The complaint alleged a violation of Section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, in the importation into the United States, the sale for importation, or the sale within the United States after importation of certain chassis parts incorporating movable sockets and components thereof by reason of infringement of one or more of claims 1-5 of U.S. Patent No. 6,202,280 patent. *Id.* The Commission's Notice of Investigation named Mevotech, L.P. of Toronto, Canada (Mevotech) as a respondent and the Office of Unfair Import Investigations (OUII) as a party. *Id.*

On March 24, 2016, Federal-Mogul and Mevotech filed a motion to terminate this Investigation on the basis of a settlement agreement. *See* Order No. 8, at 1 (hereinafter the Subject ID). The private parties provided a confidential, unredacted copy of their settlement agreement and a proposed redacted, public version. Subject ID at 1-2. On March 29, 2016, OUII filed a response in support of the motion. *Id.* at 1. In response to the ALJ's request, the private parties thereafter submitted a revised public version of their settlement agreement and arguments in support of their redactions. *Id.* On April 26, 2016, the ALJ issued Order No. 6, which concluded that the public version of the settlement agreement was over-redacted. *Id.* On May 3, 2016, Mevotech moved for reconsideration of Order No. 6. *Id.* On May 24, 2016, the ALJ issued Order No. 7, which granted the motion and concluded that the revised public version of the settlement agreement was

properly redacted. Order No. 7, at 2; *see* Subject ID at 1.

Also on May 24, 2016, the ALJ issued the Subject ID, which granted the private parties' motion to terminate the investigation on the basis of their settlement. Subject ID at 3. The ALJ concluded that the private parties complied with Commission Rule 210.21(b)(1), which governs termination based on a settlement agreement, and that terminating the investigation on the basis of the settlement poses no threat to the public interest. *Id.* at 2-3. No parties petitioned for review of the Subject ID.

The Commission hereby determines to not review the Subject ID. This investigation is terminated.

The authority for the Commission's determination is contained in Section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

The investigations were requested in petitions filed on October 28, 2015, by

Bull Moose Tube Company (Chesterfield, Missouri), EXLTUBE (N. Kansas City, Missouri), Wheatland Tube, a division of JMC Steel Group (Chicago, Illinois), and Western Tube and Conduit (Long Beach, California).

I. Abstract

The House Committee on Ways and Means (the Committee) has directed the

Commission to produce a report that examines relevant factors affecting global competitiveness of the U.S. aluminum industry. The Committee has requested that the report (1) provide an overview of the aluminum industry in the United States and other major global producing and exporting countries; (2) describe recent trends and developments in the global market for aluminum; (3) compare competitive strengths and weaknesses of aluminum production and exports in the United States and other major producing and exporting countries; (4) identify factors driving capacity and related production changes in countries where unwrought aluminum capacity has significantly increased; and (5) assess the impact of government policies and programs in major foreign aluminum producing and exporting countries. The Committee has anticipated the need for questionnaires in order to develop detailed information on the domestic aluminum market and industry.

II. Method of Collection

Respondents will be mailed a letter directing them to download and fill out a form-fillable PDF questionnaire. Respondents will also receive a follow-up email. Once complete, respondents may submit it by uploading it to a secure Webserver, emailing it to the study team, faxing it, or mailing a hard copy to the Commission.

III. Request for Comments

Comments are invited on (1) whether the proposed collection of information is necessary; (2) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

The draft questionnaire and other supplementary documents may be downloaded from the USITC Web site at <https://www.usitc.gov/aluminum>.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they will also become a matter of public record.
