

NCA Proposed RMP/Final EIS and at 43 CFR 1610.5–2. All protests must be in writing and mailed to the appropriate address, as set forth in the **ADDRESSES** section above. Emailed protests will not be accepted as valid protests unless the protesting party also provides the original letter by either regular or overnight mail postmarked by the close of the protest period. Under these conditions, the BLM will consider the emailed protest as an advance copy and it will receive full consideration. If you wish to provide the BLM with such advance notification, please direct emails to protest@blm.gov.

Unlike land use planning decisions, implementation decisions included in this Proposed RMP/Final EIS are not subject to protest under the BLM planning regulations, but are subject to an administrative review process through appeals to the Office of Hearings and Appeals, Interior Board of Land Appeals, pursuant to 43 CFR part 4 Subpart E. Implementation decisions generally constitute the BLM's final approval allowing on-the-ground actions to proceed. Where implementation decisions are made as part of the land use planning process, they are subject to the appeals process or other administrative review as prescribed by specific resource program regulations once the BLM resolves the protests to land use planning decisions and issues an Approved RMP and ROD. The Approved RMP and ROD will, therefore, identify the implementation decisions made in the plan that may be appealed to the Office of Hearing and Appeals.

Before including your phone number, email address, or other personal identifying information in your protest, you should be aware that your entire protest—including your personal identifying information—may be made publicly available at any time. While you can ask us in your protest to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

The temporary closure area comprises approximately 14,153 acres in Pershing County, Nevada.

The public closure is necessary for the period of time from August 1 through September 21, 2016, because of the Burning Man event activities in the area, starting with fencing the site perimeter, final setup, the actual event (August 28 through September 5), initial phases of cleanup, and concluding with final site cleanup.

The public closure area comprises about 13 percent of the Black Rock Desert playa. Public access to other areas of the playa will remain open and the other 87 percent of the playa outside the temporary closure area will remain open to dispersed casual use.

The event area is contained within the temporary closure area. The event area is defined as the portion of the temporary closure area (1) entirely contained within the event perimeter fence, including 50 feet from the outside of the event perimeter fence; and (2) within 25 feet from the outside edge of the event access road; and includes the entirety of the aircraft parking area outside the event perimeter fence.

The temporary closure and temporary restrictions are necessary to provide a safe environment for the participants of the permitted event and for members of the public visiting the Black Rock Desert, and to protect public land resources by addressing law enforcement and public safety concerns associated with the event. The event is expected to attract approximately

70,000 paid participants to a remote rural area, more than 90 miles from urban infrastructure and support, including public safety, transportation, and communication services. During the event, Black Rock City, the temporary city associated with the event, becomes one of the largest population areas in Nevada. This event is authorized on public land under Special Recreation Permit #NVW03500–16–01.

The permitted event takes place within Pershing County, a rural county with a small population and a small Sheriff's Department. The temporary closure and temporary restrictions are necessary to enable BLM law enforcement personnel to provide for public safety and to protect the public lands, as well as to support and assist state and local agencies with enforcement of existing laws.

A temporary closure and temporary restrictions order, under the authority of 43 CFR 8364.1, is appropriate for a single event. A temporary closure and temporary restrictions order is specifically tailored to the timeframe that is necessary to provide a safe environment for the public and for participants at the Burning Man event, and to protect public land resources while avoiding imposing restrictions that may not be necessary in the area during the remainder of the year.

The BLM will post information signs and maps about the temporary closure and temporary restrictions at main entry points around the playa, at the BLM Winnemucca District Office, at the Nevada State Office, at the Black Rock Visitor Center and on the BLM's Web site: www.blm.gov/nv/st/en/fo/wfo.html.

In addition to the Nevada Collateral Forfeiture and Bail Schedule as authorized by the United States District Court, District of Nevada and under the authority of Section 303(a) of FLPMA, 43 CFR 8360.0–7, and 43 CFR 8364.1, the BLM will enforce a temporary public closure and the following temporary restrictions will apply within and adjacent to the Burning Man event on the Black Rock Desert playa from August 1 through September 21, 2016:

Temporary Restrictions

(a) Environmental Resource Management and Protection

(1) No person may deface, disturb, remove, or destroy any natural object.

(2) Fires/Campfires: The ignition of fires on the surface of the Black Rock playa without a burn blanket or burn pan is prohibited. Campfires may only be burned in containers that are stably elevated above the playa/ground surface and in a manner that do not pose a risk

of fire debris falling onto the playa/ground surface. Plastic and other nonflammable materials may not be burned in campfires. The ignition of fires other than a campfire is prohibited. This restriction does not apply to event-sanctioned and regulated art burns during the event.

(3) Fireworks: The use, sale, or possession of personal fireworks is prohibited except for uses of fireworks approved by the permit holder and used as part of a Burning Man-sanctioned art burn event.

(4) Grey and Black Water Discharge: The discharge and dumping of grey water and black water onto the playa/ground surface is prohibited. Grey water is defined as water that has been used for cooking, washing, dishwashing, or bathing and/or contains soap, detergent, food scraps, or food residue, regardless of whether such products are biodegradable or have been filtered or disinfected. Black water is defined as waste water containing feces, urine, and/or flush water.

(5) Human Waste: The depositing of human waste (liquid and/or solid) on the playa/ground surface is prohibited.

(6) Trash: The discharge of any and all trash/litter (Matter Out Of Place (MOOP)) onto the playa/ground surface is prohibited. All event participants must pack out and properly dispose of all trash at an appropriate disposal facility off the playa.

(7) Hazardous Materials: The dumping or discharge of vehicle oil, petroleum products, or other hazardous household, commercial, or industrial refuse or waste onto the playa/ground surface is prohibited. This applies to all recreational vehicles, trailers, motorhomes, port-a-potties, generators, and other camp infrastructure.

(8) Fuel Storage: All fuel must be stored in a designated fuel storage area located at least ten feet away from any flammable materials, including vehicles and camping trailers. Fuel storage areas must be provided with shade to prevent fuel containers from bloating, leaking, or spilling. The storage of more than 110 gallons of fuel in a single camp is prohibited. Storage areas for over 20 gallons of fuel must include a secondary containment measure capable of holding 110 percent of the fuel being stored to prevent leaks and spills onto the playa/ground surface. Storage areas for less than 20 gallons of fuel must include a tarp, plywood, or other measure to prevent leaks and spills onto the playa/ground surface.

(9) Water Discharge: The unauthorized dumping or discharge of water onto the playa/ground surface, onto city streets and/or other public

areas, or onto camp electric systems in a manner that creates a hazard or nuisance is prohibited. This provision does not prohibit the use of water trucks contracted by the event organizer to provide dust abatement measures.

(b) Commercial Activities

In accordance with Handbook H–2930–1 Chapter 1–C. Vending and the 2016 Special Recreation Permit Stipulation for the permitted event, ALL vendors and air carrier services must provide proof of authorization to operate at the event issued by the permitting agency and/or the permit holder upon request. Failure to provide such authorization would potentially result in eviction from the event.

(c) Aircraft Landing

The public closure area is closed to aircraft landing, taking off, and taxiing. Aircraft is defined in Title 18, U.S.C., section 31(a)(1) and includes lighter-than-air craft and ultra-light craft. The following exceptions apply:

(1) All aircraft operations, including ultra-light and helicopter landings and takeoffs will occur at the designated 88NV Black Rock City Airport landing strips and areas defined by airport management. All takeoffs and landings will occur only during the hours of operation of the airport as described in the Burning Man Operating Plan. All pilots that use the Black Rock City Airport must agree to and abide by the published airport rules and regulations;

(2) Only helicopters providing emergency medical services may land at the designated Emergency Medical Services helicopter pad or at other locations when required for medical incidents. The BLM authorized officer or his/her delegated representative may approve other helicopter landings and takeoffs when deemed necessary for the benefit of the law enforcement operation; and

(3) Landings or takeoffs of lighter-than-air craft previously approved by the BLM authorized officer may occur.

(d) Alcohol/Prohibited Substance

(1) Possession of an open container of an alcoholic beverage by the driver or operator of any motorized vehicle, whether or not the vehicle is in motion, is prohibited.

(2) Possession of alcohol by minors:

The following are prohibited:

(i) Consumption or possession of any alcoholic beverage by a person under 21 years of age on public lands; and

(ii) Selling, offering to sell, or otherwise furnishing or supplying any alcoholic beverage to a person under 21 years of age on public lands.

(3) Operation of a motor vehicle while under the influence of alcohol, narcotics, or dangerous drugs:

(i) Title 43 CFR 8341.1(f)(3) prohibits the operation of an off-road motor vehicle on public land while under the influence of alcohol, narcotics, or dangerous drugs.

(ii) In addition to the prohibition found at 43 CFR 8341.1(f)(3), it is prohibited for any person to operate or be in actual physical control of a motor vehicle while:

(A) The operator is under the combined influence of alcohol, a drug, or drugs to a degree that renders the operator incapable of safe operation of that vehicle; or

(B) The alcohol concentration in the operator's blood or breath is 0.08 grams or more of alcohol per 100 milliliters of blood or 0.08 grams or more of alcohol per 210 liters of breath.

(C) The amount of a prohibited substance in the operator's urine or blood is equal to or greater than the following nanograms per milliliter (ng/ml):

(1) Amphetamine: Urine, 500 ng/ml; blood, 100 ng/ml;

(2) Cocaine: Urine, 150 ng/ml; blood, 50 ng/ml;

(3) Cocaine metabolite: Urine, 150 ng/ml; blood, 50 ng/ml;

(4) Heroin: Urine, 2,000 ng/ml; blood, 50 ng/ml;

(5) Heroin metabolite:

(i) Morphine: Urine, 2,000 ng/ml; blood, 50 ng/ml;

(ii) 6-monoacetyl morphine: Urine, 10 ng/ml; blood, 10 ng/ml;

(6) Lysergic acid diethylamide: Urine, 25 ng/ml; blood, 10 ng/ml;

(7) Marijuana: Urine, 10 ng/ml; blood, 2 ng/ml;

(8) Marijuana metabolite: Urine, 15 ng/ml; blood, 5 ng/ml;

(9) Methamphetamine: Urine, 500 ng/ml; blood, 100 ng/ml;

(10) Phencyclidine: Urine, 25 ng/ml; blood, 10 ng/ml;

(iii) Tests:

(A) At the request or direction of any law enforcement officer authorized by the Department of the Interior to enforce this closure and restriction order, who has probable cause to believe that an operator of a motor vehicle has violated a provision of paragraph (i) or (ii) of this section, the operator shall submit to one or more tests of the blood, breath, saliva, or urine for the purpose of determining blood alcohol and drug content.

(B) Refusal by an operator to submit to a test is prohibited, and proof of refusal may be admissible in any related judicial proceeding.

(C) Any test or tests for the presence of alcohol and drugs shall be

determined by and administered at the direction of an authorized law enforcement officer.

(D) Any test shall be conducted using accepted scientific methods and equipment of proven accuracy and reliability operated by personnel certified in its use.

(iii) Presumptive levels:

(A) The results of chemical or other quantitative tests are intended to supplement the elements of probable cause used as the basis for the arrest of an operator charged with a violation of paragraph (i) of this section. If the alcohol concentration in the operator's blood or breath at the time of testing is less than alcohol concentrations specified in paragraph (ii)(B) of this section, this fact does not give rise to any presumption that the operator is or is not under the influence of alcohol.

(B) The provisions of paragraph (iv)(A) of this section are not intended to limit the introduction of any other competent evidence bearing upon the question of whether the operator, at the time of the alleged violation, was under the influence of alcohol, a drug or multiple drugs, or any combination thereof.

iv. Definitions

(A) Open container: Any bottle, can, or other container which contains an alcoholic beverage, if that container does not have a closed top or lid for which the seal has not been broken. If the container has been opened one or more times, and the lid or top has been replaced, that container is an open container.

Ammonium Nitrate From Russia; Institution of a Five-Year Review

AGENCY: United States International Trade Commission.

ACTION: Notice.

SUMMARY: The Commission hereby gives notice that it has instituted a review pursuant to the Tariff Act of 1930 ("the Act"), as amended, to determine whether revocation of the antidumping duty order on ammonium nitrate from Russia would be likely to lead to continuation or recurrence of material injury. Pursuant to the Act, interested parties are requested to respond to this notice by submitting the information specified below to the Commission;¹ to be assured of consideration, the deadline for responses is August 1, 2016. Comments on the adequacy of responses may be filed with the Commission by September 14, 2016.

SUPPLEMENTARY INFORMATION:

Background.—On May 19, 2000, the Department of Commerce suspended an antidumping duty investigation on imports of ammonium nitrate from Russia (65 FR 37759, June 16, 2000). Following five-year reviews by Commerce and the Commission, effective April 5, 2006, Commerce issued a continuation of the suspended investigation on imports of ammonium nitrate from Russia (71 FR 17080). Effective May 2, 2011, Commerce terminated the suspension agreement and issued an antidumping duty order (76 FR 23569, April 27, 2011). Following the second five-year reviews by Commerce and the Commission, effective August 10, 2011, Commerce issued a continuation of the antidumping duty order on imports of ammonium nitrate from Russia (76 FR 49449). The Commission is now conducting a third review pursuant to section 751(c) of the Act, as amended (19 U.S.C. 1675(c)), to determine whether revocation of the order would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. Provisions concerning the conduct of this proceeding may be found in the Commission's Rules of Practice and Procedure at 19 CFR parts 201, Subparts A and B and 19 CFR part 207, subparts A and F. The Commission will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct a full review or an expedited review. The Commission's determination in any expedited review will be based on the facts available, which may include information provided in response to this notice.

Definitions.—The following definitions apply to this review:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year review, as defined by the Department of Commerce.

(2) *The Subject Country* in this review is Russia.

(3) *The Domestic Like Product* is the domestically produced product or products which are like, or in the

absence of like, most similar in characteristics and uses with, the *Subject Merchandise*. In its original determination, its full first five-year review determination, and its expedited second five-year review, the Commission defined the *Domestic Like Product* as all ammonium nitrate corresponding to Commerce's scope.

(4) *The Domestic Industry* is the U.S. producers as a whole of the *Domestic Like Product*, or those producers whose collective output of the *Domestic Like Product* constitutes a major proportion of the total domestic production of the product. In its original determination, its full first five-year review determination, and its expedited second five-year review determination, the Commission defined the *Domestic Industry* as all domestic producers of the *Domestic Like Product*.

(5) An *Importer* is any person or firm engaged, either directly or through a parent company or subsidiary, in importing the *Subject Merchandise* into the United States from a foreign manufacturer or through its selling agent.

Participation in the proceeding and public service list.—Persons, including industrial users of the *Subject Merchandise* and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the proceeding as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11(b)(4) of the Commission's rules, no later than 21 days after publication of this notice in the **Federal Register**. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the proceeding.
