

patients presenting at various health care delivery units with a continuum of severity of substance use. SAMHSA's SBIRT program is a cooperative agreement grant program designed to help states and Tribal Councils expand the continuum of care available for substance misuse and use disorders. The program includes screening, BI, BT, and RT for persons at risk for dependence on alcohol or drugs. This evaluation will provide a comprehensive assessment of SBIRT implementation; the effects of SBIRT on patient outcomes, performance site practices, and treatment systems; and the sustainability of the program. This information will allow SAMHSA to determine the extent to which SBIRT has met its objectives of implementing a comprehensive system of identification and care to meet the needs of individuals at all points along the substance use continuum.

To evaluate the success of SBIRT implementation at the site level, a web-based survey will be administered to staff in sites where SBIRT services are being delivered—referred to as performance sites. The Performance Site Survey will be distributed to individuals who directly provide SBIRT

services and staff who interact regularly with SBIRT providers and patients receiving SBIRT services. The types of staff surveyed will include intake staff, medical providers, behavioral health providers, social workers, and managerial and administrative staff who oversee these staff. Since cross-site evaluation team members will be traveling to selected SBIRT providers and coordinating with state and site administrators on a yearly basis, there is an opportunity to complete a near-census of all SBIRT-related staff at performance sites with a minimal level of burden.

The 78 question web survey includes the collection of basic demographic information, questions about the organization's readiness to implement SBIRT, and questions about the use of health information technology (HIT) to deliver SBIRT services. The demographic questions were tailored from a previous cross-site evaluation survey to fit the current set of cross-site grantees. The organizational readiness questions were developed through a review of the extant implementation science research literature (*e.g.*, Chaudoir, Dugan, & Barr, 2013; Damschroder et al., 2009; Garner, 2009;

Greenhalgh, MacFarlane, & Kyriakidou, 2004; Weiner, 2009; Weiner, Belden, Bergmire, & Johnston, 2011). Based on this review, the Organizational Readiness for Implementation Change (ORIC) (Shea, Jacobs, Esserman, Bruce, & Weiner, 2014) and the Implementation Climate Scale (ICS) (Jacobs, Weiner, & Bunker, 2014) were identified as the two most appropriate instruments. In addition to questions from these two instruments, the survey includes questions to assess satisfaction, capacity, and infrastructure to implement SBIRT screening, BI, and BT.

To identify relevant HIT measures, the cross-site evaluation team modified measures from socio-technical frameworks (Kling, 1980), including the DeLone and McClean framework (DeLone & McLean, 2004), the Public Health Informatics Institute Framework (PHII, 2005), and the Human Organization and Technology (Hot)-FIT Framework (Yusof, 2008). Across these three frameworks, the survey captures measures of system availability, information availability, organizational structure and environment, utilization, and user satisfaction.

TOTAL BURDEN HOURS FOR THE PERFORMANCE SITE SURVEY

Respondent	Number of respondents (a)	Number of responses/respondent	Total number of responses	Hours per response (b)	Annual burden hours
Intake/front desk staff	215	1	215	0.22	47.30
Performance site administrators	191	1	191	0.22	42.02
Clinical supervisors	101	1	101	0.22	22.22
Medical providers	571	1	571	0.22	125.62
Behavioral health providers	211	1	211	0.22	46.42
Social workers	118	1	118	0.22	25.96
TOTAL	1,407		1,407		309.54

(a) The maximum number of annual respondents has been based on estimates from cross-site evaluation site visits.

(b) The average burden per response was estimated based on independent review of the instrument by contractor staff.

Written comments and recommendations concerning the proposed information collection should be sent by February 26, 2016 to the SAMHSA Desk Officer at the Office of Information and Regulatory Affairs, Office of Management and Budget (OMB). To ensure timely receipt of comments, and to avoid potential delays in OMB's receipt and processing of mail sent through the U. S. Postal Service, commenters are encouraged to submit their comments to OMB via email to: OIRA_Submission@omb.eop.gov. Although commenters are encouraged to send their comments via email, commenters may also fax their comments to: 202-395-7285. Commenters may also mail them to:

Office of Management and Budget,
Office of Information and Regulatory
Affairs, New Executive Office Building,
Room 10102, Washington, D C 20503.

Summer King,

Statistician.

BILLING CODE 4162-20-P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-5914-N-01]

60-Day Notice of Proposed Information Collection: "Requirements for Notification, Evaluation and Reduction of Lead-Based Paint Hazards in Federally-Owned Residential Properties and Housing Receiving Federal Assistance"

AGENCY: Office of Lead Hazard Control and Healthy Homes, HUD.

ACTION: Notice.

SUMMARY: HUD is seeking approval from the Office of Management and Budget (OMB) for renewal of the information

collection described below. In accordance with the Paperwork Reduction Act, HUD is requesting comment from all interested parties on the proposed collection of information. The purpose of this notice is to allow for 60 days of public comment.

DATES: *Comments Due Date:* March 28, 2016.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB Control Number and should be sent to: Anna P. Guido, Reports Management Officer, QDAM, Department of Housing and Urban Development, 451 7th Street SW., Room 4176, Washington, DC 20410–5000; telephone 202–402–3400 (this is not a toll-free number) or email at Anna.P.Guido@hud.gov for a copy of the proposed forms or other available information. Persons with hearing or speech impairments may access this number through TTY by calling the toll-free Federal Relay Service at (800) 877–8339.

FOR FURTHER INFORMATION CONTACT: Anna P. Guido, Reports Management Officer, QDAM, Department of Housing and Urban Development, 451 7th Street

SW., Washington, DC 20410; email Anna P. Guido at Anna.P.Guido@hud.gov or telephone 202–402–3400. This is not a toll-free number. Persons with hearing or speech impairments may access this number through TTY by calling the toll-free Federal Relay Service at (800) 877–8339.

Copies of available documents submitted to OMB may be obtained from Ms. Pollard.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for renewal of the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: “Requirements for Notification, Evaluation and Reduction of Lead-Based Paint Hazards in Federally-Owned Residential Properties and Housing Receiving Federal Assistance”.

OMB Approval Number: 2539–0009.

Type of Request: Renewal with some changes due to program changes.

Form Number: N/A.

Description of the need for the information and proposed use: provision of a pamphlet on lead poisoning prevention to tenants and

purchasers, provision of a notice to occupants on the results of hazard evaluation and hazard reduction activities, special reporting requirements for a child with an environmental intervention blood lead level residing in the unit, and record keeping and periodic summary reporting requirements.

Respondents: residential property owners, housing agencies, Federal grantees, tribally designated housing entities or participating jurisdictions.

The revised hour burden estimates are presented in the table below. In that table, the \$15.36 hourly cost per response reflects the weighted average of cases, first, in which the respondent is simply giving someone a pamphlet, putting something in a file, or retrieving something from a file, and sending summary information from it to the Department, valued at \$10.61 per hour; and second, processing notices as above as well as providing information in cases of lead-poisoned children, valued at \$16.97 per hour. (These labor rates have been escalated by 3% from 2013 based on the Census Bureau’s constant quality housing construction price index, since the work is in the housing trades.)

Information collection	Number of respondents	Frequency of response	Responses per annum	Burden hour per response	Annual burden hours	Hourly cost per response	Annual cost
Total	62,295	as needed	Various	2.2	136,692	\$15.36	\$2,099,593

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency’s estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

HUD encourages interested parties to submit comments in response to these questions.

Authority: Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35.

Dated: January 21, 2016.

Michelle M. Miller,
Deputy Director, OLHCHH.
