

and to operate more efficiently. As set forth in the Exchange Response Letter, the Exchange states that whether a User purchases access to the GPS, NTP, or PTP time feed, it benefits from the same precautions as the Exchange's production environment, as the Exchange uses the same GPS time feed equipment, including antennas and receivers, to provide time feeds to Users.⁵⁵ The Commission therefore believes that the proposed time feeds, would remove impediments to, and perfect the mechanisms of, a free and open market and a national market system and, in general, protect investors and the public interest. The Exchange represents that connectivity to the GPS time feed is not available for partial cabinets because the proximity of the GPS and power connections into a partial cabinet would expose the GPS to interference from the cable power connections, interfering with the delivery of the GPS data.⁵⁶ The Exchange also represents that connectivity to the NTP time feed is not proposed to be offered over the IP network due to lack of demand.⁵⁷ For these reasons, the Commission believes that providing connectivity to the GPS Time Source for dedicated cabinets but not partial cabinets, and to the NTP time feed through the LCN but not the IP network, is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Commission also finds the Exchange's proposal to offer Partial Cabinet Solution bundles consistent with Section 6(b)(5) of the Act. As noted, all Users seeking to purchase a Partial Cabinet Solution bundle would be subject to the same conditions. The Commission believes that the proposed Partial Cabinet Solution bundles are reasonably designed to make it more cost effective for Users with minimal power or cabinet space demands to take advantage of the option for co-location services, and therefore that they are designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest, and are not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

For the foregoing reasons, the Commission also finds that, the proposed rule change, as modified by

Amendment No. 2, is consistent with the Act.

V. Solicitation of Comments on Amendment No. 2

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether this filing, as modified by Amendment No. 2, is consistent with the Act. Comments may be submitted by any of the following methods:

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549-1090.

All submissions should refer to File No. SR-NYSEArca-2015-102. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street NE., Washington, DC 20549 on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of such filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File No. SR-NYSEArca-2015-102, and should be submitted on or before March 3, 2016.

VI. Accelerated Approval of Proposed Rule Change, as Modified by Amendment No. 2

The Commission finds good cause, pursuant to Section 19(b)(2) of the Act, to approve the proposed rule change, as modified by Amendment No. 2, prior to the 30th day after the date of publication of Amendment No. 2 in the **Federal Register**. As discussed above, Amendment No. 2 updates dates in the original proposed rule change and adds clarity on the differences between the three time feeds in terms of their precision.⁵⁸ The Commission believes that these revisions provide clarity on when partial cabinet bundle discounts will apply along with additional information on the differences between the various time feeds. Furthermore, the Commission believes it is appropriate to have these changes incorporated into the rules of the Exchange concurrently with those changes discussed in the original filing.

Accordingly, the Commission finds good cause for approving the proposed rule change, as modified by Amendment No. 2, on an accelerated basis, pursuant to Section 19(b)(2) of the Act.⁵⁹

VII. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,⁶⁰ that the proposed rule change, as modified by Amendment No. 2, (SR-NYSEArca-2015-102) be, and hereby is, approved on an accelerated basis.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁶¹

Brent J. Fields,
Secretary.
