Notice of Availability (NOA) for a Finding of No Significant Impact (FONSI) for the Environmental Assessment (EA) Addressing the Closure of Former Defense Fuel Support Point (DFSP) Moffett Field Located in Santa Clara County, California

AGENCY: Defense Logistics Agency (DLA), DoD.

ACTION: Notice of Availability (NOA) for a Finding of No Significant Impact (FONSI) for the Environmental Assessment (EA) addressing the Closure of Former Defense Fuel Support Point (DFSP) Moffett Field located in Santa Clara County, CA.

SUMMARY: On May 16, 2016, DLA published a NOA in the **Federal Register** announcing the publication of the EA addressing the Closure of DFSP Moffett Field in Santa Clara County, CA (81 FR 30266). The EA was available for a 30-day public comment period that ended June 15, 2016. The EA was prepared as required under the National Environmental Policy Act (NEPA) of 1969 and complies with DLA Regulation 1000.22. No comments were received during the public comment period. This FONSI documents the decision of DLA to proceed with the Closure of DFSP Moffett Field. DLA has determined that the Proposed Action is not a major Federal action significantly affecting the quality of the human environment within the context of NEPA and that no significant impacts on the human environment are associated with this decision.

FOR FURTHER INFORMATION CONTACT:

Stacey Christenbury at 703-767-6557 during normal business hours Monday through Friday, from 8:00 a.m. to 4:30 p.m. (EST) or by email: NEPA@dla.mil.

SUPPLEMENTARY INFORMATION:

Cooperating Agency: National Aeronautics and Space Administration.

DLA completed an EA to address the potential environmental consequences associated with the proposed closure of DFSP Moffett Field in Santa Clara County, CA. This FONSI incorporates the EA by reference and summarizes the results of the analyses in the EA. The

final EA is available in hardcopy at the Mountain View Public Library, located at 585 Franklin Street, Mountain View, California 94041, Phone: (650) 903-6337 or electronically at http://www.dla.mil/Portals/104/Documents/Energy/Publications/E_Moffett_FinalEA_160713.pdf?ver=2016-07-13-120724-920.

Purpose and Need for Action: The purpose of the Proposed Action is to reduce environmental risks associated with the five closed USTs; address two Notices of Violation that DLA Energy, received in March 2015 from the State of California Water Resources Control Board and County of Santa Clara regarding improper UST maintenance; and eliminate aging infrastructure no longer required to meet the Department of Defense mission. DLA Energy received the Notices of Violation based upon the State of California Water Resources Control Board and County of Santa Clara's determination that DLA is not maintaining the five USTs in compliance with California and Santa Clara County codes after the USTs were emptied and cleaned in 2005. The Proposed Action is therefore also necessary to resolve State of California Water Resources Control Board and County of Santa Clara assertions that DLA is not in compliance with the California Code of Regulations (CCR), Title 23, Division 3, Chapter 16, Article 7, Underground Storage Tank Requirements, and Unified Facilities Criterion 3-460-0. DLA Energy is committed to closure of these tanks, as well as implementation of a phased closure agreement (Phase II) with the Santa Clara Environmental Health Department.

Proposed Action and Alternatives: Under the Proposed Action, DLA proposes to permanently close DFSP Moffett Field. Under this proposal the fuel facility infrastructure would be physically disconnected, abandoned in place, dismantled, and/or demolished. NASA would continue to be the property owner of the parcel. The Proposed Action involves the closure of the five USTs and associated pipelines, truck fill stands, high-speed aircraft fueling hydrants, and related infrastructure (e.g., manhole vaults, pumps, pump houses, pump pads, hydrants, racks, cathodic protection system).

Description of the No Action Alternative: Under the No Action Alternative, DFSP Moffett Field's former fuel facilities would remain in their current nonclosure status and the State of California Water Resources Control Board and County of Santa Clara, would continue to consider the site in violation

of state and county environmental regulations for the failure to be properly closed. Implementation of the No Action Alternative would leave the DFSP Moffett Field facilities in a caretaker status. The No Action Alternative would not meet the purpose of and need for the Proposed Action.

Potential Environmental Impacts: No significant effects on environmental resources would be expected from the Proposed Action. Potential insignificant, adverse effects on air quality, biological resources, geology, water resources, hazardous materials and waste, noise, and transportation could be expected. No effects on cultural resources, environmental justice, land use, public health and safety, socioeconomic, recreation, utilities, or visual resources would be expected. Details of the environmental consequences are discussed in the EA, which is hereby incorporated by reference.

Determination: Based on the analysis of the Proposed Action's potential impacts to the human environment from routine operations, it was concluded that the Proposed Action would produce no significant adverse impacts. Human environment was interpreted comprehensively to include the natural and physical environment and the relationship of people with that environment. No significant cumulative effects were identified. Implementation of the Proposed Action will not violate any Federal, state, or local laws. Based on the results of the analyses performed during preparation of the EA, Ms. Mary D. Miller, Director, DLA Installation Support, concludes that the Closure of DFSP Moffett Field in Santa Clara County, CA does not constitute a major Federal action significantly affecting the quality of the human environment within the context of NEPA. Therefore, an environmental impact statement for the Proposed Action is not required.

Office of the Secretary

[Docket ID: DOD-2013-OS-0068]

Proposed Collection; Comment Request

AGENCY: Office of the Assistant to the Secretary of Defense for Public Affairs, DoD.

ACTION: Notice.

SUMMARY: In compliance with the *Paperwork Reduction Act of 1995*, the Office of the Assistant to the Secretary of Defense for Public Affairs announces the proposed extension of a public information collection and seeks public comment on the provisions thereof. Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; the accuracy of the agency's estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Consideration will be given to all comments received by September 23, 2016.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.
- *Mail:* Department of Defense, Office of the Deputy Chief Management Officer, Directorate for Oversight and Compliance, 4800 Mark Center Drive, Mailbox #24, Alexandria, VA 22350-1700.

Instructions: All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the Internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

Any associated form(s) for this collection may be located within this same electronic docket and downloaded for review/testing. Follow the instructions at <http://www.regulations.gov> for submitting comments.

www.regulations.gov for submitting comments. Please submit comments on any given form identified by docket number, form number, and title.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to: The Office of the Assistant to the Secretary of Defense for Public Affairs, ATTN: CPO (Adrien F. Creecy-Starks), 1400 Defense, The Pentagon, Washington, DC 20301-1400, or call the Directorate for Community and Public Outreach at (703) 695-3845.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Request for Armed Forces Participation in Public Events (Non-Aviation), DD Form 2536 and Request for Military Aerial Support, DD Form 2535; OMB Control Number 0704-0290.

Needs and Uses: This information collection requirement is necessary to evaluate the eligibility of events to receive Armed Forces community relations support and to determine whether requested military assets are available.

Affected Public: State, local, or tribal governments; Federal agencies or employees; for-profit and non-profit institutions; and individuals or households.

Annual Burden Hours: 17,850.

Number of Respondents: 51,000.

Responses per Respondent: 1.

Average Burden per Response: 21 minutes.

Frequency: On Occasion.

Respondents are individuals or representatives of Federal and non-Federal government agencies, community groups, for-profit and non-profit organizations, and civic organizations requesting Armed Forces support for patriotic events conducted in the civilian domain. DD Forms 2535 and 2536 record the type of military support requested, event data, and sponsoring organization information. The completed forms provide the Armed Forces the minimum information necessary to determine whether an event is eligible for military

participation and whether the desired support is permissible and/or available. If the forms are not provided, the review process is greatly increased because the Armed Forces must make additional written and telephonic inquiries with the event sponsor. In addition, use of the forms reduces the event sponsor's preparation time because the forms provide a detailed outline of information required, eliminate the need for a detailed letter, and contain concise information necessary for determining appropriateness of military support. Use of the forms is essential to reduce preparation and processing time, increase productivity, and maximize responsiveness to the public.

Dated: July 20, 2016.
