SUPPLEMENTARY INFORMATION:

I. Why We're Publishing This Proposed Rule and What It Does

In late 2012, the Department published a final rule updating and replacing the Department's previous Freedom of Information Act (FOIA) regulations. In early 2016, the Department updated that final rule, primarily to authorize the Office of Inspector General (OIG) to process their own FOIA appeals. On June 30, 2016, the FOIA Improvement Act of 2016, Pub. L. 114–185, 130 Stat. 538 (the Act) was enacted. The Act specifically requires all agencies to review and update their FOIA regulations in accordance with its provisions, and the Department is making changes to its regulations accordingly. Finally, the Department has received feedback from its FOIA practitioners and requesters and identified areas where it would be possible to further update, clarify, and streamline the language of some procedural provisions. Therefore, the Department is proposing to make the following changes:

- Section 2.4(e) would be amended to provide additional guidance on how bureaus handle misdirected requests.

- Section 2.15 would be amended to bring attention to the Department's existing FOIA Request Tracking Tool (<https://foia.doi.gov/requeststatus>).

- Section 2.19 would be amended to bring further attention to the services provided by the Office of Government Information Services (OGIS), in accordance with the provisions of the Act.

- Section 2.21 would be amended to reflect that the OGIS would be defined earlier in the regulations than it previously had been.

- Section 2.24 would be amended to require a foreseeable harm analysis, in accordance with the provisions of the Act, and to require bureaus to provide an explanation to the requester when an estimate of the volume of any records withheld in full or in part is not provided.

- Section 2.37(f) would be amended to reflect the provisions of the Act.
- Section 2.39 would be amended to remove what would be superfluous language, after the changes to section 2.37(f).

- Section 2.58 would be amended to provide more time for requesters to appeal, in accordance with the provisions of the Act.

II. Compliance With Laws and Executive Orders

1. Regulatory Planning and Review (Executive Orders 12866 and 13563)

Executive Order (E.O.) 12866 provides that the Office of Information and Regulatory Affairs will review all significant rules. The Office of Information and Regulatory Affairs has determined that this rulemaking is not significant.

Executive Order 13563 reaffirms the principles of E.O. 12866 while calling for improvements in the nation's regulatory system to promote predictability, to reduce uncertainty, and to use the best, most innovative, and least burdensome tools for achieving regulatory ends. The Executive Order directs agencies to consider regulatory approaches that reduce burdens and maintain flexibility and freedom of choice for the public where these approaches are relevant, feasible, and consistent with regulatory objectives. E.O. 13563 emphasizes further that regulations must be based on the best available science and that the rulemaking process must allow for public participation and an open exchange of ideas. We have developed this proposed rule in a manner consistent with these requirements.

2. Regulatory Flexibility Act

The Department of the Interior certifies that this rulemaking will not have a significant economic effect on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*).

3. Small Business Regulatory Enforcement Fairness Act

This is not a major rule under 5 U.S.C. 804(2), the Small Business Regulatory Enforcement Fairness Act. This rule:

- a. Does not have an annual effect on the economy of \$100 million or more.
- b. Will not cause a major increase in costs or prices for consumers, individual industries, Federal, State, or local government agencies, or geographic regions.
- c. Does not have significant adverse effects on competition, employment, investment, productivity, innovation, or

the ability of U.S.-based enterprises to compete with foreign-based enterprises.

4. Unfunded Mandates Reform Act

This rulemaking does not impose an unfunded mandate on State, local, or tribal governments or the private sector of more than \$100 million per year. This rulemaking does not have a significant or unique effect on State, local, or tribal governments or the private sector. A statement containing the information required by the Unfunded Mandates Reform Act (2 U.S.C. 1531 *et seq.*) is not required.

5. Takings (E.O. 12630)

In accordance with Executive Order 12630, this rulemaking does not have significant takings implications. A takings implication assessment is not required.

6. Federalism (E.O. 13132)

In accordance with Executive Order 13132, this proposed rule does not have sufficient federalism implications to warrant the preparation of a federalism summary impact statement. It would not substantially and directly affect the relationship between the Federal and state governments. A federalism summary impact statement is not required.

7. Civil Justice Reform (E.O. 12988)

In accordance with Executive Order 12988, the Office of the Solicitor has determined that this rulemaking does not unduly burden the judicial system and meets the requirements of sections 3(a) and 3(b)(2) of the Executive Order.

8. Consultation With Indian Tribes (E.O. 13175)

Under the criteria in Executive Order 13175, we have evaluated this proposed rule and determined that it has no potential effects on federally recognized Indian tribes. This rulemaking does not have tribal implications that impose substantial direct compliance costs on Indian Tribal governments.

9. Paperwork Reduction Act

This proposed rule does not contain information collection requirements, and a submission to the Office of Management and Budget under the Paperwork Reduction Act is not required.

10. National Environmental Policy Act

This rulemaking does not constitute a major Federal action significantly affecting the quality of the human environment. A detailed statement under the National Environmental Policy Act of 1969, 42 U.S.C. 4321 *et*

seq. (NEPA), is not required. Pursuant to 43 CFR 46.205(b) and 43 CFR 46.210(i), the Department of the Interior NEPA implementing procedures exclude from preparation of an environmental assessment or impact statement “[p]olicies, directives, regulations, and guidelines; that are of an administrative, financial, legal, technical, or procedural nature. . . .” None of the extraordinary circumstances listed in 43 CFR 46.215 exists for this rulemaking. Accordingly, this proposed rule is categorically excluded from environmental analysis under 43 CFR 46.210(i).

11. Effects on the Energy Supply (E.O. 13211)

This rulemaking is not a significant energy action under the definition in Executive Order 13211. A Statement of Energy Effects is not required. This rulemaking will not have a significant effect on the nation's energy supply, distribution, or use.

12. Clarity of This Proposed Regulation

We are required by Executive Orders 12866 and 12988 and by the Presidential Memorandum of June 1, 1998, to write all rules in plain language. This means that each rule we publish must:

- (a) Be logically organized;
- (b) Use the active voice to address readers directly;
- (c) Use clear language rather than jargon;
- (d) Be divided into short sections and sentences; and
- (e) Use lists and tables wherever possible.

If you feel that we have not met these requirements, send us comments by one of the methods listed in the **ADDRESSES** section. To better help us revise the rule, your comments should be as specific as possible. For example, you should tell us the numbers of the sections or paragraphs that you find unclear, which sections or sentences are too long, the sections where you feel lists or tables would be useful, etc.

13. Public Availability of Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.
