, Line Pipe, OCTG, Solar Panels, Seamless Pipe, and Magnesia Bricks* (“Group Two Investigations”) and *Wire Strand* with respect to the Department’s land specificity analysis. Also on May 26, 2016, in accordance with section 129(b)(4) of the URAA, USTR directed the Department to implement those determinations as well.

Nature of the Proceedings

Section 129 of the URAA governs the nature and effect of determinations issued by the Department to implement findings by WTO dispute settlement panels and the Appellate Body. Specifically, section 129(b)(2) of the URAA provides that “notwithstanding any provision of the Tariff Act of 1930,”

upon a written request from USTR, the Department shall issue a determination that would render its actions not inconsistent with an adverse finding of a WTO panel or the Appellate Body.¹⁰ The Statement of Administrative Action, U.R.A.A., H. Doc. 316, Vol. 1, 103d Cong. (1994) (SAA), variously refers to such a determination by the Department as a “new,” “second,” and “different” determination.¹¹ After consulting with the Department and the appropriate congressional committees, USTR may direct the Department to implement, in whole or in part, the new determination made under section 129 of the URAA.¹² Pursuant to section 129(c) of the URAA, the new determination shall apply with respect to unliquidated entries of the subject merchandise that are entered or withdrawn from warehouse, for consumption, on or after the date on which USTR directs the Department to implement the new determination.¹³ The new determination is subject to judicial review, separate and apart from judicial review of the Department’s original determination.¹⁴

Final Determinations: Analysis of Comments Received

The issues raised in the comments and rebuttal comments submitted by interested parties to these proceedings are addressed in the respective final determinations. The issues included in the respective final determinations are as follows: (1) Export Restraints (*Magnesia Bricks* and *Seamless Pipe*); (2) Land (*Thermal Paper, Line Pipe, Citric Acid, OCTG, Wire Strand, and Seamless Pipe*); (3) Public Bodies and Input Specificity (*Pressure Pipe, Line Pipe, Lawn Groomers, Kitchen Shelving, OCTG, Wire Strand, Seamless Pipe, Print Graphics, Aluminum Extrusions, Steel Cylinders, and Solar Panels*); and (4) Benefit (Market Distortion) (*Pressure*

Pipe, Line Pipe, OCTG, and Solar Panels). Separately, the Department issued a memorandum regarding *Drill Pipe*, concluding that because the order for *Drill Pipe* had been revoked pursuant to a final and conclusive decision from the U.S. Court of Appeals for the Federal Circuit, there is no longer a need for the Department to issue a determination in connection with this proceeding to render it not inconsistent with the findings in WTO DS437.¹⁵ The final determinations are public documents and are on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov> and is available to all parties in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, complete versions of the final determinations can be accessed directly on the Internet at <http://enforcement.trade.gov/frn/index.html>. The signed versions of the final determinations and the electronic versions of the final determinations are identical in content.

Final Determinations: Recalculated Countervailing Duty Rates

The recalculated CVD rates, as included in the final determinations and which remain unchanged from the preliminary determinations for each company, are listed below. As indicated, we made changes to the net subsidy rates in certain proceedings (*i.e., Line Pipe, OCTG, Magnesia Bricks, and Seamless Pipe*).¹⁶ As noted above, the CVD order for *Drill Pipe* including the corresponding CVD rates have been revoked independently from this Section 129 proceeding.¹⁷ The net subsidy rates for the remaining CVD proceedings in DS437 are unchanged.

Exporter/producer	CVD rate (investigation)	Revised CVD rate
Amended Countervailable Subsidy Rates Ad Valorem (Percent): Line Pipe		
Huludao Seven-Star Steel Pipe Group Co., Ltd. (Huludao Seven Star Group), Huludao Steel Pipe Industrial Co. Ltd. (Huludao Steel Pipe), and Huludao Bohai Oil Pipe Industrial Co. Ltd. (Huludao Bohai Oil Pipe) (collectively, the Huludao Companies)	33.43	32.65
Liaoning Northern Steel Pipe Co., Ltd. (Northern Steel)	40.05	40.05

Implementation of the Revised Cash Deposit Requirements

As noted above, on April 1, 2016 and May 26, 2016, in accordance with sections 129(b)(4) and 129(c)(1)(B) of the URAA, USTR directed the Department to implement these final determinations. With respect to all of the investigations except for *Magnesite Bricks* and *Seamless Pipe*, the Department will instruct U.S. Customs and Border Protection to require a cash deposit for estimated countervailing duties at the appropriate rate for each exporter/producer specified above, for

entries of subject merchandise, entered or withdrawn from warehouse, for consumption, on or after April 1, 2016, and May 26, 2016, respectively unless the applicable cash deposit rates have been superseded by intervening segments or revised based on a redetermination of the investigation as a result of domestic litigation. For *Magnesite Bricks* and *Seamless Pipe*, the Department's determinations are that there are insufficient bases on which to initiate investigations into the export restraint programs. As a result, the Department intends to reduce all cash

deposit rates in these two proceedings applicable as of May 26, 2016. As noted above, the order on *Drill Pipe* and corresponding cash deposits instructions have been revoked independently from these Section 129 proceedings.¹⁸ This notice of implementation of these section 129 final determinations is published in accordance with section 129(c)(2)(A) of the URAA.

Dated: June 3, 2016.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XE658

Permits; Foreign Fishing

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of application for permit; request for comments.

SUMMARY: NMFS publishes for public review and comment information regarding a permit application for transshipment of Atlantic herring by Canadian vessels, submitted under provisions of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act). This action is necessary for NMFS to make a determination that the permit application can be approved.

DATES: Written comments must be received by June 23, 2016.

ADDRESSES: You may submit comments on this document, identified by docket NOAA-HQ-2016-0071, by any of the following methods:

Electronic Submission: Submit all electronic public comments via the Federal e-Rulemaking Portal. Go to www.regulations.gov/#!docketDetail;D=NOAA-HQ-2016-0071, click the "Comment Now!" icon, complete the required fields, and enter or attach your comments.

Mail: Mark Wildman, International Fisheries Division, Office for International Affairs and Seafood Inspection, NOAA Fisheries, 1315 East-West Highway, Silver Spring, MD 20910.

Instructions: Comments sent by any other method, to any other address or individual, or received after the end of the comment period, may not be considered by NMFS. All comments received are a part of the public record and will generally be posted for public

viewing on www.regulations.gov without change. All personal identifying information (e.g. name, address, etc.), confidential business information, or otherwise sensitive information submitted voluntarily by the sender will be publicly accessible. NMFS will accept anonymous comments (enter "N/A" in the required fields if you wish to remain anonymous).

FOR FURTHER INFORMATION CONTACT:

Mark Wildman at (301) 427-8386 or by email at mark.wildman@noaa.gov.

SUPPLEMENTARY INFORMATION:**Background**

Section 204(d) of the Magnuson-Stevens Act (16 U.S.C. 1824(d)) authorizes the Secretary of Commerce (Secretary) to issue a transshipment permit authorizing a vessel other than a vessel of the United States to engage in fishing consisting solely of transporting fish or fish products at sea from a point within the United States Exclusive Economic Zone (EEZ) or, with the concurrence of a state, within the boundaries of that state, to a point outside the United States. In addition, Public Law 104-297, section 105(e), directs the Secretary to issue section 204(d) permits for up to 14 Canadian transport vessels to receive Atlantic herring harvested by United States fishermen and to be used in sardine processing. Transshipment must occur from within the boundaries of the State of Maine or within the portion of the EEZ east of the line 69 degrees 30 minutes west and within 12 nautical miles from Maine's seaward boundary.

Section 204(d)(3)(D) of the Magnuson-Stevens Act provides that an application may not be approved until the Secretary determines that "no owner or operator of a vessel of the United States which has adequate capacity to perform the transportation for which the application is submitted has indicated . . . an interest in performing the transportation at fair and reasonable rates." NMFS is publishing this notice as part of its effort to make such a determination with respect to the application described below.

Summary of Application

NMFS received an application requesting authorization for four Canadian transport vessels to receive transfers of herring from United States purse seine vessels, stop seines, and weirs for the purpose of transporting the herring to Canada for processing. The transshipment operations will occur within the boundaries of the State of Maine or within the portion of the EEZ east of the line 69°30' W. longitude and within 12 nautical miles from Maine's seaward boundary.

Dated: June 3, 2016.

John Henderschedt,

Director, Office for International Affairs and Seafood Inspection, National Marine Fisheries Service.

Schedules for Atlantic Shark Identification Workshops and Protected Species Safe Handling, Release, and Identification Workshops

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public workshops.

SUMMARY: Free Atlantic Shark Identification Workshops and Protected Species Safe Handling, Release, and Identification Workshops will be held in July, August, and September of 2016. Certain fishermen and shark dealers are required to attend a workshop to meet regulatory requirements and to maintain valid permits. Specifically, the Atlantic Shark Identification Workshop is mandatory for all federally permitted Atlantic shark dealers. The Protected Species Safe Handling, Release, and Identification Workshop is mandatory for vessel owners and operators who use bottom longline, pelagic longline, or gillnet gear, and who have also been
