BILLING CODE 9110–12–P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID FEMA–2016–0018]

FEMA Directive 108–1 and FEMA Instruction 108–1–1

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice of availability.

SUMMARY: This document provides notice of availability of final FEMA Directive 108–1 and FEMA Instruction 108–1–1 (referred to as Directive and Instruction). Together, this Directive and Instruction serve as FEMA’s supplemental instructions for Environmental Planning and Historic Preservation (EHP), in accordance with the Department of Homeland Security’s (DHS) Directive 023–01, Rev. 01 and Instruction Manual 023–01–001–01, Rev. 01, Implementation of the National Environmental Policy Act (NEPA).

DATES: This final Directive and Instruction are effective August 22, 2016.

ADDRESSES: The final Directive and Instruction are available online at <http://www.regulations.gov> (docket ID FEMA–2016–0018) and on FEMA’s Web site at <https://www.fema.gov/media-library/assets/documents/118323>. You may also view a hard copy of the final Directive and Instruction at the Office of Chief Counsel, Federal Emergency Management Agency, Room 835, 500 C Street SW., Washington, DC 20472.

FOR FURTHER INFORMATION CONTACT: Katherine Zeringue, Environmental Officer, Federal Emergency Management Agency, 400 C Street SW., Suite 313, Washington, DC 20472–3020; 202–212–2282, or Katherine.Zeringue@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: On November 26, 2014, DHS issued revised NEPA implementing procedures, applicable to all DHS components, via Directive 023–01 and Instruction 023–01–001–01, which went into effect on March 26, 2015 (79 FR 70538). The EHP

Directive and Instruction operate jointly to constitute FEMA’s supplemental EHP procedures in accordance with the DHS Directive and Instruction. The Directive establishes FEMA’s policies, roles, responsibilities, and procedures for delegations of authority concerning EHP. The Instruction provides guidance and policy direction for implementation of NEPA and other EHP requirements across FEMA.

The EHP Directive and Instruction replace 44 CFR part 10: Environmental Considerations. The EHP Instruction also replaces the following policy memoranda:

A. Environmental Policy Memo 108.024.2: Other Federal Agency Clearance for Environmental Assessments (December 18, 2013).

B. Environmental Policy Memo 108.024.4: Projects Initiated Without Environmental Review Required by the National Environmental Policy Act (December 18, 2013).

Authority: The Directive and Instruction are consistent with the DHS Directive 023–01 and Instruction 023–01–001–01 for implementation of the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321 *et seq.*), as amended, and the Council on Environmental Quality (CEQ) regulations for implementing the procedural provisions of NEPA (40 CFR parts 1500–1508).

Dated: August 2, 2016.

W. Craig Fugate,
Administrator, Federal Emergency Management Agency.

Federal Emergency Management Agency

[Docket ID FEMA–2016–0002; Internal Agency Docket No. FEMA–B–1639]

Proposed Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice.

SUMMARY: Comments are requested on proposed flood hazard determinations, which may include additions or

modifications of any Base Flood Elevation (BFE), base flood depth, Special Flood Hazard Area (SFHA) boundary or zone designation, or regulatory floodway on the Flood Insurance Rate Maps (FIRMs), and where applicable, in the supporting Flood Insurance Study (FIS) reports for the communities listed in the table below. The purpose of this notice is to seek general information and comment regarding the preliminary FIRM, and where applicable, the FIS report that the Federal Emergency Management Agency (FEMA) has provided to the affected communities. The FIRM and FIS report are the basis of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP). In addition, the FIRM and FIS report, once effective, will be used by insurance agents and others to calculate appropriate flood insurance premium rates for new buildings and the contents of those buildings.

DATES: Comments are to be submitted on or before November 21, 2016.

ADDRESSES: The Preliminary FIRM, and where applicable, the FIS report for each community are available for inspection at both the online location and the respective Community Map Repository address listed in the tables below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at www.msc.fema.gov for comparison.

You may submit comments, identified by Docket No. FEMA–B–1639, to Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW., Washington, DC 20472, (202) 646–7659, or (email) patrick.sacbibit@fema.dhs.gov.

FOR FURTHER INFORMATION CONTACT: Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW., Washington, DC 20472, (202) 646–7659, or (email) patrick.sacbibit@fema.dhs.gov; or visit the FEMA Map Information eXchange (FMIX) online at

www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: FEMA proposes to make flood hazard determinations for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed flood hazard determinations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. These flood hazard determinations are used to meet the floodplain management requirements of the NFIP and also are used to calculate the appropriate flood insurance premium rates for new buildings built after the FIRM and FIS report become effective.

The communities affected by the flood hazard determinations are provided in the tables below. Any request for reconsideration of the revised flood hazard information shown on the Preliminary FIRM and FIS report that satisfies the data requirements outlined in 44 CFR 67.6(b) is considered an appeal. Comments unrelated to the flood hazard determinations also will be considered before the FIRM and FIS report become effective.

Use of a Scientific Resolution Panel (SRP) is available to communities in support of the appeal resolution process. SRPs are independent panels of experts in hydrology, hydraulics, and other pertinent sciences established to review conflicting scientific and technical data and provide recommendations for resolution. Use of the SRP only may be exercised after FEMA and local communities have been engaged in a collaborative consultation process for at least 60 days without a mutually acceptable resolution of an appeal. Additional information regarding the SRP process can be found

online at http://floodsrp.org/pdfs/srp_fact_sheet.pdf.

The watersheds and/or communities affected are listed in the tables below. The Preliminary FIRM, and where applicable, FIS report for each community are available for inspection at both the online location and the respective Community Map Repository address listed in the tables. For communities with multiple ongoing Preliminary studies, the studies can be identified by the unique project number and Preliminary FIRM date listed in the tables. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at www.msc.fema.gov for comparison.
