

natural resources injured by the DBL 152 oil spill with funding from the responsible party (RP) or, where an RP does not exist or exceeds its limit of liability, the Oil Spill Liability Trust Fund (OSLTF) administered by the U.S. Coast Guard (USCG). The measure of damages to natural resources is the cost of restoring, rehabilitating, replacing or acquiring the equivalent of the injured natural resources, compensation for the diminution in value of those natural resources pending restoration, and the reasonable costs of assessing such damages. 33 U.S.C. 2702(b)(2)(A), 2706(d)(1). All recoveries for the first two elements are to be spent implementing a restoration plan developed by the trustees. 33 U.S.C. 2706(f).

Natural Resource Damage Assessment and Restoration Planning

NOAA, acting as Trustee on the public's behalf, has conducted a natural resource damage assessment (NRDA) to determine the nature and extent of natural resource losses resulting from this incident and the restoration actions needed to restore these losses. The NRDA was conducted using the OPA NRDA regulations found at 15 CFR part 990. On the basis of data provided by the NRDA, NOAA prepared this Final Damage Assessment and Restoration Plan/Environmental Assessment (Final DARP/EA) to consider restoration alternatives and identify a selected alternative.

An injury assessment conducted by NOAA determined that the primary injury resulting from this incident was to offshore benthic habitat. This conclusion is described in greater detail in the Final DARP/EA.

NOAA considered various restoration alternatives to compensate the public for spill-related injuries and to restore comparable natural resource services to those that were provided by the resources injured by the spill. The selected restoration alternative identified by NOAA is an estuarine shoreline protection and salt marsh restoration project at the Texas Chenier Plain National Wildlife Refuge Complex. The project area is located in Galveston Bay, Texas. The project is designed to protect shoreline with a protective structure consisting of rip-rap habitat. The project will be designed so that salt marsh habitat will be created behind the breakwater. Prior to implementation, the project will undergo pre-project engineering to design the shoreline protection structure and the marsh.

The U.S. Coast Guard (USCG) has determined that the RP has exceeded its

limit of liability under OPA. Therefore, the Final DARP/EA will be submitted to the Oil Spill Liability Trust Fund (OSLTF) as part of a claim for funds to implement the selected restoration project. The OSLTF is administered by the USCG and is maintained through fees paid by industry.

Public Comments and NOAA's Response

NOAA prepared the Final DARP/EA after consideration of the public's response to the Draft DARP/EA. One of the comments received was supportive of the restoration project alternatives. Other comments received asked for clarity on various points in the Draft DARP/EA and the NRDA process, questioned various aspects of the NRDA for this site, questioned the appropriateness of the selected project to the specific injury, or requested additional evaluation or monitoring by NOAA. The full text of the public comments received is provided in Appendix C to the Final DARP/EA, and NOAA's full response to the comments received, along with a discussion of changes made to the DARP/EA in response to the comments, is provided in Appendix B to the Final DARP/EA.

A brief summary of the changes made to the DARP/EA in response to the comments is as follows:

- A paragraph on overlapping impacts of the DBL 152 oil spill and the 2010 Deepwater Horizon Oil Spill was revised in Section 4 of the Final DARP/EA.
- A discussion was added to Section 6 of the Final DARP/EA regarding a candidate project proposed by the Louisiana Oil Spill Coordinator's Office (LOSCO) on behalf of the Louisiana Oil Spill Natural Resource Trustees.
- Clarifying language was added to Section 3 of the Final DARP/EA regarding potential injuries to water column species.

Administrative Record

Pursuant to the OPA NRDA regulations, NOAA has developed an Administrative Record to support its restoration planning decisions and inform the public of the basis of their decisions. Information and documents, including public comments received on the Draft DARP/EA, the Final DARP/EA, and other related restoration planning documents, are also part of the Administrative Record. The documents comprising the public record (Administrative Record) can be viewed at <https://casedocuments.darrp.noaa.gov/southeast/dbl152/admin.html>.

Dated: June 3, 2016.

David Westerholm,

Director, Office of Response and Restoration.

Foreign-Trade Zones Board

[B-13-2016]

Foreign-Trade Zone (FTZ) 141— Monroe County, New York; Authorization of Proposed Production Activity; Xerox Corporation; Subzone 141B (Bulk Xerographic Toner, Toner Cartridges and Photoreceptors); Webster, New York

On March 7, 2016, the County of Monroe, New York, grantee of FTZ 141, submitted a notification of proposed production activity to the FTZ Board on behalf of Xerox Corporation (Xerox) located within Subzone 141B in Webster, New York.

The notification (updated on April 26, 2016) was processed in accordance with the regulations of the FTZ Board (15 CFR part 400), including notice in the **Federal Register** inviting public comment (81 FR 14834, March 18, 2016). The FTZ Board has determined that no further review of the activity is warranted at this time. The production activity described in the updated notification is authorized, subject to the FTZ Act and the Board's regulations, including Section 400.14.

Dated: July 5, 2016.

Andrew McGilvray,

Executive Secretary.

International Trade Administration

Renewable Energy and Energy Efficiency Business Directory Survey

AGENCY: International Trade Administration, U.S. Department of Commerce.

ACTION: Opportunity to participate in the RE3 App.

SUMMARY: The U.S. Departments of State, Commerce, and Energy (the "Interagency Team") announce an opportunity for U.S.-based suppliers and providers of clean energy, smart grid, and energy efficiency solutions to participate in an interactive directory of renewable energy and energy efficiency solutions. The Interagency Team has

developed the beta version of an interactive app to serve as a mobile business directory for U.S. clean energy exporters, which can be accessed at <http://www.re3app.com/>. The app highlights deployments of sustainable technologies and systems at U.S. diplomatic missions and provides potential business partners around the world with a searchable interface to find information on potential U.S. technology and service providers. The app showcases a diverse array of clean energy goods and services, including renewable energy equipment (solar, wind, geothermal), biofuels, fuel cell power, smart grid technologies, and energy efficiency solutions, as well as U.S.-based services critical to the deployment of clean energy supplies. The app is expected to be available in mobile app stores around October 1, 2016. U.S. clean energy and energy efficiency exporters interested in registering to be part of the interactive directory and provide information on their company's solutions to be included in the app are requested to complete the online survey by no later than August 1, 2016. The app and survey are administered by the U.S. Department of State. The U.S. Department of Commerce is publishing this notice as part of its responsibility for public outreach for the directory.

Who will use the app?

Target users include Foreign Service Officers and Foreign Commercial Service Officers and their energy sector stakeholders in international markets. The app will enable users to easily demonstrate U.S. clean energy and energy efficiency solutions available in foreign markets and provide a tool to facilitate commercial partnerships that drive the deployment of U.S. technologies and services globally. Through the app, a global audience, as well as the American public, will be invited to learn more about environmental diplomacy efforts overseas, and the innovative U.S. companies powering them.

Disclaimer

The information submitted to the directory and displayed on the app is intended to inform users about U.S. clean energy and energy efficiency solutions. All U.S.-based businesses in these industries that meet the criteria specified in the online form will be eligible for the directory and app. The Interagency Team will perform due diligence on submissions to the Directory and expects that parties will perform their own due diligence, investigation, and background research

before entering into a commercial relationship with any listed business or business contact facilitated through the product. A listing in the directory does not constitute endorsement of the business or its products, services or technology by the Interagency Team. The Interagency Team assumes no responsibility or liability for the actions users may take based on the information provided and reserves the right not to list any particular business.

ADDRESSES: To provide information for use in the app, U.S. companies are requested to complete the online survey by no later than August 1, 2016. The URL for the survey: <http://fluidsurveys.com/s/re3app/>.

FOR FURTHER INFORMATION CONTACT: Helaina Matza, Office of Innovation and Eco-Diplomacy, United States Department of State; 202.647.0716; sustainability@state.gov; or Cora Dickson, Office of Energy and Environmental Industries, United States Department of Commerce; 202-482-6083; reee@trade.gov.

Man Cho,

Acting Director, Office of Energy and Environmental Industries.

DEPARTMENT OF COMMERCE

International Trade Administration

[Application No. 92-13A001]

Export Trade Certificate of Review

ACTION: Notice of Application to amend the Export Trade Certificate of Review issued to Aerospace Industries Association of America, Inc., Application No. 92-13A001.

SUMMARY: The Office of Trade and Economic Analysis ("OTEA") of the International Trade Administration, Department of Commerce, received an application to amend an Export Trade Certificate of Review ("Certificate"). This notice summarizes the proposed amendment and requests comments relevant to whether the amended Certificate should be issued.

FOR FURTHER INFORMATION CONTACT: Joseph Flynn, Director, Office of Trade and Economic Analysis, International Trade Administration, (202) 482-5131 (this is not a toll-free number) or email at etca@trade.gov.

SUPPLEMENTARY INFORMATION: Title III of the Export Trading Company Act of 1982 (15 U.S.C. 4001-21) authorizes the Secretary of Commerce to issue Export Trade Certificates of Review. An Export

Trade Certificate of Review protects the holder and the members identified in the Certificate from State and Federal government antitrust actions and from private treble damage antitrust actions for the export conduct specified in the Certificate and carried out in compliance with its terms and conditions. Section 302(b)(1) of the Export Trading Company Act of 1982 and 15 CFR 325.6(a) require the Secretary to publish a notice in the **Federal Register** identifying the applicant and summarizing its proposed export conduct.

Request for Public Comments

Interested parties may submit written comments relevant to the determination whether an amended Certificate should be issued. If the comments include any privileged or confidential business information, it must be clearly marked and a nonconfidential version of the comments (identified as such) should be included. Any comments not marked as privileged or confidential business information will be deemed to be nonconfidential.

An original and five (5) copies, plus two (2) copies of the nonconfidential version, should be submitted no later than 20 days after the date of this notice to: Export Trading Company Affairs, International Trade Administration, U.S. Department of Commerce, Room 7025-X, Washington, DC 20230.

Information submitted by any person is exempt from disclosure under the Freedom of Information Act (5 U.S.C. 552). However, nonconfidential versions of the comments will be made available to the applicant if necessary for determining whether or not to issue the Certificate. Comments should refer to this application as "Export Trade Certificate of Review, application number 92-13A001."

The Aerospace Industries Association of America Inc. ("AIA") original Certificate was issued on September 8, 1992 (57 FR 41920, September 14, 1992). A summary of the current application for an amendment follows.

Summary of the Application

Applicant: Aerospace Industries Association of America, Inc. ("AIA"), 1000 Wilson Boulevard, Suite 1700, Arlington, VA 22209.

Contact: Matthew F. Hall, Attorney, Telephone: (202) 862-9700.

Application No.: 92-13A001.

Date Deemed Submitted: June 27, 2016.

Proposed Amendment: AIA seeks to amend its Certificate to:

1. Add the following companies as new Members of the Certificate within
