

center and 262,000 square feet of related ancillary development.

The FHWA along with WSCC are holding a public scoping meeting on July 20, 2016, from 5:30 p.m. to 7 p.m. at the Washington State Convention Center, 800 Convention Place, Room 206, Seattle, WA to solicit public comments regarding the scope of issues to be addressed in the NEPA EIS. The public will be notified by a flyer that will be mailed to interested agencies, organizations, and individuals affected by the project, as well as published in The Seattle Times and the Daily Journal of Commerce. In addition, notice of the EIS Scoping meeting will be posted at locations on the project site. The meeting will include a brief presentation followed by public comments.

Agencies, Tribes, and the public are encouraged to submit comments on the purpose and need and preliminary range of alternatives during the scoping period. Comments must be received by July 26, 2016, to be included in the formal scoping record. To ensure that the full range of issues related to this proposed action is addressed, and all the significant issues identified, comments and suggestions are invited from interested parties during the scoping period. Comments concerning this proposal will be accepted at the public meeting or can be sent by mail to: Lindsey Handel, Urban Area Engineer, Federal Highway Administration, 711 South Capitol Way, Suite 501, Olympia, WA 98501; telephone: (360) 753-9550; email: Lindsey.Handel@dot.gov.

(Catalog of Federal Domestic Assistance Program Number 20.205, Highway Planning and Construction. The regulations implementing Executive Order 12372 regarding intergovernmental consultation on Federal programs and activities apply to this program.)

Daniel Mathis,

Division Administrator, Washington Division, Federal Highway Administration.

BILLING CODE 4910-22-P

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2013-0147]

Driver Qualifications: Skill Performance Evaluation; Virginia Department of Motor Vehicles; Exemption Renewal for Virginia Department of Motor Vehicles

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of renewal of exemption; request for comments.

SUMMARY: FMCSA announces its decision to renew the Virginia Department of Motor Vehicles (DMV) exemption on behalf of truck and bus drivers who are licensed in the Commonwealth of Virginia and need a Skill Performance Evaluation (SPE) certificate from FMCSA to operate commercial motor vehicles (CMV) in interstate commerce. The exemption enables interstate CMV drivers who are licensed in Virginia and are subject to the Federal SPE requirements under 49 CFR 391.49 to continue to fulfill the Federal requirements with a State-issued SPE and to operate CMVs in interstate commerce anywhere in the United States.

DATES: This decision is effective July 9, 2016, and will expire July 9, 2018, and may be renewed. Comments must be received on or before August 9, 2016.

ADDRESSES: You may submit comments bearing the Federal Docket Management System (FDMS) number FMCSA-2013-0147 by any of the following methods:

- **Federal eRulemaking Portal:** Go to <http://www.regulations.gov>. Follow the on-line instructions for submitting comments.
- **Mail:** Docket Management Facility, U.S. Department of Transportation, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590-0001.
- **Hand Delivery:** Ground Floor, Room W12-140, DOT Building, 1200 New Jersey Avenue SE., Washington, DC, between 9 a.m. and 5 p.m. E.D.T., Monday through Friday, except Federal holidays.
- **Fax:** 1-202-493-2251.

Instructions: Each submission must include the Agency name and docket number for this notice. Please note that all comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided. Please see the "Privacy Act" heading for further information.

Docket: For access to the docket to read background documents or comments received, go to <http://www.regulations.gov> or to Room W12-140, DOT Building, New Jersey Avenue SE., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The FDMS is available 24 hours each day, 365 days each year. If you want acknowledgement that we received your comments, please include a self-addressed, stamped envelope or postcard or print the acknowledgement page that appears after submitting comments on-line.

Privacy Act: In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice (DOT/ALL-14 FDMS) which can be reviewed at www.dot.gov/privacy.

FOR FURTHER INFORMATION CONTACT: Ms. Eileen Nolan, Office of Carrier, Driver and Vehicle Safety, Medical Programs Division, (202) 366-4001, fmcamedical@dot.gov, FMCSA, 1200 New Jersey Avenue SE., Washington, DC 20590-0001. Office hours are 8:30 a.m. to 5 p.m., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

I. Background

Under 49 U.S.C. 31136(e) and 31315, FMCSA may grant an exemption from certain parts of the Federal Motor Carrier Safety Regulations (FMCSRs) for a 2-year period if it finds "such exemption would likely achieve a level of safety that is equivalent to or greater than the level that would be achieved absent such exemption." The statute allows the Agency to renew exemptions at the end of the 2-year period.

On July 8, 2014, FMCSA granted Virginia a 2-year exemption that enables interstate CMV drivers licensed in Virginia who are subject to the Federal SPE requirements under 49 CFR 391.49 to fulfill the Federal requirements with a State-issued SPE (79 FR 38659). The requirements of the exemption were outlined in this notice and will therefore not be repeated. Virginia has established its own SPE program that is essentially identical to the current FMCSA SPE program to include an application process modeled on the FMCSA process. In addition, State personnel who have completed SPE training identical to that of FMCSA personnel currently administer the SPE program and conduct the skill

evaluation according to the same procedures and testing criteria used by FMCSA. If the driver passes the skill evaluation, the State issues the SPE certificate. Virginia maintains records of applications, testing, and certificates issued, which are available, as required, for periodic review by FMCSA. On behalf of CMV drivers licensed in the Commonwealth of Virginia, the State requested renewal of the exemption from 49 CFR 391.49 concerning FMCSA's SPE certificate process for drivers who have experienced an impairment or loss of a limb.

II. Basis for Renewing Exemption

The Agency's decision regarding this exemption is based on the fact that Virginia's SPE program is essentially identical to the current FMCSA program. Virginia continues to adhere to the application process modeled on the FMCSA process. State personnel who conduct the skill evaluation complete the same training as FMCSA personnel conducting the test and follow the same procedures and testing criteria used by FMCSA. FMCSA has conducted ongoing monitoring and onsite SPE program reviews and Virginia continues to maintain records of applications, testing, and certificates issued for periodic review by FMCSA. At the time Virginia DMV submitted its request for exemption renewal to the Agency, it had issued 13 new and 25 renewal SPE certificates. Based upon FMCSA's analyses of the applications and the program as a whole, FMCSA has determined that no safety vulnerabilities are associated with Virginia's renewal request. The renewal of the exemption is granted.

Consequently, FMCSA has concluded that renewing the exemption allows the Virginia SPE program to achieve the level of safety required by 49 U.S.C. 31315.

If a Virginia-licensed driver would prefer not to opt for the streamlined SPE process, the driver may still apply for an FMCSA-issued SPE. However, FMCSA may still exercise its discretion and call upon Virginia DMV to provide assistance in conducting the road evaluation needed to complete an SPE application, depending on the volume of applications.

III. Terms and Conditions

The FMCSA grants the renewal of the exemption to allow the Virginia DMV to conduct SPE's on drivers who have experienced an impairment or loss of a limb and are licensed in the Commonwealth of Virginia. The following terms and conditions apply to

the State and any drivers who receive a State-issued SPE certificate:

- Virginia must establish and maintain its own SPE program that is essentially identical to the current FMCSA program.
- The State must maintain an application process modeled on the FMCSA process and submit information concerning the application process to FMCSA's Medical Programs Division for review, as required.
- State personnel who conduct the skill test must complete SPE training identical to that of FMCSA personnel currently administering the Federal SPE program.
- The skill evaluation and scoring for the SPE must be done using the same procedures and testing criteria used by FMCSA.
- Virginia must maintain records of applications, testing, and certificates issued for periodic review by FMCSA.
- Virginia must submit a monthly report to FMCSA listing the names and license number of each driver tested by the State and the result of the test (pass or fail).
- Each driver who receives a State-issued SPE must carry a copy of the certificate when driving for presentation to authorized Federal, State, or local law enforcement officials.

IV. Preemption of State Laws and Regulations

An exemption granted under the authority of 49 U.S.C. 31315(b) preempts State laws and regulations that conflict with or are inconsistent with the exemption. The decision to grant Virginia's request amounts to automatic Federal ratification of the State issued SPE certificate and therefore prohibits other jurisdictions from requiring a separate FMCSA-issued SPE. The State-issued certificate must be treated as if it had been issued by FMCSA. Virginia-licensed drivers who receive the State-issued SPE are allowed to operate CMVs in interstate commerce anywhere in the United States.

V. Request for Comments

Interested parties possessing information that would otherwise show that granting this exemption is not achieving the statutory level of safety should immediately notify FMCSA. The Agency will evaluate any adverse evidence submitted, and if safety is being compromised or if continuation of exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315, FMCSA will take immediate steps to revoke the Virginia DMV exemption.

VI. Conclusion

The Agency does not intend its decision to pressure other States to take action to implement State-run SPE programs. Virginia is the first State to submit an application on behalf of its drivers to provide an alternative to the Federal SPE process. Other States are welcome to make similar applications if they believe it is appropriate to do so and they have the resources to meet terms and conditions comparable to those provided in this exemption.

Issued on: June 29, 2016.

T.F. Scott Darling, III,
Acting Administrator.

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2015-0180]

Agency Information Collection Activities; New Information Collection Request: 391.41 CMV Driver Medication Form

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FMCSA announces its plan to submit the Information Collection Request (ICR) described below to the Office of Management and Budget (OMB) for its review and approval and invites public comment on the approval of a new Information Collection (IC) titled, *391.41 CMV Driver Medication Form*. Comments received in response to this notice are sent to the OMB Desk Officer to address. This IC is voluntary and may be utilized by medical examiners (MEs) responsible for issuing Medical Examiner's Certificates (MECs) to commercial motor vehicle (CMV) drivers. MEs that choose to use this IC will do so in an effort to communicate with treating healthcare professionals who are responsible for prescribing certain medications, so that the ME fully understands the reasons the medications have been prescribed. The information obtained by the ME when utilizing this IC will assist the ME in determining if the driver is medically certified according to the physical qualifications standards outlined in 49 CFR 391.41 and to ensure that there are no disqualifying medical conditions or underlying medical conditions and
