

by the Board that contain such information as the Board may deem necessary or appropriate. The Board is therefore authorized to collect information on this form pursuant to section 10(b) of HOLA. The obligation to respond is mandatory, as described in the previous paragraph. Information contained in the FR LL-10(b) is not considered confidential. If an SLHC wishes to claim confidential treatment for any information submitted on or with the form, it would need to describe the circumstances and provide a justification for the withholding of the information consistent with the Freedom of Information Act, 5 U.S.C. 552.

Current Actions: On June 1, 2016, the Federal Reserve published a notice in the **Federal Register** (81 FR 35015) requesting public comment for 60 days on the extension of the FR LL-10(b). The comment period for this notice expired on August 1, 2016. The Federal Reserve did not receive any comments. The revisions will be implemented as proposed.

2. Report title: *Notice of Proposed Declaration of Dividend.*

Agency form number: FR 1583.

OMB control number: 7100-0339.

Frequency: As needed.

Respondents: Savings and Loan Holding Companies.

Estimated number of respondents: 133.

Estimated average hours per response: 16.5 minutes.

Estimated annual burden hours: 73.

General Description of Report:

Savings association subsidiaries of SLHCs provide prior notice of a dividend by filing form FR 1583 that requires information on (1) the date of the filing, (2) the nature and amount of the proposed dividend declaration, and (3) the names and signatures of the executive officer and secretary of the savings association that have provided the notice. The savings association subsidiary must file this prior notice at least 30 days before the proposed declaration of a dividend by its board of directors. This notice may include a schedule proposing dividends of over a specified period, up to 12 months. The statute also provides that the 30-day period commences on the date of receipt of the complete record of the notice by the Federal Reserve. The Federal Reserve Board may request additional information or may impose conditions for the dividend and may determine that such dividend does not comply with the requirements of 12 CFR part 238, subpart K.

Legal authorization and confidentiality: The Board's Legal

Division determined that FR 1583 is authorized by section 10(f) of the Home Owners' Loan Act (HOLA) and section 238.103 of Regulation LL (12 CFR 238.103). Section 10(f) of the Home Owners' Loan Act, as amended (HOLA), 12 U.S.C. 1467a(f), provides that every subsidiary savings association of an SLHC shall give the Board at least 30 days' advance notice of the proposed declaration by its directors of any stock dividend. The obligation to respond is mandatory, as described in the previous paragraph, and the Federal Reserve is authorized to collect this information by section 10(f) of HOLA. The FR 1583 collects information concerning the amount of capital that an SLHC's subsidiary savings association intends to distribute. Specifically, the form asks for the name and address of the savings association, the date of the filing, the nature and amount of the proposed dividend declaration, and the names and signatures of the executive officer and secretary of the savings association. The information collected on the FR 1583 is generally not considered confidential. It is possible that a savings association or SHLC could seek confidential treatment under FOIA exemption 4 for the nature and amount of the proposed dividend declaration, in which case the institution would need to submit a request stating that disclosure of the specific information would likely result in substantial harm to its competitive position and demonstrating the specific nature of the harm that would result from public release of the information. FOIA exemption 4 covers commercial or financial information obtained from a person that is privileged or confidential. The determination of whether confidential treatment should be granted will have be made on a case-by-case basis.

Current Actions: On June 1, 2016, the Federal Reserve published a notice in the **Federal Register** (81 FR 35015) requesting public comment for 60 days on the extension, with revision, of the FR 1583. The comment period for this notice expired on August 1, 2016. The Federal Reserve did not receive any comments. The revisions will be implemented as proposed.

GENERAL SERVICES ADMINISTRATION

[Notice-MA-2016-06; Docket No. 2016-0002; Sequence 21]

Maximum Per Diem Reimbursement Rates for the Continental United States (CONUS)

AGENCY: Office of Government-wide Policy (OGP), General Services Administration (GSA).

ACTION: Notice of GSA Per Diem Bulletin FTR 17–01, Fiscal Year (FY) 2017 Continental United States (CONUS) per diem reimbursement rates.

SUMMARY: The General Services Administration's Fiscal Year (FY) 2017 per diem reimbursement rates review has resulted in lodging and meal allowance changes for certain locations within CONUS to provide for reimbursement of Federal employees' subsistence expenses while on official travel.

DATES:

Effective: August 17, 2016.

Applicability: This notice applies to travel performed on or after October 1, 2016, through September 30, 2017.

FOR FURTHER INFORMATION CONTACT: For clarification of content, contact Ms. Jill Denning, Program Analyst, Office of Government-wide Policy, Office of Asset and Transportation Management, at 202–208–7642, or by email at travelpolicy@gsa.gov. Please cite Notice of GSA Per Diem Bulletin FTR 17–01.

SUPPLEMENTARY INFORMATION:

Background: The CONUS per diem reimbursement rates prescribed in Bulletin 17–01 may be found at www.gsa.gov/perdiem. GSA bases the maximum lodging allowance rates on the average daily rate that the lodging industry reports to an independent organization. If a maximum lodging allowance rate, and/or a meals and incidental expenses (M&IE) per diem reimbursement rate, is insufficient to meet necessary expenses in any given location, Federal executive agencies can request that GSA review that location.

Please review numbers six and seven of GSA's per diem Frequently Asked Questions at (www.gsa.gov/perdiemfaqs) for more information on the special review process. In addition, the Federal Travel Regulation (FTR) allows for actual expense reimbursement as provided in §§ 301–11.300 through 301–11.306. For FY2017, no new non-standard area locations were added. The standard CONUS lodging allowance rate will increase from \$89 to \$91. The M&IE reimbursement rate tiers were not revised for FY2017. GSA issues and publishes the CONUS per diem rates, formerly published in Appendix A to 41 CFR Chapter 301, solely on the Internet at www.gsa.gov/perdiem.

GSA also now solely publishes the M&IE meal breakdown table, which is used when employees are required to deduct meals from their M&IE reimbursement pursuant to FTR § 301–11.18, at www.gsa.gov/mie. This process, implemented in 2003 for per diem reimbursement rates, and in 2015

for the M&IE breakdown table, ensures more timely changes in per diem reimbursement rates established by GSA for Federal employees on official travel within CONUS. Notices published periodically in the **Federal Register**, such as this one, now constitute the only notification of revisions in CONUS per diem reimbursement rates to agencies, other than the changes posted on the GSA Web site.

Dated: August 11, 2016.

Associate Administrator, Office of Government-wide Policy.

Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) has submitted the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995. The notice for the proposed information collection is published to obtain comments from the public and affected agencies.

Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address any of the following: (a) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) Enhance the quality, utility, and clarity of the information to be collected; (d) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses; and (e) Assess information collection costs.

To request additional information on the proposed project or to obtain a copy

of the information collection plan and instruments, call (404) 639–7570 or send an email to omb@cdc.gov. Written comments and/or suggestions regarding the items contained in this notice should be directed to the Attention: CDC Desk Officer, Office of Management and Budget, Washington, DC 20503 or by fax to (202) 395–5806. Written comments should be received within 30 days of this notice.

Proposed Project

Importation of Etiologic Agents (42 CFR 71.54) (OMB Control No. 0920–0199, exp. 1/31/2017)—Extension—Office of Public Health Preparedness and Response (OPHPR), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

Section 361 of the Public Health Service Act (42 U.S.C. 264), as amended, authorizes the Secretary of Health and Human Services to make and enforce such regulations as are necessary to prevent the introduction, transmission, or spread of communicable diseases from foreign countries into the States or possessions, or from one State or possession into any other State or possession. Part 71 of Title 42, Code of Federal Regulations (Foreign Quarantine) sets forth provisions to prevent the introduction, transmission, and spread of communicable disease from foreign countries into the United States. Subpart F—Importations—contains provisions for the importation of infectious biological agents, infectious substances, and vectors (42 CFR 71.54); requiring persons that import these materials to obtain a permit issued by the CDC.

CDC requests Office of Management and Budget approval to collect information for three years using the Application for Permit to Import Biological Agents, Infectious Substances and Vectors of Human Disease into the United States and Application for a Permit to Import or Transport Live Bats. We are also requesting a title change to read—*Application for Permit to Import Infectious Biological Agents into the United States*.

The Application for Permit to Import Biological Agents, Infectious Substances and Vectors of Human Disease into the United States form is used by laboratory facilities, such as those operated by government agencies, universities, and research institutions to request a permit for the importation of biological agents, infectious substances, or vectors of human disease. This form currently requests applicant and sender contact information; description of material for
