ENVIRONMENTAL PROTECTION AGENCY

[EPA–HQ–OAR–2010–0505; FRL–9953–57–OAR]

Clarification of Reconsideration of the Oil and Natural Gas Sector: New Source Performance Standards; Final Action

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of supplemental action denying petitions for reconsideration.

SUMMARY: The U.S. Environmental Protection Agency (EPA) is providing notice that it has clarified the scope of its July 29, 2016, response to petitions for reconsideration of the 2012 final rule titled “Oil and Natural Gas Sector: New Source Performance Standards and National Emission Standards for Hazardous Air Pollutants Reviews” and the subsequent amendments published in the **Federal Register** on September 23, 2013, and December 31, 2014. The EPA has sent a letter to each of the petitioners clarifying that the July 29, 2016, action denied the above mentioned petitions only with respect to the issues related to the new source performance standards (NSPS), and was not intended to include denial of reconsideration of any issue relative to the 2012 action on the national emission standards for hazardous air Pollutants (“2012 NESHAP”). The letters further state that, to the extent the July 29, 2016, action may be construed to have denied reconsideration of issues relative to the 2012 NESHAP, the follow-up letters supersede that previous action on NESHAP-related matters.

DATES: Effective October 4, 2016.

SUPPLEMENTARY INFORMATION:

I. Where can I get a copy of this document and other related information?

A copy of this **Federal Register** notice, the supplemental letters, and the revised supporting document describing the full basis for the July 29, 2016, action are available in the docket the EPA established under Docket ID No. EPA–HQ–OAR–2010–0505. In addition, following signature, all relevant documents will be available on the

World Wide Web (WWW) at the following address: <https://www3.epa.gov/airquality/oilandgas/actions.html>.

II. Description of Action

On August 16, 2012, the EPA published the final rule titled “Oil and Natural Gas Sector: New Source Performance Standards and National Emission Standards for Hazardous Air Pollutants Reviews.” See 77 FR 49490. The rule contains final actions on two different national standards for the oil and natural gas sector: (1) NSPS, promulgated under section 111 of the Clean Air Act (CAA) and (2) NESHAP, promulgated under section 112 of the CAA. The 2012 rule was followed by a series of reconsideration actions and amendments to the 2012 NSPS. 78 FR 58416 (September 23, 2013); 79 FR 79018 (December 31, 2014); 80 FR 48262 (August 12, 2015); and 81 FR 35824 (June 3, 2016) (“2016 Final Rule”). The EPA received administrative petitions for reconsideration of the 2012 rules (on both the NSPS and the NESHAP), as well as for reconsideration of the 2013 and 2014 NSPS amendments. On July 29, 2016, the Administrator took final action denying these petitions with respect to NSPS issues not otherwise addressed in prior reconsideration actions. That action was announced in a **Federal Register** notice published on August 10, 2016 (81 FR 52778). Although several of the reconsideration petitions identified in the July 29, 2016, action also include NESHAP issues, and one petition pertains only to the 2012 NESHAP,¹ the EPA did not address the substance of any NESHAP related issues in that action.

The EPA is providing notice that it has issued a supplemental letter to clarify the scope of its July 29, 2016, action. The supplemental letter further clarifies that the July 29, 2016, action was not intended to include denial of reconsideration of any issue relative to the 2012 NESHAP and that the EPA continues to evaluate reconsideration issues relative to the 2012 NESHAP. The letter also states that, to the extent the July 29, 2016, letter may be construed to have denied reconsideration of issues relative to the 2012 NESHAP, the
