

October 9, 1996, revised the formula for indexing maximum daily benefit rates. Under the prescribed formula, the maximum daily benefit rate increases by approximately two-thirds of the cumulative growth in average national wages since 1984. The maximum daily benefit rate for registration periods beginning after June 30, 2017, shall be equal to 5 percent of the monthly compensation base for the base year immediately preceding the beginning of the benefit year. Section 2(a)(3) further provides that if the amount so computed is not a multiple of \$1, it shall be rounded down to the nearest multiple of \$1.

The calendar year 2016 monthly compensation base is \$1,455. Multiplying \$1,455 by 0.05 yields \$72.75. Accordingly, the maximum daily benefit rate for days of unemployment and days of sickness beginning in registration periods after June 30, 2017, is determined to be \$72.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-79148; File No. SR-BatsBYX-2016-27]

Self-Regulatory Organizations; Bats BYX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend BYX Rule 11.13, Order Execution and Routing

October 25, 2016.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on October 12, 2016, Bats BYX Exchange, Inc. (the “Exchange” or “BYX”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Exchange has designated this proposal as a “non-controversial” proposed rule change pursuant to Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(6)(iii) thereunder,⁴ which renders it effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange filed a proposal to amend Exchange Rule 11.13(b)(1) to describe when an order marked as “short” may be eligible for routing when a short sale price test restriction is in effect.

The text of the proposed rule change is available at the Exchange's Web site at www.batstrading.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of

the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Exchange Rule 11.13(b)(1) to describe when an order to sell marked⁵ as “short”⁶ may be eligible for routing when a short sale price test restriction is in effect. Under Rule 201 of Regulation SHO,⁷ short sale orders in a covered security⁸ generally cannot be executed or displayed by a Trading Center,⁹ such as the Exchange, at a price that is at or below the current national best bid (“NBB”)¹⁰ when a short sale circuit breaker is in effect for the covered security (the “short sale price test restriction”).¹¹

Under Rule 11.13(b)(1), an order marked “short” when a short sale price test restriction is in effect is not eligible for routing by the Exchange. If an order is ineligible for routing due to a short sale price test restriction and such order is an Immediate or Cancel (“IOC”) Order¹² or a BYX Market Order,¹³ then

⁵ 17 CFR 242.200(g).

⁶ The term “short sale” is defined as “any sale of a security which the seller does not own or any sale which is consummated by the delivery of a security borrowed by, or for the account of, the seller.” 17 CFR 242.200(a).

⁷ See 17 CFR 242.201; Securities Exchange Act Release No. 61595 (February 26, 2010), 75 FR 11232 (March 10, 2010).

⁸ Rule 201(a)(1) of Regulation SHO defines the term “covered security” to mean any “NMS stock” as defined under Rule 600(b)(47) of Regulation NMS. Rule 600(b)(47) of Regulation NMS defines an “NMS stock” as “any NMS security other than an option.” Rule 600(b)(46) of Regulation NMS defines an “NMS security” as “any security or class of securities for which transaction reports are collected, processed, and made available pursuant to an effective transaction reporting plan, or an effective national market system plan for reporting transactions in listed options.” 17 CFR 242.201(a)(1); 17 CFR 242.600(b)(46); and 17 CFR 242.600(b)(47).

⁹ Rule 201(a)(9) of Regulation SHO states that the term “Trading Center” shall have the same meaning as in Rule 600(b)(78) of Regulation NMS. Rule 600(b)(78) of Regulation NMS defines a “Trading Center” as “a national securities exchange or national securities association that operates an SRO trading facility, an alternative trading system, an exchange market maker, an OTC market maker, or any other broker or dealer that executes orders internally by trading as principal or crossing orders as agent.” 17 CFR 242.200(a)(9); 17 CFR 242.600(b)(78).

¹⁰ 17 CFR 242.201(a)(4); 17 CFR 242.600(b)(42).

¹¹ 17 CFR 242.201(b)(1).

¹² See Exchange Rule 11.9(b)(1).

¹³ See Exchange Rule 11.9(a)(2). The Exchange also proposes to remove the reference to BYX Market Orders in Rule 11.13(b)(1) as BYX Market Orders with a time-in-force of Day that are ineligible for routing due to a short sale price test restriction pursuant to Rule 201 of Regulation SHO

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

⁴ 17 CFR 240.19b-4(f)(6)(iii).

the order will be cancelled. If an order is ineligible for routing due to a short sale price test restriction and such order is a Limit Order,¹⁴ the Exchange will post the unfilled balance of the order to the BYX Book,¹⁵ subject to the price sliding process as defined in paragraph (g) of Exchange Rule 11.9.¹⁶

The Exchange proposes to specify in Rule 11.13 that orders marked “short” may be eligible for routing by the Exchange when a short sale price test restriction is in effect where the User¹⁷ selects the Post to Away¹⁸ routing option.¹⁹ In contrast to all other routing strategies, which are routed to other Trading Centers for immediate execution, the Post to Away routing option is an order that is sent to other Trading Centers for posting and/or later execution as further described below. Under the Post to Away routing option, the remainder of a routed order is routed to and posted to the order book of a destination on the System routing table,²⁰ as specified by the User. Orders routed pursuant to the Post to Away routing option that are identified as “short” are subject to the receiving Trading Center’s processes for handling short sale orders in compliance with Rule 201 of Regulation SHO.²¹

Under Exchange Rule 11.13(b)(1), IOC Orders marked “short” that are not eligible for routing during a short sale price test restriction will continue to be cancelled.²² The unfilled portions of Limit Orders marked “short” that are ineligible for routing due to a short sale price test restriction Exchange will continue to be posted to the BYX Book

subject to the price sliding process as defined in paragraph (g) of Exchange Rule 11.9.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act²³ and furthers the objectives of Section 6(b)(5) of the Act²⁴ because it is designed to promote just and equitable principles of trade, remove impediments to and perfect the mechanism of a free and open market and a national market system, foster cooperation and coordination with persons engaged in facilitating transactions in securities, and, in general, protect investors and the public interest. Specifically, the proposed changes are designed to ensure clarity in the Exchange’s rulebook with respect to the routing of orders in compliance with Rule 201 of Regulation SHO. In addition, providing Users the ability to send short sale orders that are routable pursuant to the Post to Away routing option provides them additional flexibility with regard to the handling of their orders. The Exchange notes that short sale orders routed pursuant to the Post to Away routing option are identified as “short” and, therefore, subject to the receiving Trading Center’s processes for handling short sale orders in compliance with Rule 201 of Regulation SHO.²⁵ The Exchange also notes that other national securities exchanges do not expressly prohibit the routing of short sale orders. For example, Nasdaq and NYSE Arca, Inc. (“NYSE Arca”) allow for the routing of short sale orders generally, and do not limit a short sale order’s ability to route to certain routing options.²⁶ Thus, the proposal is directly targeted at removing impediments to and perfecting the mechanism of a free and open market and national market system. The proposed rule change also is designed to support the principles of Section 11A(a)(1)²⁷ of the Act in that it seeks to assure fair competition among brokers and dealers and among exchange markets.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange is simply proposing to reflect in its rules that orders marked “short” may be routed to an away market for execution under one specific routing strategy offered by the Exchange.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (A) Significantly affect the protection of investors or the public interest; (B) impose any significant burden on competition; and (C) by its terms, become operative for 30 days from the date on which it was filed or such shorter time as the Commission may designate it has become effective pursuant to Section 19(b)(3)(A) of the Act²⁸ and paragraph (f)(6) of Rule 19b-4 thereunder,²⁹ the Exchange has designated this rule filing as non-controversial. The Exchange has given the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (1) Necessary or appropriate in the public interest; (2) for the protection of investors; or (3) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act.

¹⁵ See Exchange Rule 1.5(e).

¹⁶ In sum, under Exchange Rule 11.9(g), a short sale order that, at the time of entry, could not be executed or displayed in compliance with Rule 201 of Regulation SHO will be re-priced by the System at one minimum price variation above the current NBB (“Permitted Price”). the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Exchange Rule 11.11(a) to describe when an order that includes a Short Sale⁵ instruction may be eligible for routing when a short sale price test restriction is in effect. Under Rule 201 of Regulation SHO,⁶ a short sale order in a covered security⁷ generally cannot be executed or displayed by a Trading Center,⁸ such as the Exchange, at a price that is at or below the current national best bid ("NBB")⁹ when a short sale circuit breaker is in effect for the covered security (the "short sale price test restriction").¹⁰
