Prior to the participation of the State in the performance measurement system, the State shall include in the report any information collected by the State relating to such performance. Each State shall also include in the report an accounting of the expenditure of funds received by the State through the CSBG program, including an accounting of funds spent on administrative costs by the State and the eligible entities, and funds spent by the eligible entities on the direct delivery of local services, and shall include information on the number of and characteristics of clients served under the subtitle in the State, based on data collected from the eligible entities. The State shall also include in the report a summary describing the training and technical assistance offered by the State.

OMB No.: 0970-0389 (expired).

Description: Social Security Act, Title V, Section 511 (42 U.S.C. 711), as amended by the Medicare Access and Children's Health Insurance Program (CHIP) Reauthorization Act of 2015 (Public Law (Pub. L.) 114-10), created the Maternal, Infant, and Early Childhood Home Visiting Program (MIECHV) and authorized the Secretary of HHS (in Section 511(h)(2)(A)) to award grants to Indian tribes (or a consortium of Indian tribes), tribal organizations, or urban Indian organizations to conduct an early childhood home visiting program. The legislation set aside 3 percent of the total MIECHV program appropriation (authorized in Section 511(j)) for grants to tribal entities. The Tribal MIECHV grant awards support 5-year cooperative agreements to conduct community needs and readiness assessments, plan for and implement high-quality, culturally-relevant, evidence-based home visiting

programs in at-risk Tribal communities, and engage in rigorous evaluation activities to build the knowledge base on home visiting among American Indian and Alaska Native populations.

In Year 1 of the cooperative agreement, grantees must (1) conduct a comprehensive community needs and readiness assessment and (2) develop a plan to respond to identified needs. Grantees will be required to conduct or update a needs and readiness assessment and develop an implementation plan to respond to those needs, including a plan for demographic and service utilization data, performance measurement, and continuous quality improvement, and participating in or conducting rigorous evaluation activities. Grantees are expected to submit the implementation plan by the end of Year 1 of the grant, with draft submission milestones throughout the first year. As part of the non-competing continuation application for Years 3-5 of the grant, Tribal MIECHV grantees will update their implementation plans as necessary to ensure that the plan accurately reflects activities to be completed throughout the remainder of the grant.

Following each year that Tribal MIECHV grantees implement home visiting services, they must also submit Form 1: Demographic and Service Utilization Data.

Respondents: Tribal Maternal, Infant, and Early Childhood Home Visiting Program Grantees. (The information collection does not include direct interaction with individuals or families that receive the services).
