BILLING CODE 6335-01-P

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[B-5-2016]

Foreign-Trade Zone (FTZ) 279— Terrebonne Parish, Louisiana; Notification of Proposed Production Activity; Thoma-Sea Marine Constructors, L.L.C. (Shipbuilding); Houma, Louisiana

The Houma-Terrebonne Airport Commission, grantee of FTZ 279, submitted a notification of proposed production activity to the FTZ Board on behalf of Thoma-Sea Marine Constructors, L.L.C. (Thoma-Sea), located in Houma, Louisiana. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on February 3, 2016.

A separate request for subzone designation at the Thoma-Sea facilities is planned and will be processed under Section 400.31 of the FTZ Board's regulations. The facilities are used for the construction and repair of oceangoing vessels. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials

and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Thoma-Sea from customs duty payments on the foreign status components used in export production. On its domestic sales, Thoma-Sea would be able to choose the duty rate during customs entry procedures that applies to oceangoing vessels (free) for the foreign status inputs noted below. Customs duties also could possibly be deferred or reduced on foreign status production equipment.

The components sourced from abroad include: plastic hoses; printed manuals; steel pipe fittings; doors; steel tanks; hatches/manholes; copper anodes; zinc rods; base metal mountings; outboard motors; parts of marine engines; parts of hydraulic pumps; hydraulic fluid pumps; compressors; portal/pedestal jib cranes; thruster parts; pressure-reducing valves; steel tank valves; vent check valves; machine parts of automated systems; electric motors; AC generators; speed drive controllers; power supplies; batteries; power cells; starter generators/motors; electric ignition starter parts; fuses; circuit boards; parts of electrical switching apparatus; insulated winding wire; liquid flow/level measuring instruments; parts of printed circuit assemblies; and, parts of measuring instruments (duty rate ranges from free to 5.7%).

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary at the address below. The closing period for their receipt is March 23, 2016.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the FTZ Board's Web site, which is accessible via www.trade.gov/ftz.

For further information, contact Pierre Duy at Pierre.Duy@trade.gov or (202) 482-1378.

Dated: February, 2, 2016.

Andrew McGilvray,

Executive Secretary.

Citric Acid and Certain Citrate Salts From Canada: Preliminary Results of Antidumping Duty Administrative Review; 2014-2015

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on citric acid and certain citrate salts (citric acid) from Canada. The period of review (POR) is May 1, 2014, through April 30, 2015. The review covers one producer/exporter of the subject merchandise, Jungbunzlauer Canada Inc. (JBL Canada). We preliminarily determine that sales of subject merchandise by JBL Canada were not made at prices below normal value (NV). We invite interested parties to comment on these preliminary results.

DATES: *Effective Date:* February 12, 2016.

FOR FURTHER INFORMATION CONTACT: Rebecca Trainor or Katherine Johnson, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone (202) 482-4007 or (202) 482-4929, respectively.

SUPPLEMENTARY INFORMATION:

Scope of the Order

The merchandise covered by this order is citric acid and certain citrate salts from Canada. The product is currently classified under subheadings 2918.14.0000, 2918.15.1000, 2918.15.5000, and 3824.90.9290 of the Harmonized Tariff System of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of merchandise subject to the scope is dispositive.¹

¹ A full description of the scope of the order is contained in the memorandum to Paul Piquado, Assistant Secretary for Enforcement and Compliance, from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, "Decision Memorandum for Preliminary Results of Antidumping Duty Administrative Review: Citric Acid and Certain Citrate Salts from Canada; 2014-2015" (Preliminary Decision Memorandum), dated concurrently with these results and hereby adopted by this notice.

Methodology

The Department is conducting this review in accordance with section 751(a)(1)(B) and (2) of the Tariff Act of 1930, as amended (the Act). Constructed export price is calculated in accordance with section 772 of the Act. NV is calculated in accordance with section 773 of the Act. For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum, which is hereby adopted by this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS).² ACCESS is available to registered users at <http://access.trade.gov>, and to all parties in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed at <http://enforcement.trade.gov/frn/>. The signed Preliminary Decision Memorandum and the electronic version of the Preliminary Decision Memorandum are identical in content. A list of the topics discussed in the Preliminary Decision Memorandum is attached as an Appendix to this notice.

Preliminary Results of the Review³

As a result of this review, the Department preliminarily determines that a weighted-average dumping margin of 0.00 percent exists for JBL Canada for the period May 1, 2014, through April 30, 2015.

Disclosure and Public Comment

We intend to disclose to interested parties the calculations performed in connection with these preliminary

results within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Interested parties may submit case briefs not later than 30 days after the date of publication of this notice.⁴ Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.⁵ Pursuant to 19 CFR 351.309(c)(2) and (d)(2), parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, within 30 days after the date of publication of this notice. Requests should contain: (1) The party's name, address, and telephone number; (2) the number of participants; and (3) a list of issues parties intend to be discussed. Issues raised in the hearing will be limited to those raised in the respective case and rebuttal briefs. If a request for a hearing is made, the Department intends to hold the hearing at the U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230, at a time and date to be determined. See 19 CFR 351.310(d). Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

The Department intends to issue the final results of this administrative review, including the results of its analysis of issues raised in any written briefs, not later than 120 days after the date of publication of this notice, unless the deadline is extended.⁶

Assessment Rates

Upon completion of the administrative review, the Department shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review.⁷

We calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of antidumping duties calculated for the examined sales to the total entered value of the examined sales to that importer. We will instruct CBP to assess antidumping duties on all appropriate

entries covered by this review when the importer-specific assessment rate calculated in the final results of this review is above *de minimis*. Where either the respondent's weighted-average dumping margin is zero or *de minimis*, or the importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.⁸

We intend to issue instructions to CBP 41 days after the date of publication of the final results of this review.

Cash Deposit Requirements

The following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for JBL Canada will be the rate established in the final results of this review, except if the rate is *de minimis* within the meaning of 19 CFR 351.106(c)(1) (*i.e.*, less than 0.50 percent), in which case the cash deposit rate will be zero; (2) for previously reviewed or investigated companies not participating in this review, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 23.21 percent, the all-others rate established in the less-than-fair-value investigation.⁹ These requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with

² On November 14, 2014, Enforcement and Compliance changed the name of Enforcement and Compliance's AD and CVD Centralized Electronic Service System (IA ACCESS) to AD and CVD Centralized Electronic Service System (ACCESS). The Web site location was changed from <http://iaaccess.trade.gov> to <http://access.trade.gov>. The Final Rule changing the references to the Regulations can be found at 79 FR 69046 (November 20, 2014).

³ As explained in the memorandum from the Acting Assistant Secretary for Enforcement & Compliance, the Department has exercised its discretion to toll all administrative deadlines due to the recent closure of the Federal Government. See Memorandum to the Record from Ron Lorentzen, Acting A/S for Enforcement & Compliance, regarding "Tolling of Administrative Deadlines as a Result of the Government Closure During Snowstorm Jonas," dated January 27, 2016. All deadlines in this segment of the proceeding have been extended by four business days. The revised deadline for the preliminary determination of this administrative review is now February 5, 2016.

⁴ See 19 CFR 351.309(c).

⁵ See 19 CFR 351.309(d).

⁶ See section 751(a)(3)(A) of the Act and 19 CFR 351.213(h).

⁷ See 19 CFR 351.212(b)(1).

⁸ See *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Duty Proceedings; Final Modification*, 77 FR 8101, 8103 (February 14, 2012); see also 19 CFR 351.106(c)(2).

⁹ See *Citric Acid and Certain Citrate Salts from Canada and the People's Republic of China: Antidumping Duty Orders*, 74 FR 25703 (May 29, 2009).

this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(4).

Dated: February 5, 2016.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

Certain Magnesia Carbon Bricks From Mexico and the People's Republic of China: Continuation of Antidumping Duty Orders and Countervailing Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the Department of Commerce ("the Department") and the International Trade Commission ("ITC") that revocation of the antidumping duty ("AD") orders on certain magnesia carbon bricks ("MCBs") from Mexico and the People's Republic of China ("PRC") and the countervailing duty ("CVD") order on MCBs from the PRC would likely lead to a continuation or recurrence of dumping and countervailable subsidies and material

injury to an industry in the United States, the Department is publishing a notice of continuation of the antidumping duty orders and the countervailing duty order.

DATES: *Effective Date:* February 12, 2016.

FOR FURTHER INFORMATION CONTACT:

Kenneth Hawkins, AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-6491.

SUPPLEMENTARY INFORMATION:

Background

On August 3, 2015 the Department published a notice of initiation of the first sunset review of the AD orders on MCBs from Mexico and the PRC, and the CVD order on MCBs from the PRC, pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act").¹ As a result of its review, the Department determined that revocation of the AD orders would likely lead to a continuation or recurrence of dumping and that revocation of the CVD order would likely lead to continuation or recurrence of countervailable subsidies. The Department, therefore, notified the ITC of the magnitude of the margins and net countervailable subsidy rates likely to prevail should the antidumping orders and the countervailing duty order be revoked.² On February 2, 2016, the ITC published notice of its determination, pursuant to section 751(c) of the Act, that revocation of the AD and CVD orders on MCBs from Mexico and the PRC would likely lead to a continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.³

Scope of the Orders

Imports covered by the orders consist of certain chemically bonded (resin or pitch), MCBs with a magnesia

component of at least 70 percent magnesia ("MgO") by weight, regardless of the source of raw materials for the MgO, with carbon levels ranging from trace amounts to 30 percent by weight, regardless of enhancements, (for example, MCBs can be enhanced with coating, grinding, tar impregnation or coking, high temperature heat treatments, anti-slip treatments or metal casing) and regardless of whether or not anti-oxidants are present (for example, antioxidants can be added to the mix from trace amounts to 15 percent by weight as various metals, metal alloys, and metal carbides).

Certain MCBs that are the subject of this investigation are currently classifiable under subheadings 6902.10.1000, 6902.10.5000, 6815.91.0000, 6815.99.2000, and 6815.99.4000 of the Harmonized Tariff Schedule of the United States ("HTSUS"). While HTSUS subheadings are provided for convenience and customs purposes, the written description is dispositive.

Continuation of the Orders

As a result of the determinations by the Department and the ITC that revocation of the AD and CVD orders would likely lead to a continuation or recurrence of dumping and countervailable subsidies and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act and 19 CFR 351.218(a), the Department hereby orders the continuation of the AD orders on MCBs from Mexico and the PRC and the CVD order on MCBs from the PRC. U.S. Customs and Border Protection will continue to collect AD and CVD duty cash deposits at the rates in effect at the time of entry for all imports of subject merchandise.

The effective date of the continuation of the orders will be the date of publication in the **Federal Register** of this notice of continuation. Pursuant to section 751(c)(2) of the Act, the Department intends to initiate the next five-year review of the orders not later than 30 days prior to the fifth anniversary of the effective date of continuation.

This five-year ("sunset") review and this notice are in accordance with section 751(c) of the Act and published pursuant to section 777(i)(1) of the Act and 19 CFR 351.218(f)(4).

Dated: February 5, 2016.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.
