This helps the Department assess the impact of its information collection requirements and minimize

the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Application for the Rural Education Achievement Program (REAP).

OMB Control Number: 1810-0646.

Type of Review: A revision of an existing information collection.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 6,049.

Total Estimated Number of Annual Burden Hours: 20,683.

Abstract: This data collection is pursuant to the Secretary's authority under Part B of Title V of the Elementary and Secondary Education Act (ESEA), as amended by the Every Student Succeeds Act (ESSA, Public Law 114-95) to award funds under two grant programs designed to address the unique needs of rural school districts—the Small, Rural School Achievement (SRSA) program (ESSA Section 5211) and the Rural and Low-Income School (RLIS) program (ESSA Section 5221). For both grant programs, the Department awards funds based on a calculation of the allocation each eligible LEA should receive according to formulas prescribed in the statute. This data collection package consists of two forms and related documents that are used to accomplish the grant award process: (1) Form 1 is a spreadsheet used by SEAs to submit information to identify RLIS- and SRSA-eligible LEAs and to allocate funds based on the appropriate formula, and (2) Form 2 is an application form for SRSA-eligible LEAs to apply for funding. The REAP Eligibility Spreadsheet (Form 1) has been modified from the previously-approved collection under OMB #1810-0646, to exclude data that is no longer

needed because of improvements in processes, and to include data that is now required due to changes in the new statute.

The main thrust of this revision involves the SRSA Application Package (Form 2). The REAP program office seeks to replace the existing G5 document with the Standard Form (SF) 424 (OMB #4040-0004), available through GRANTS.gov. The move to GRANTS.gov is necessary because beginning with the FY 2017 grant award cycle, all SRSA-eligible LEAs will submit an annual application in order to receive SRSA grant funds. In addition, this revision removes Standard Form-LLL Disclosure of Lobbying activities, which no longer applies to SRSA applicants, and adds the General Education Provisions Act (GEPA) Section 427 requirements, which do apply.

Dated: November 2, 2016.

Tomakie Washington,

Acting Director, Information Collection Clearance Division, Office of the Chief Privacy Officer, Office of Management.

[Project No. 2889-004]

San Bernardino Valley Municipal Water District; Notice of Effectiveness of Surrender

On April 17, 1981, the Commission issued a Notice of Approval by Operation of Law granting an exemption from licensing to the San Bernardino Valley Municipal Water District (exemptee) for the proposed Lytle Creek and Foothills Pipeline Project, FERC No. 2889. The unconstructed project would be located on Lytle Creek, in San Bernardino County, California.

On March 30, 2016, the exemptee filed a petition with the Commission to surrender the exemption. The exemptee has been unable to construct the project due to changes in water availability and pricing tariffs.

Accordingly, the Commission accepts the exemptee's surrender of its exemption from licensing, effective 30 days from the date of this notice, at the close of business on Friday, November 25, 2016. No license, exemption, or preliminary permit applications for the project site may be filed until Monday, November 28, 2016.

Dated: October 26, 2016.
