Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish a summary of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer on (240) 276-1243.

Project: Addiction Technology Transfer Centers (ATTC) Network Program Monitoring (OMB No. 0930-0216)—Extension

The Substance Abuse and Mental Health Administration's (SAMHSA) Center for Substance Abuse Treatment (CSAT) will continue to monitor program performance of its Addiction Technology Transfer Centers (ATTCs). The ATTCs disseminate current health services research from the National Institute on Drug Abuse, National Institute on Alcohol Abuse and Alcoholism, National Institute of Mental Health, Agency for Health Care Policy and Research, National Institute of Justice, and other sources, as well as other SAMHSA programs. To accomplish this, the ATTCs develop

and update state-of-the-art, research-based curricula and professional development training.

CSAT monitors the performance of ATTC events. The ATTCs hold three types of events: Technical assistance events, meetings, and trainings. An ATTC technical assistance event is defined as a jointly planned consultation generally involving a series of contacts between the ATTC and an outside organization/institution during which the ATTC provides expertise and gives direction toward resolving a problem or improving conditions. An ATTC meeting is defined as an ATTC sponsored or co-sponsored events in which a group of people representing one or more agencies other than the ATTC work cooperatively on a project, problem, and/or a policy. An ATTC training is defined as an ATTC sponsored or co-sponsored event of at least three hours that focuses on the enhancement of knowledge and/or skills. Higher education classes are included in this definition with each course considered as one training event.

CSAT currently uses seven (7) instruments to monitor the performance and improve the quality of ATTC events. Two (2) of these forms, the Meeting Follow-up Form and the Technical Assistance Follow-up Form, are currently approved by the Office of Management and Budget (OMB) through approval for CSAT Government Performance and Results Act (GPRA) Customer Satisfaction instruments (OMB No. 0930-0197). CSAT is not seeking any action related to these two forms at this time. They are merely referenced here to provide clarity and context to the description of the forms CSAT uses to monitor the performance of the ATTCs.

The remaining five (5) instruments for program monitoring and quality improvement of ATTC events are currently approved by the OMB (OMB No. 0930-0216) for use through April 30, 2013. These five forms are as follows: Event Description Form; Training Post Event Form; Training Follow-up Form; Meeting Post Event Form; and Technical Assistance Post Event Form. Sixty percent of the forms are administered in person to participants at educational and training events, who complete the forms by paper and pencil. Ten percent of the training courses are online, and thus, those forms are administered online. The remaining thirty percent is made up of 30-day follow-up forms that are distributed to consenting participants via electronic mail using an online survey tool. At this time, CSAT is requesting approval to extend the use of

these five forms as is, with no revisions. A description of each of these forms follows.

(1) Event Description Form (EDF). The EDF collects descriptive information about each of the events of the ATTC Network. This instrument asks approximately 10 questions of ATTC faculty/staff relating to the event focus and format, as well as publications to be used during the event. It allows the ATTC Network and CSAT to track the number and types of events held. There are no revisions to the form. CSAT is proposing to continue to use the form as is.

(2) Training Post Event Form. This form is distributed to training participants at the end of the training activity, and collected from them before they leave. For training events which take place over an extended period of time, this form is completed after the final session of training. The form asks approximately 30 questions of each individual that participated in the training. Training participants are asked to report demographic information, education, profession, field of study, status of certification or licensure, workplace role, employment setting, satisfaction with the quality of the training and training materials, and to assess their level of skills in the topic area. There are no revisions to the form. CSAT is proposing to continue to use the form as is.

(3) Training Follow-up Form. The Training Follow-up form, which is administered 30-days after the event to 25% of consenting participants, asks about 25 questions. The form asks participants to report demographic information, satisfaction with the quality of the training and training materials, and to assess their level of skills in the topic area. No revisions are being made to the form. CSAT is proposing to continue to use the form as is.

(4) Meeting Post Event Form. This form is distributed to meeting participants at the end of the meeting, and collected from them before they leave. This form asks approximately 30 questions of each individual that participated in the meeting. Meeting participants are asked to report demographic information, education, profession, field of study, status of certification or licensure, workplace role, employment setting, and satisfaction with the quality of the event and event materials, and to assess their level of skills in the topic area. No revisions are being made to the form. CSAT is proposing to continue to use the form as is.

(5) Technical Assistance (TA) Post Event form. This form is distributed to technical assistance participants at the end of the TA event. This form asks approximately 30 questions of each individual that participated in the TA event. TA participants are asked to report demographic information, education, profession, field of study, status of certification or licensure, workplace role, employment setting,

and satisfaction with the quality of the event and event materials, and to assess their level of skills in the topic area. No revisions are being made to the form. CSAT is proposing to continue to use the form as is.

The information collected on the ATTC forms will assist CSAT in documenting the numbers and types of participants in ATTC events, describing the extent to which participants report

improvement in their clinical competency, and which method is most effective in disseminating knowledge to various audiences. This type of information is crucial to support CSAT in complying with GPRA reporting requirements and will inform future development of knowledge dissemination activities.

The chart below summarizes the annualized burden for this project.

Type of respondent	Number of respondents	Responses per respondent	Total responses	Hours per response	Total annual burden hours	Hourly wage cost	Total hour cost
ATTC Faculty/Staff: Event Description Form	250	1	250	.25	62.50	\$20.64	\$1,290
Meeting and Technical Assistance Participants: Post-Event Form ...	5,000	1	5,000	.12	600	20.64	12,384
Follow-up Form	Covered under CSAT Government Performance and Results Act (GPRA) Customer Satisfaction form (OMB # 0930-0197)						
Training Participants: Post-Event Form ...	30,000	1	30,000	.16	4,800	20.64	99,072
Follow-up Form	7,500	1	7,500	.16	1,200	20.64	24,768
Total	42,750	42,750	6,662.50	137,514

Substance Abuse and Mental Health Services Administration

Notice of Meeting

Pursuant to Public Law 92-463, notice is hereby given that the Substance Abuse and Mental Health Services Administration's (SAMHSA) Center for Substance Abuse Prevention (CSAP) National Advisory Council will meet on August 23, 2016, 4:30 p.m.–5:00 p.m., in Rockville, MD.

The meeting will include the review, discussion, and evaluation of grant applications reviewed by the Initial Review Group, and involve an examination of confidential financial and business information as well as personal information concerning the applicants. Therefore, these meetings will be closed to the public as determined by the SAMHSA Administrator, in accordance with Title 5 U.S.C. 552b(c)(4) and (c)(6); and 5 U.S.C. App. 2, Section 10(d).

This notice is published less than 15 days prior to the start of the announced meeting, in accordance with 41 CFR 102-3.150(b), in order to enable the review of an additional Strategic Prevention Framework Partnerships for Success grant application, and

applications for SAMSHA's Tribal Behavioral Health Grants program. These grant applications were not ready for discussion during the July 25th NAC Review, and both grant programs use Fiscal Year 2016 annual appropriations. Therefore, it is necessary to review these grant programs as soon as possible so that SAMSHA can award grant funds to successful applicants prior to the end of the Fiscal Year.
