

DEPARTMENT OF DEFENSE**Office of the Secretary**

[Docket ID: DOD–2016–HA–0109]

Proposed Collection; Comment Request

AGENCY: Office of the Assistant Secretary of Defense for Health Affairs, DoD.

ACTION: Notice.

SUMMARY: In compliance with the *Paperwork Reduction Act of 1995*, the Office of the Assistant Secretary of Defense for Health Affairs announces a proposed public information collection and seeks public comment on the provisions thereof. Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; the accuracy of the agency's estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Consideration will be given to all comments received by January 3, 2017.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

- *Mail:* Department of Defense, Office of the Deputy Chief Management Officer, Directorate for Oversight and Compliance, 4800 Mark Center Drive, Mailbox #24, Alexandria, VA 22350–1700.

Instructions: All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the Internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

Any associated form(s) for this collection may be located within this same electronic docket and downloaded for review/testing. Follow the instructions at <http://www.regulations.gov> for submitting comments. Please submit comments on any given form identified by docket number, form number, and title.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to Mr. Doug McBroom, Defense Health Agency, TRICARE Policy & Benefits Office, 7700 Arlington Blvd., Suite 5101, Falls Church, VA 22042–5101, telephone 303–676–3533.

SUPPLEMENTARY INFORMATION:
Title; Associated Form; and OMB Number: Certification of Non-Contributory TRICARE Supplemental Insurance Plan; OMB Control Number 0720–0044.

Needs and Uses: Section 707 of the John Warner National Defense Authorization Act for Fiscal Year 2007 added section 1097c to Title 10. Section 1097c prohibits employers from offering financial or other incentives to certain TRICARE-eligible employees to not enroll in an employer-offered group health plan. In other words, employers may no longer offer TRICARE supplemental insurance plans as part of an employee benefit package. Employers may, however, offer TRICARE supplemental insurance plans as part of an employee benefit package provided the plan is not paid for in whole or in part by the employer and is not endorsed by the employer. When such TRICARE supplemental plans are offered, the employer must properly document that they did not provide any payment for the benefit nor receive any direct or indirect consideration or compensation for offering the benefit; the employer's only involvement is providing the administrative support. That certification will be provided upon request to the Department of Defense.

Affected Public: Business, or other for profit; Not-for-profit institutions.
Annual Burden Hours: 20.
Number of Respondents: 10.
Responses per Respondent: 1.
Annual Responses: 10.
Average Burden per Response: 2 hours.
Frequency: On Occasion.
Respondents are limited to employers who make available non-contributory TRICARE supplemental insurance plan to their employees. One certification must be completed per employer and kept on file by the employer for as long as such plans are offered.
Dated: November 1, 2016.

POLICY JUSTIFICATION

Government of Egypt—Description of Sale: Common Missile Warning System (CMWS) for AH-64E Apache, UH-60 Blackhawks and CH-47 Chinook Helicopters

The Government of Egypt has requested a possible sale of: *Major Defense Equipment (MDE):* Sixty-seven (67) AN/AAR-57 Common Missile Warning Systems (CMWS).

This request also includes the following Non-MDE: OCONUS Installation/Integration, Installation Mounting Kits, Countermeasure Dispenser Test Set AN/ALM-294, Technical Assistance, U.S. Government Training and OCONUS Contractor Training, publications and technical documents, quality assurance and other related elements of logistics and program support. The estimated cost is \$81.4 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a strategic partner that has been and continues to be an important force for political stability and economic progress in the Middle East.

The proposed sale of the CMWS will equip the Egyptian Air Force's fleet of multi mission helicopters with a detection system for infrared missile threats. Egypt will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractors will be BAE Systems and DynCorp. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require the assignment of two (2) U.S. Government and two (2) contractor representatives to Egypt to support

delivery of such equipment, installation and integration, maintenance and to provide technical support and equipment familiarization.

Additionally, this program will require multiple trips involving U.S. Government and contractor personnel to participate in technical reviews, training and installation.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 16-49

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act

Annex

Item No. vii

(vii) *Sensitivity of Technology:*
1. AN/AAR-57—Common Missile Warning System (CMWS)—The Common Missile Warning System (CMWS) provides superior detection of infrared missile threats for rotary-wing, transport, and tactical aircraft. It is the detection component of a suite of countermeasures to increase survivability of current generation combat, airlift, and special operations aircraft against the threat posed by infrared guided missiles. It also provides automatic, passive missile detection, threat declaration, crew warning, software reprogramming, false alarm suppression and cues to other on-board systems, such as dispensers, which may be utilized for flare decoys. Each platform includes: Electro-optical Missile Sensors, and Electronic Control Unit (ECU), Sequencer, and the Improved Countermeasures Dispenser (ICMD). The ECU hardware is classified CONFIDENTIAL; releasable technical manuals for operation and maintenance are classified SECRET.

2. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software equipment, the information could be used to develop countermeasures or

equivalent systems which may reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.

3. A determination has been made that Egypt can provide substantially the same degree of protection for this technology as the U.S. Government. This proposed sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.

4. All defense articles and services listed in this transmittal have been authorized for release and export to Egypt.
