Authority: 44 U.S.C. 3507(a)(1)(D).

SUPPLEMENTARY INFORMATION: This ICR seeks PRA authority for the information collection activities needed to conduct an implementation evaluation of the Linking to Employment Activities Pre-Release (LEAP) program. The DOL has provided \$10 million to 20 grantees to develop programs that strengthen ties between the public workforce system and local correctional facilities by establishing satellite American Job Centers in local jails to bridge the gap between pre and post release employment services. More specifically, this ICR seeks approval for three data collection instruments that will be used in the LEAP implementation evaluation: (1) Site visit protocols for visits that will each last two days and involve one-on-one semi-structured interviews with facility and community-based program administrators, focus groups, and observations of program activities and reviews of a small sample of case files; (2) focus group protocols the evaluation team will use in conducting three focus groups per site; and (3) respondent

information forms on which each staff or program participant respondent will provide demographic characteristics and other relevant information to aid in the interpretation and comparison of focus group findings across sites and time periods. The DOL seeks clearance only for these three data collection activities. Should the DOL decide to undertake an impact evaluation for the LEAP grant program, a separate ICR will be submitted for OMB approval under the PRA. The public would have an opportunity to comment on that request. Workforce Investment Act section 172 authorizes this information collection. See 29 U.S.C. 2917.

This proposed information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information if the collection of information does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. For additional information, see the related notice published in the **Federal Register** on December 23, 2015 (80 FR 79936).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB ICR Reference Number 201603-1291-001. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
