

DEPARTMENT OF COMMERCE**International Trade Administration****[A-475-828]****Stainless Steel Butt-Weld Pipe Fittings From Italy: Final Results of Antidumping Duty Administrative Review; 2014-2015**

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On February 26, 2016, the Department of Commerce (the Department) published the preliminary results of the administrative review of the antidumping duty order on stainless steel butt-weld pipe fittings from Italy.¹ The review covers one producer/exporter of the subject merchandise, Filmag Italia S.p.A. (Filmag). The period of review is from February 1, 2014, through January 31, 2015. As a result of our analysis of comments received, the final results differ from the preliminary results of review. For the final, weighted-average dumping margin, see the "Final Results of Review" section below.

DATES: *Effective Date:* July 5, 2016.

FOR FURTHER INFORMATION CONTACT: Edythe Artman or Brian Davis, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-7924 or (202) 482-3931, respectively.

SUPPLEMENTARY INFORMATION:**Background**

On February 26, 2016, the Department published the *Preliminary Results*. In accordance with 19 CFR 351.309(c)(1)(ii), we invited parties to comment on these results. We received comments from Filmag on March 25, 2016, but received no comments from any domestic interested parties.

Scope of the Order

For purposes of the order, the product covered is certain stainless steel butt-weld pipe fittings. Stainless steel butt-weld pipe fittings are under 14 inches in outside diameter (based on nominal pipe size), whether finished or unfinished. The product encompasses all grades of stainless steel and "commodity" and "specialty" fittings. Specifically excluded from the definition are threaded, grooved, and

bolted fittings, and fittings made from any material other than stainless steel.

The butt-weld fittings subject to the order is currently classifiable under subheading 7307.23.0000 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the scope of the order is dispositive.²

Analysis of Comments Received

The issues raised by Filmag in its case brief are addressed in the Issues and Decision Memorandum. A list of these issues is attached to this notice as an Appendix. The Issues and Decision Memorandum is a public document and is on-file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users on the Internet at <http://access.trade.gov> and in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/index.html>. The signed Issues and Decision Memorandum and the electronic version of the Issues and Decision Memorandum are identical in content.

Changes Since the Preliminary Results

Based on a review of the record and one of Filmag's comments, we made changes to its margin calculations for the final results of review. Specifically, we revised the gross unit price for Filmag's reported U.S. sales to include movement expenses incurred on its sales and which are deducted as part of the adjustments we make to calculate export price.

Final Results of Review

As a result of this review, the Department determines the weighted-average dumping margin for the period February 1, 2014, through January 31, 2015, is as follows:

Manufacturer/exporter	Weighted-average margin (percent)
Filmag Italia S.p.A	17.29

Disclosure

We will disclose the calculation memorandum used in our analysis to interested parties within five days of the date of the publication of these final results pursuant to 19 CFR 351.224(b).

Duty Assessment

The Department shall determine and U.S. Customs and Border Protection (CBP) shall assess antidumping duties on all appropriate entries.³ Because Filmag's weighted-average dumping margin is above *de minimis*, we calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for the importer's examined sales to the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1). Upon issuance of the final results of this administrative review, if any importer-specific assessment rates calculated in the final results are above *de minimis* (i.e., at or above 0.5 percent), the Department will issue instructions directly to CBP to assess antidumping duties on appropriate entries.

To determine whether the duty assessment rate covering the period was *de minimis* for Filmag, in accordance with the requirement set forth in 19 CFR 351.106(c)(2), we calculated an importer-specific, *ad valorem* rate by aggregating the amount of dumping calculated for all U.S. sales to that importer and dividing this amount by the total entered value of the sales to that importer. Where an importer-specific *ad valorem* rate is greater than *de minimis*, and the respondent has reported reliable entered values, we apply the assessment rate to the entered value of the importer's entries during the review period.

We intend to issue assessment instructions directly to CBP 15 days after publication of the final results of this review.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of this notice for all shipments of subject merchandise

¹ See *Stainless Steel Butt-Weld Pipe Fittings From Italy: Preliminary Results of Antidumping Duty Administrative Review; 2014-2015*, 81 FR 9806 (February 26, 2016) (*Preliminary Results*).

² For a full description of the scope of the order, see the Memorandum from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Paul Piquado, Assistant Secretary for Enforcement and Compliance, on the subject of "Issues and Decision Memorandum for Final Results of Antidumping Duty Administrative Review: Stainless Steel Butt-Weld Pipe Fittings from Italy; 2014-2015" (Issues and Decision Memorandum), which is issued concurrently with, and hereby adopted by, this notice.

³ In these final results, the Department applied the assessment rate calculation method adopted in *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Proceedings: Final Modification*, 77 FR 8101 (February 14, 2012).

entered, or withdrawn from warehouse, for consumption on or after the publication of these final results, as provided by section 751(a)(2) of the Act: (1) The cash deposit rate for the respondent noted above will be the rate established in the final results of this administrative review; (2) for merchandise exported by manufacturers or exporters not covered in this administrative review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the manufacturer of the subject merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 26.59 percent, the all-others rate established in the antidumping investigation.⁴ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers Regarding the Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the period of review. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(h).

Dated: June 27, 2016.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

Open Meeting of the Commission on Enhancing National Cybersecurity

AGENCY: National Institute of Standards and Technology, Commerce.

ACTION: Notice.

SUMMARY: The Commission on Enhancing National Cybersecurity will meet Thursday, July 14, 2016, from 9:00 a.m. until 5:00 p.m. Central Time at the Hilton University of Houston. The primary purpose of the meeting is to discuss the challenges and opportunities facing cybersecurity for critical infrastructure, as well as State and local governments and cybersecurity. In particular, the meeting will address: (1) Current and future effects of critical infrastructure on the digital economy; (2) critical infrastructure cybersecurity challenges affecting the digital economy; and (3) cybersecurity challenges and opportunities in State and local governments. The meeting will support detailed recommendations to strengthen cybersecurity in both the public and private sectors while protecting privacy, ensuring public safety and economic and national security, fostering discovery and development of new technical solutions, and bolstering partnerships between Federal, State, local, tribal and territorial governments and the private sector in the development, promotion, and use of cybersecurity technologies, policies, and

best practices. All sessions will be open to the public.

DATES: The meeting will be held on Thursday, July 14, 2016, from 9:00 a.m. until 5:00 p.m. Central Time.

ADDRESSES: The meeting will be held at the Hilton University of Houston, in the Conrad Room, 2nd Floor, located at 4450 University Drive, Houston, Texas 77004. The meeting is open to the public and interested parties are requested to contact Sara Kerman at the contact information indicated in the **FOR FURTHER INFORMATION CONTACT** section of this notice in advance of the meeting for building entrance requirements.

FOR FURTHER INFORMATION CONTACT: Sara Kerman, Information Technology Laboratory, National Institute of Standards and Technology, 100 Bureau Drive, Stop 2000, Gaithersburg, MD 20899–8900, telephone: 301–975–4634, or by email at: eo-commission@nist.gov. Please use subject line “Open Meeting of the Commission on Enhancing National Cybersecurity—TX”.

SUPPLEMENTARY INFORMATION: Pursuant to the Federal Advisory Committee Act, as amended, 5 U.S.C. App., notice is hereby given that the Commission on Enhancing National Cybersecurity (“the Commission”) will meet Thursday, July 14, 2016, from 9:00 a.m. until 5:00 p.m. Central Time. All sessions will be open to the public. The Commission is authorized by Executive Order 13718, Commission on Enhancing National Cybersecurity.¹ The Commission was established by the President and will make detailed recommendations to strengthen cybersecurity in both the public and private sectors while protecting privacy, ensuring public safety and economic and national security, fostering discovery and development of new technical solutions, and bolstering partnerships between Federal, state, local, tribal and territorial governments and the private sector in the development, promotion, and use of cybersecurity technologies, policies, and best practices.

The agenda is expected to include the following items:

- Introductions
- Panel discussion on current and future effects of critical infrastructure on the digital economy
- Panel discussion on critical infrastructure cybersecurity challenges affecting the digital economy
- Panel discussion on cybersecurity challenges and opportunities in State and local governments
