Since 1987, BJS has collected information about the personnel, policies, and practices of law enforcement agencies via the Law Enforcement Management and Administrative Statistics (LEMAS) survey. This core survey, which has been administered every 4 to 6 years, has been used to produce nationally representative estimates on the demographic characteristics of sworn personnel, hiring practices, operations, equipment, technology, and agency policies and procedures. BJS plans to publish this information in reports and reference it when responding to queries from the U.S. Congress, Executive Office of the President, the U.S. Supreme Court, state officials, international organizations, researchers, students, the media, and others interested in criminal justices statistics.

Overview of this information collection:

1. *Type of Information Collection:* Extension with change of a currently approved collection.

2. *The Title of the Form/Collection:* Federal Firearms Licensee (FFL) Enrollment/National Instant Criminal Background Check System (NICS) E-Check Enrollment Form, Federal Firearms Licensee (FFL) Officer/Employee Acknowledgment of Responsibilities under the NICS form.

3. *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* The form is unnumbered

4. *Affected public who will be asked or required to respond, as well as a brief abstract:*

Primary: Any Federal Firearms Licensee (FFL) or State Point of Contact (POC) requesting access to conduct National Instant Criminal Background Check Systems (NICS) checks telephonically or by the Internet through the NICS E-Check.

Abstract: The Brady Handgun Violence Prevention Act of 1993 required the United States Attorney General to establish a national instant criminal background check system that any FFL may contact, by telephone or by other electronic means, for information to be supplied immediately, on whether receipt of a firearm to a prospective purchaser would violate state or federal law. Information pertaining to licensees who may contact the NICS is being collected to manage and control access to the NICS and to the NICS E-Check, to ensure appropriate resources are available to support the NICS and also to ensure the privacy and security of NICS information.

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* The completion of the Federal Firearms Licensee (FFL) Enrollment/National Instant Criminal Background Check System (NICS) E-Check Enrollment Form is estimated that there are 406 respondents each month, 4,872 (406 × 12) annual responses, and that each response takes approximately two minutes, time to complete the form is estimated to be three minutes; and the time to assemble, mail, or fax the form

to the FBI is estimated to be three minutes, for a total of 8 minutes per form. Total completion time is $4,872 \times 8/60 = 650$ hours.

The completion of the Federal Firearms Licensee (FFL) Officer/Employee Acknowledgment of Responsibilities under the NICS form is estimated to take approximately three minutes to read the responsibilities and two minutes to complete the form, for a total of five minutes. The average hour burden for this specific forms is $6,000 \times 5 \text{ minutes}/60 = 250$ hours.

6. *An estimate of the total public burden (in hours) associated with the collection:* The entire process of reading the letter and completing both forms would take 15 minutes per respondent. The average hour burden for completing both forms and reading the accompanying letter would be $4,872 \times 15/60 = 1,218$ hours.
