

Currently, CNCS is soliciting comments concerning its proposed renewal of its Senior Corps Project Progress Report (PPR)—OMB Control Number 3045–0033, with an expiration date of August 31, 2016. The Senior Corps PPR has two components: (1) Narratives and work plans, and (2) the Progress Report Supplement (PRS) which is an annual survey of volunteer demographics and grantee characteristics. The resulting data is used by grantees and CNCS to track performance and inform continued grant funding support, as well as to identify trends and to support management and analysis.

Copies of the information collection request can be obtained by contacting the office listed in the Addresses section of this Notice.

DATES: Written comments must be submitted to the individual and office listed in the **ADDRESSES** section by August 9, 2016.

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are expected to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology (e.g., permitting electronic submissions of responses).

Background

The Progress Report (PPR) was designed to assure that grantees of the Senior Corps' programs (RSVP, Foster Grandparent and Senior Companion Programs) address and fulfill legislated program purposes; meet agency program management and grant requirements; track and measure progress to benefit the local project and its contributions to senior volunteers and the community; and to report progress toward work plan objectives agreed upon in the granting of the award. The resulting data is used by grantees and CNCS to track performance and inform continued grant funding support, as well as to identify trends and to support management and analysis.

Current Action

CNCS seeks to renew and revise the current OMB approved Progress Report. In August of 2015, Senior Corps revised its OMB approved Grant Application Instructions. The revised Grant Application Instructions incorporated a revised standard national performance measures framework for Senior Corps programs. The revised PPR will align to the national performance measures revisions and allow grantees to enter actual data relative to the revised framework.

The revised PPR will be used in the same manner as the existing report. CNCS also seeks to continue using the current report until the revised report is approved by OMB. The current application is due to expire on August 31, 2016.
