I. Obtaining Information and Submitting Comments

A. Obtaining Information

Please refer to Docket ID NRC–2015–0256 when contacting the NRC about the availability of information for this action. You may obtain publicly-available information related to this action by any of the following methods:

- Federal Rulemaking Web site: Go to http://www.regulations.gov and search for Docket ID NRC-2015-0256. A copy of the collection of information and related instructions may be obtained without charge by accessing Docket ID NRC-2015-0256 on this Web site.
- NRC's Agencywide Documents Access and Management System (ADAMS): You may obtain publiclyavailable documents online in the ADAMS Public Documents collection at http://www.nrc.gov/reading-rm/ adams.html. To begin the search, select "ADAMS Public Documents" and then select "Begin Web-based ADAMS Search." For problems with ADAMS, please contact the NRC's Public Document Room (PDR) reference staff at 1–800–397–4209, 301–415–4737, or by email to pdr.resource@nrc.gov. A copy of the collection of information and related instructions may be obtained without charge by accessing ADAMS Accession No. ML16190A252. The supporting statement is available in ADAMS under Accession No. ML16172A119.
- NRC's PDR: You may examine and purchase copies of public documents at the NRC's PDR, Room O1–F21, One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852.
- NRC's Clearance Officer: A copy of the collection of information and related instructions may be obtained without charge by contacting the NRC's Clearance Officer, David Cullison, Office of the Chief Information Officer, U.S. Nuclear Regulatory Commission, Washington, DC 20555–0001; telephone: 301–415–2084; email: INFOCOLLECTS.Resource@nrc.gov.

B. Submitting Comments

The NRC cautions you not to include identifying or contact information that you do not want to be publicly disclosed in your comment submission. The NRC posts all comment submissions at http://www.regulations.gov as well as entering the comment submissions into ADAMS. The NRC does not routinely edit comment submissions to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for submission to the OMB, then you should inform those persons not to include identifying or contact information that they do not want to be publicly disclosed in their comment submission. Your request should state that comment submissions are not routinely edited to remove such information before making the comment submissions available to the public or entering the comment submissions into ADAMS.

II. Background

Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the NRC recently submitted a request for renewal of an existing collection of information to OMB for review entitled, "Security Termination Statement." The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The NRC published a **Federal Register** notice with a 60-day comment period on this information collection on May 23, 2016 (81 FR 15573).

- 1. The title of the information collection: "Security Termination Statement."
 - 2. OMB approval number: 3150-0049.
 - 3. Type of submission: Extension.
- 4. The form number if applicable: NRC Form 136.
- 5. How often the collection is required or requested: On occasion.
- 6. Who will be required or asked to respond: NRC Employees, Licensees and contractors.
- 7. The estimated number of annual responses: 300.
- 8. The estimated number of annual respondents: 300.
- 9. An estimate of the total number of hours needed annually to comply with the information collection requirement or request: 50.
- 10. Abstract: The NRC Form 136, "Security Termination Statement" is completed by employees, licensees and contractors in connection with the termination of their access authorization/security clearance granted by the NRC and to acknowledge and accept their continuing security responsibility.

Dated at Rockville, Maryland, this 31st day of August, 2016.

B. Submitting Comments

Please include Docket ID NRC–2016–0069 in the subject line of your comment submission, in order to ensure that the NRC is able to make your comment submission available to the public in this docket.

The NRC cautions you not to include identifying or contact information that you do not want to be publicly disclosed in your comment submission. The NRC posts all comment submissions at http://www.regulations.gov as well as entering the comment submissions into ADAMS. The NRC does not routinely edit comment submissions to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for submission to the NRC, then you should inform those persons not to include identifying or contact information that they do not want to be publicly disclosed in their comment submission. Your request should state that the NRC does not routinely edit comment submissions to remove such information before making the comment submissions available to the public or entering the comment submissions into ADAMS.

II. Background

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the NRC is requesting public comment on its intention to request the OMB's approval for the information collection summarized below.

- 1. The title of the information collection: Suspicious Activity Reporting using the Protected Web Server (PWS).
 - 2. OMB approval number: 3150-0219.
- 3. Type of submission: Extension.
- 4. The form number, if applicable: Not applicable.
- 5. How often the collection is required or requested: On occasion. Reporting is done on a voluntary basis, as suspicious incidents occur.
- 6. Who will be required or asked to respond: Nuclear power reactor licensees provide the majority of reports, but other entities that may voluntarily send reports include fuel facilities, independent spent fuel storage installations, decommissioned power reactors, power reactors under construction, research and test reactors, agreement states, non-agreement states, as well as users of byproduct material (e.g. departments of health, medical centers, steel mills, well loggers, and radiographers.)
- 7. The estimated number of annual responses: 124.
- 8. The estimated number of annual respondents: 62.
- 9. The estimated number of hours needed annually to comply with the information collection requirement or request: 248 hours.
- 10. Abstract: NRC licensees voluntarily report information on suspicious incidents on an ad-hoc basis, as these incidents occur. This information is shared with authorized nuclear industry officials and Federal, State, and local government agencies using PWS. Information provided by licensees is considered OFFICIAL USE ONLY and is not made public.

III. Specific Requests for Comments

The NRC is seeking comments that address the following questions:

1. Is the proposed collection of information necessary for the NRC to properly perform its functions? Does the information have practical utility?

- 2. Is the estimate of the burden of the information collection accurate?
- 3. Is there a way to enhance the quality, utility, and clarity of the information to be collected?
- 4. How can the burden of the information collection on respondents be minimized, including the use of automated collection techniques or other forms of information technology?

Dated at Rockville, Maryland, this 31st day of August, 2016.

[Docket Nos. 40-2259, 70-7015, 70-1257, 70-3098; NRC-2016-0184]

Eagle Rock Enrichment Facility and Lucky Mc Uranium Mill; Consideration of Approval of Transfer of Licenses and Conforming Amendment

AGENCY: Nuclear Regulatory Commission.

ACTION: Application for indirect and direct transfer of licenses; opportunity to comment, request a hearing, and petition for leave to intervene.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) received, and is considering approval of, an application filed by AREVA, Inc. on July 25, 2016. The application seeks the NRC's consent to: The indirect transfer of control of special nuclear material License SNM-2015 governing the proposed Eagle Rock uranium enrichment facility (EREF) that may later be constructed and operated; the direct transfer of control of source material License SUA-672 for the Lucky Mc Uranium Mill; and the direct transfer of control of Export Licenses XSOU8780, XSNM3643, and XSNM3722. If approved, the transfer of License SNM-2015 would be from AREVA Enrichment Services LLC (AES), to AREVA Nuclear Materials, LLC. The transfer of License SUA-672 and Export License XSOU8780 would be from AREVA, Inc. to AREVA Nuclear Materials, LLC. The transfer of Export Licenses XSNM3643 and XSNM3722 would be from AREVA, Inc. to TN Americas, LLC. In its application, AREVA, Inc. also requests approval of its proposed conforming amendments to reflect the new names of the "AREVA Nuclear Materials, LLC" and "TN Americas, LLC," which would hold the
