■ 1. The authority citation for part 52 continues to read as follows:

■ 2. In section 52.820(e), the table is amended by adding entry (43) in numerical order to read as follows:

EPA-APPROVED IOWA NONREGULATORY SIP PROVISIONS

Name of non-regulatory SIP revision	Applicable geographic or nonattainment area	State submittal date	EPA Approval date	Explanation
(43) Sections 110(a)(1) and (2) Infrastructure Requirements 2008 Ozone NAAQS.	Statewide	1/17/13	9/20/16 and [Insert Federal Register citation].	This action approves the following CAA elements: 110(a)(2)(A), (B), (C), (D)(i)(II)—prong 3 only, (E), (F), (G), (H), (J), (K), (L), and (M). 110(a)(2)(D)(i)(II)—prong 4 is disapproved. 110(a)(2)(I) is not applicable. **Approval of Iowa's Air Quality
Implementation Plans; Correction**

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule; correcting amendment.

SUMMARY: The Environmental Protection Agency (EPA) inadvertently approved and codified incorrect entries for final rule actions published in the **Federal Register**. This technical amendment corrects the entries.

DATES: This rule is effective on September 20, 2016.

FOR FURTHER INFORMATION CONTACT: Jan Simpson at (913) 551-7089, or by email at simpson.jan@epa.gov.

SUPPLEMENTARY INFORMATION: EPA inadvertently approved and codified incorrect entries in paragraph (c) to 40 CFR 52.820 for three separate final rule actions published in the **Federal Register**. The first published on June 11, 2015, the second published on August

14, 2015, and the third published on June 17, 2016.

The June 11, 2015 (80 FR 33192), **Federal Register** direct final action approving revisions to chapter 22 rule 567-22.3 “*Issuing Permits*” omitted the following sentence in the explanation column on page 33194 “Subrule 22.3(6) has not been approved as part of the SIP. Subrule 22.3(6), Limits on Hazardous Air Pollutants, has been approved under Title V and section 112(l). The remainder of the rule has not been approved pursuant to Title V and section 112(l)”. Therefore we are correcting page 33194 of the June 11, 2015, **Federal Register** direct final rule to add the missing language to the explanation column in table section 52.820 (c). The August 14, 2015 (80 FR 48718), **Federal Register** final rule codification of this same rule, chapter 22 rule 567-22.3 “*Issuing Permits*”, state effective date and the citation information in the EPA approval date column is incorrect. Therefore, we are correcting page 48720 of the August 14, 2015, **Federal Register** final rule to reflect the most current Federally-approved information by changing the state effective date and the EPA approval date column information.

The June 17, 2016 (81 FR 39585), **Federal Register** direct final action approving revisions to chapter 20 rule 567.20.2 “*Definitions*” state effective

date of May 7, 2008, on page 39587 is correct, however the state effective date April 22, 2015, published on June 11, 2015 (80 FR 33192) is the most current chronological effective date of this rule. By using the most current chronological effective date, we provide the reader a clear understanding of the Federally-approved state effective date of this rule. Therefore, we are correcting page 39587 of the June 17, 2016, **Federal Register** direct final action to reflect the information of the most chronological effective and EPA approval dates.

Dated: September 6, 2016.

[EPA–R09–OAR–2015–0807; FRL–9951–19–Region 9]

Approval of California Air Plan Revisions, Department of Pesticide Regulations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is taking final action to approve revisions to the California Department of Pesticide Regulations (CDPR) portion of the California State Implementation Plan (SIP). These revisions concern emissions of volatile organic compounds (VOCs) from pesticides. The overall purpose of the new and revised regulations is to restrict

the use of certain nonfumigant pesticide products applied to certain crops in the San Joaquin Valley ozone nonattainment area when VOC emissions meet or exceed 95% of the 18.1 tons per day limit on VOC emissions, or 17.2 tons per day. The rules establish limits on the sale and use of high-VOC formulations of nonfumigant pesticide products that contain any of four specified primary active ingredients for use on seven specified crops grown in the San Joaquin Valley. We are approving these rules that regulate these emission sources under the Clean Air Act (CAA or the Act).

DATES: These rules will be effective on October 20, 2016.

ADDRESSES: The EPA has established a docket for this action under Docket ID No. EPA–R09–OAR–2015–0807. All documents in the docket are listed on the <http://www.regulations.gov> Web site.
