Case No.: 1:16-cv-01091

Judge: Thomas F. Hogan

Filed: 06/10/2016

COMPLAINT

The United States of America ("United States"), acting under the direction of the Attorney General of the United States, brings this civil action to enjoin the proposed acquisition of Defendant PRN Delaware, Inc. ("PRN"), a subsidiary of Defendant UBM plc ("UBM"), by Defendant GTCR Fund X/A AIV LP ("GTCR") through its subsidiary Defendant PWW Acquisition LLC ("PWW") (collectively, the "transaction"), and to obtain other equitable relief.

I. NATURE OF THE ACTION

1. Businesses, nonprofits, and other organizations rely on media contact databases to identify journalists and other influencers for public relations purposes. GTCR's subsidiary, Defendant Cision US Inc. ("Cision"), operates the dominant media contact database in the United States as part of its flagship public relations workflow software suite. As a result of the transaction, GTCR will acquire UBM's PR Newswire business, which operates the third largest media contact database in the United States as part of its public relations workflow software suites sold under the Agility and Agility Plus brands ("Agility"). Cision and Agility compete directly to serve media contact database customers throughout the United States.

2. Cision and Agility face limited competition in the sale of media contact databases in the United States. Only one other media contact database has gained more than a de minimis market share. Elimination of the competition between Cision and Agility would leave many customers in the United States with only two media contact database companies capable of fulfilling their
