

maintains a SORN, FCC/OMD–9, Commission Registration System (CORES), to cover the collection, purpose(s), storage, safeguards, and disposal of the PII that individual respondents may submit on FCC Form 160. FCC Form 160 includes a privacy statement to inform applicants (respondents) of the Commission's need to obtain the information and the protections that the FCC has in place to protect the PII.

The Commission is revising Form 160 to enable applicants to obtain a Restricted Use FRN, which may be used on Form 2100, Schedule 323–E to identify an individual reported as an attributable interest holder. The revised Form 160 will require applicants for Restricted Use FRNs to provide an alternative set of identifying information that does not include the individual's full SSN: His/her full name, residential address, date of birth, and only the last four digits of his/her SSN. Restricted Use FRNs may be used in lieu of CORES FRNs only on broadcast ownership reports and only for individuals (not entities) reported as attributable interest holders. The Commission is revising the FCC/OMD–9 SORN to cover the collection, purpose(s), storage, safeguards, and disposal of the PII that individual respondents may submit on the revised Form 160.

Needs and Uses: On January 20, 2016, the Commission released a *Report and Order*, *Second Report and Order*, and *Order on Reconsideration* in MB Docket Nos. 07–294, 10–103, and MD Docket No. 10–234 (*323/CORES Order and Reconsideration Order*). The *323/CORES Order and Reconsideration Order* refines the collection of data reported on FCC Form 323, Ownership Report for Commercial Broadcast Stations, and FCC Form 323–E, Ownership Report for Noncommercial Broadcast Stations. Specifically, the *323/CORES Order and Reconsideration Order* implements a Restricted Use FRN (RUFN) within the Commission's Registration System (CORES) that individuals may use solely for the purpose of broadcast ownership report filings. In light of the Commission's adoption of the RUFN requirement, the *323/CORES Order and Reconsideration Order* eliminates the availability of the Special Use FRN (SUFN) for broadcast station ownership reports, except in very limited circumstances. The *323/CORES Order and Reconsideration Order* also prescribes revisions to Form 323–E that conform to the reporting requirements for noncommercial educational broadcast stations more closely to those for commercial stations, including information about the race,

gender, and ethnicity of existing, reportable interest holders; the use of a unique identifier; and the biennial filing requirement. In addition, the *323/CORES Order and Reconsideration Order* makes a number of significant changes to the Commission's reporting requirements that reduce the filing burdens on broadcasters, streamline the process, and improve data quality. These enhancements will enable the Commission to obtain data reflecting a more useful, accurate, and thorough assessment of minority and female broadcast station ownership in the United States while reducing certain filing burdens.

Licensees of noncommercial educational AM, FM, and television broadcast stations must file FCC Form 2100, Schedule 323–E (formerly FCC Form 323–E) every two years. Pursuant to the new filing procedures adopted in the *323/CORES Order and Reconsideration Order*, Form 2100, Schedule 323–E shall be filed by December 1 in all odd-numbered years. Biennial Ownership Reports shall provide information accurate as of October 1 of the year in which the Report is filed.

In addition, Licensees and Permittees of noncommercial educational AM, FM, and television stations must file Form 2100, Schedule 323–E following the consummation of a transfer of control or an assignment of a noncommercial educational AM, FM, or television station license or construction permit; a Permittee of a new noncommercial educational AM, FM, or television station must file Form 2100, Schedule 323–E within 30 days after the grant of the construction permit; and a Permittee of a new noncommercial educational AM, FM, or television station must file Form 2100, Schedule 323–E to update the initial report or to certify the continuing accuracy and completeness of the previously filed report on the date that the Permittee applies for a license to cover the construction permit.

In the case of organizational structures that include holding companies or other forms of indirect ownership, a separate Form 2100, Schedule 323–E must be filed for each entity in the organizational structure that has an attributable interest in the Licensee or Permittee.
