SUPPLEMENTARY INFORMATION: This ICR seeks approval under the PRA for revisions to the Claim for Compensation by a Dependent Information Reports information collection. This ICR covers forms a dependent of a deceased Federal employee, whose death is work-related, uses to prove continued eligibility for benefits, to show entitlement to remaining compensation payments of the deceased employee, and to show dependency. Specifically, this ICR covers Forms CA-5 (Claim for Compensation by Widow, Widower, and/or Children), CA-5b (Claim for Compensation by Parents, Brothers, Sisters, Grandparents, or Grandchildren), CA-1031 (Claimant Support of Dependent), and CA-1074

(Request for Clarification of CA-5b), as well as related form letters used to obtain follow-up information commonly needed to clarify an initial benefit claim. This information collection is considered a revision, because several clarifying changes were made to the forms and letters; however, the changes do not affect the estimated burden. Federal Employee Compensation Act as amended sections 28 and 32 authorize this information collection. See 5 U.S.C. 8145 and 8149.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1240-0013. The current approval is scheduled to expire on August 31, 2016; however, the DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on March 8, 2016 (81 FR 12129).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1240-0013. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and

- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.
