

FOR FURTHER INFORMATION CONTACT: Mr. Anthony Smith, Office of Information Management, telephone 202-475-3532, or fax 202-372-8405, for questions on these documents.

SUPPLEMENTARY INFORMATION:

Public Participation and Request for Comments

This Notice relies on the authority of the Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended. An ICR is an application to OIRA seeking the approval, extension, or renewal of a Coast Guard collection of information (Collection). The ICR contains information describing the Collection's purpose, the Collection's likely burden on the affected public, an explanation of the necessity of the Collection, and other important information describing the Collection. There is one ICR for each Collection.

The Coast Guard invites comments on whether this ICR should be granted based on the Collection being necessary for the proper performance of Departmental functions. In particular, the Coast Guard would appreciate comments addressing: (1) The practical utility of the Collection; (2) the accuracy of the estimated burden of the Collection; (3) ways to enhance the quality, utility, and clarity of information subject to the Collection; and (4) ways to minimize the burden of the Collection on respondents, including the use of automated collection techniques or other forms of information technology. These comments will help OIRA determine whether to approve the ICR referred to in this Notice.

We encourage you to respond to this request by submitting comments and related materials. Comments to Coast Guard or OIRA must contain the OMB Control Number of the ICR. They must also contain the docket number of this request, [USCG-2016-0024], and must be received by August 5, 2016.

Submitting Comments

We encourage you to submit comments through the Federal eRulemaking Portal at <http://www.regulations.gov>. If your material cannot be submitted using <http://www.regulations.gov>, contact the person in the **FOR FURTHER INFORMATION CONTACT** section of this document for alternate instructions. Documents mentioned in this notice, and all public comments, are in our online docket at <http://www.regulations.gov> and can be viewed by following that Web site's instructions. Additionally, if you go to the online docket and sign up for email

alerts, you will be notified when comments are posted.

We accept anonymous comments. All comments received will be posted without change to <http://www.regulations.gov> and will include any personal information you have provided. For more about privacy and the docket, you may review a Privacy Act notice regarding the Federal Docket Management System in the March 24, 2005, issue of the **Federal Register** (70 FR 15086).

OIRA posts its decisions on ICRs online at <http://www.reginfo.gov/public/do/PRAMain> after the comment period for each ICR. An OMB Notice of Action on each ICR will become available via a hyperlink in the OMB Control Number: 1625-0065.

Previous Request for Comments

This request provides a 30-day comment period required by OIRA. The Coast Guard published the 60-day notice (81 FR 14870, March 18, 2016) required by 44 U.S.C. 3506(c)(2). We received one comment from a commenter to the 60-day Notice. The comment was not related to the periodic renewal of this information collection. The comment was about the need to correct outdated organizational addresses and standards of certain materials incorporated by reference in title 46 CFR subchapter L, Offshore Supply Vessels. The Coast Guard will consider this comment in an ongoing rulemaking that will revise offshore supply vessel standards.

Information Collection Request

Title: Offshore Supply Vessels—Title 46 Code of Federal Regulation Subchapter L.

OMB Control Number: 1625-0065.

Summary: Title 46 U.S.C. 3305 and 3306 authorizes the Coast Guard to prescribe safety regulations. Title 46 CFR subchapter L promulgates marine safety regulations for offshore supply vessels (OSV).

Need: The OSV posting/marketing requirements are needed to provide instructions to those onboard of actions to be taken in the event of an emergency. The reporting/recordkeeping requirements verify compliance with regulations without Coast Guard presence to witness routine matters, including OSVs based overseas as an alternative to Coast Guard inspection.

Forms: None.

Respondents: Owners and operators of vessels.

Frequency: On occasion.

Hour Burden Estimate: The estimated burden has increased from 2,068 hours

to 2,353 hours a year due to an increase in the estimated annual number of respondents. The change is due to the methodology for calculating burden being revised to better distinguish between the burden elements. The last Information Collection Request (ICR) simply estimated 304 responses per respondent. This ICR presents 3 distinct burden elements—(1) plan review and records submission; (2) recordkeeping & posting/marketing; and (3) alternative annual inspection submissions. This ICR also shows the difference in activity level between existing OSVs and newly constructed OSVs.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended.

Dated: June 30, 2016.

Marilyn Scott-Perez,

Acting Deputy Chief Information Officer, U.S. Coast Guard.

Kilauea Point National Wildlife Refuge, Kaua'i County, HI; Comprehensive Conservation Plan and Finding of No Significant Impact for Environmental Assessment

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), announce the availability of our comprehensive conservation plan (CCP) and finding of no significant impact (FONSI) for the environmental assessment (EA) for Kilauea Point National Wildlife Refuge (Refuge). The CCP will guide management of the Refuge for 15 years, or until it is revised, and actions will be implemented as funding becomes available.

ADDRESSES: You may view, download, or request printed or CD-ROM copies of the CCP and FONSI by the following methods:

Agency Web site: Download the documents at http://www.fws.gov/refuge/Kilauea_Point/what_we_do/planning.html.

Email: FW1PlanningComments@fws.gov. Include "Kilauea Point final CCP" in the subject line of the message.

Fax: Attn: Michael Mitchell, Acting Project Leader, (808) 828-6381.

U.S. Mail: Kaua'i National Wildlife Refuge Complex, P.O. Box 1128, Kilauea, HI 96754.

In-Person Viewing or Pickup: Call (808) 828-1413 to make an appointment during regular business hours at the Kilauea Point National Wildlife Refuge, 3500 Kilauea Road, Kilauea, HI 96754. For more information on locations for viewing documents, see "Public Availability of Documents" under **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT: Michael Mitchell, Acting Project Leader, Kaua'i National Wildlife Refuge Complex, P.O. Box 1128, Kilauea, HI 96754; phone (808) 828-1413 and fax (808) 828-6381.

SUPPLEMENTARY INFORMATION:

Introduction

With this notice, we finalize the CCP process for the Refuge. We started this process through a notice in the **Federal Register** (74 FR 49399; September 28, 2009). For more information about the history of the Refuge, see that notice. We also released the draft CCP/EA to the public and requested comments through a notice in the **Federal Register** (80 FR 7876; February 12, 2015).

We announce our decision and the availability of the FONSI and the final CCP in accordance with National Environmental Policy Act (40 CFR 1506.6(b)) requirements. We completed an analysis of impacts on the human environment in the draft CCP/EA. The CCP will guide management of the Refuge for 15 years, or until it is revised, and actions will be implemented as funding becomes available.

We selected a slightly modified Alternative D for implementation. We made changes and clarifications to the final CCP, where appropriate, to address public comments we received on the draft CCP/EA. A summary of the public comments is included in the final CCP with our responses.

Background

The National Wildlife Refuge System Administration Act of 1966 (16 U.S.C. 668dd-668ee) (Refuge Administration Act), as amended by the National Wildlife Refuge System Improvement Act of 1997, requires us to develop a CCP for each national wildlife refuge. The purpose for developing a CCP is to provide refuge managers with a 15-year plan for achieving refuge purposes and contributing toward the mission of the National Wildlife Refuge System, consistent with sound principles of fish and wildlife management, conservation, legal mandates, and our policies. In addition to outlining broad management

direction on conserving wildlife and their habitats, CCPs identify compatible wildlife-dependent recreational opportunities available to the public. We will review and update the CCP at least every 15 years in accordance with the Refuge Administration Act.

Selected Alternative

Under the selected alternative, we will expand long-term protections and population and habitat enhancements for migratory seabirds and the endangered nēnē (Hawaiian goose, *Branta sandvicensis*). We will restore native coastal plant communities. Priority research, inventories, monitoring, and other scientific assessments will increase.

The majority of public use activities offered at the Refuge will continue to revolve around wildlife observation and photography, environmental education, and interpretation located on Kilauea Point proper (Point) or at the Kilauea Road terminus (Overlook). We will offer guided interpretive hikes on Crater Hill, and our outreach, environmental education, and volunteer programs will be expanded.

To address transportation issues at the Point and Overlook, we will implement short-, medium-, and long-term strategies in a phased manner. The Kāhili Quarry area will continue to be open 24 hours a day to some wildlife-dependent uses (fishing, wildlife observation, and photography) and as public access to off-Refuge areas (Kilauea River, Kilauea Bay, and Kāhili Beach) for boating and other stream, beach, and ocean uses. Traditional cultural practices, such as native Hawaiian fishing at Kilauea (East) Cove, will remain open.

The Refuge will maintain current infrastructure; however, a step-down Master Site Plan will be developed to evaluate and detail building use and remodeling/maintenance needs. We will develop a new maintenance baseyard (e.g., storage sheds, bays, pole barns, and nursery) off-Refuge.

Endangered and Threatened Wildlife and Plants; Enhancement of Survival Permit Applications; Greater Sage-Grouse Umbrella Candidate Conservation Agreement With Assurances for Wyoming Ranch Management

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comments.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), have received applications for enhancement of survival permits (EOS permits) under the Endangered Species Act of 1973, as amended (Act), pursuant to the Greater Sage-grouse Umbrella Candidate Conservation Agreement with Assurances for Wyoming Ranch Management (Umbrella CCAA). The permit applications, if approved, would authorize incidental take associated with implementation of specified individual Candidate Conservation Agreements with Assurances (individual CCAAs) developed in accordance with the Umbrella CCAA. We invite the public to comment on the EOS permit applications described below. The Act requires that we invite public comment before issuing these permits.

DATES: To ensure consideration, please send your written comments by August 5, 2016.

ADDRESSES: *Submitting Comments:* Send written comments by one of the following methods. Please specify the permit(s) you are commenting on by relevant number(s) (e.g., Permit No. TE-XXXXXX).

- *U.S. mail:* Tyler Abbott, Wyoming Ecological Services Field Office (ESFO), U.S. Fish and Wildlife Service, 5353 Yellowstone Road, Suite 308A, Cheyenne, WY 82009.

- *Email:* tyler_abbott@fws.gov.

- *Fax:* Tyler Abbott, (307) 772-2358.

Reviewing Documents: You may review copies of the enhancement of survival permit applications during
