Title: Operating Guidelines, Forms and Waivers.

OMB Number: 0584-0083.

Forms: FNS-366A; FNS-366B; SNAP Waiver Request Form

Expiration Date: April 30, 2017.

Type of Request: Revision of a currently approved collection.

Abstract: Section 16(a) of the Food and Nutrition Act of 2008 (the Act) authorizes 50 percent Federal reimbursement for State agency costs to administer the program. 7 CFR 272.2(a) of SNAP regulations requires that State agencies plan and budget program operations and establish objectives for the next year. The basic components of the State Plan of Operation are the Federal/State Agreement, the Budget Projection Statement (FNS-366A) and the Program Activity Statement (FNS-366B) (7 CFR 272.2(a)(2)). Under 7 CFR 272.2(c), the State agency shall submit to FNS for approval a Budget Projection Statement (which projects total Federal administrative costs for the upcoming fiscal year) and a Program Activity Statement (which provides program activity data for the preceding fiscal year). In addition, certain attachments to the plan as specified in subparagraphs

(c) and (d) are to be submitted. As specified in subparagraph (f), State agencies only have to provide FNS with changes to these attachments as they occur. Consequently, these attachments are considered State plan updates. Under Section 11(o) of the Act each State agency is required to develop and submit plans for the use of automated data processing (ADP) and information retrieval systems to administer SNAP. Section 16(a) of the Act authorizes partial Federal reimbursement of State costs for State ADP systems that the Secretary determines will assist meeting the requirements of the Act, meets conditions prescribed by the Secretary, are likely to provide more efficient and effective administration of the program, and are compatible with certain other Federally-funded systems.

Under 7 CFR 277.18(c)(1) of SNAP regulations, State agencies must obtain prior written approval from FNS when it plans to acquire ADP equipment with a total acquisition cost of \$5 million or more in Federal and State funds. The State agency must submit an Advance Planning Document (APD) prior to acquiring planning services and an Implementation APD prior to acquiring ADP equipment or services. Additionally, State agencies administering SNAP may submit formal written requests, SNAP waiver requests, to obtain approval from FNS to deviate from a specific program rule or regulation. Current procedures require that in order for FNS to approve a SNAP waiver request, the State agency must submit the SNAP Waiver Request Form via the SWIM application.

In 2014, FNS submitted a change justification for the SNAP Recipient Trafficking Data Survey, which added 26.5 hours to this burden. This survey is no longer being conducted, and the associated hours are removed from this collection with this notice. The reporting burden for forms FNS-366A and FNS-366B was merged in 2015 with the burden for the Food Programs Reporting System (OMB control number 0584-0594, expiration date September 30, 2019); therefore, reporting hours associated with these forms are removed from this collection with this notice. However, recordkeeping requirements for these forms remains in this OMB Control Number.

Burden Estimates

The burden within this collection consists of reporting and recordkeeping burden for the State Plan of Operation Updates and APD Plans or Updates; reporting burden for SNAP Waiver Requests via the SNAP Workflow Information Management (SWIM) system; and recordkeeping burden for forms FNS-366A and FNS-366B. The current burden is 2,754 hours. The revised estimated burden for this collection is 1,120.95 hours (1,088.62 reporting hours and 32.33 recordkeeping hours). This results in a decrease of 1,633 hours, which is a result of removing the reporting burden for forms FNS-366A and FNS-366B and the SNAP Trafficking Survey from this collection. The calculation of the

burden for each of these components is described below:

SUPPLEMENTARY INFORMATION:

I. Background

The Department of Commerce (Department) collects, compiles, analyzes, and disseminates a treasure trove of data, including data on the Nation's economy, population, and

environment. This data is fundamental to the Department's mission and is used for the protection of life and property, for scientific purposes, and to enhance economic growth. However, the Department's capacity to disseminate the increasing amount of data held and to disseminate it in formats most useful to its customers is significantly constrained.

In order to realize the potential value of the data the Department collects, stores, and disseminates, the Department must minimize barriers to accessing and using the data. Consistent with privacy and security considerations, the Department is firmly committed to unleashing its untapped data resources in ways that best support downstream information access, processing, analysis, and dissemination.

The Commerce Data Advisory Council (CDAC) provides advice and recommendations, to include process and infrastructure improvements, to the Secretary on ways to make Commerce data easier to find, access, use, combine and disseminate. The aim of this advice shall be to maximize the value of Commerce data to all users including governments, businesses, communities, academia, and individuals.

The Secretary will draw CDAC membership from the data industry academia, non-profits and state and local governments with a focus on recognized expertise in collection, compilation, analysis, and dissemination. As privacy concerns span the entire data lifecycle, expertise in privacy protection also will be represented on the Council. The Secretary will select members that represent the entire spectrum of Commerce data including demographic, economic, scientific, environmental, patent, and geospatial data. The Secretary will select members from the information technology, business, non-profit, and academic communities, and state and local governments. Collectively, their knowledge will include all types of data Commerce distributes and the full lifecycle of data collection, compilation, analysis, and dissemination.

II. Description of Duties

The Council shall advise the Secretary on ways to make Commerce data easier to find, access, use, combine, and disseminate. Such advice may include recommended process and infrastructure improvements. The aim of this advice shall be to maximize the value of Commerce data to governments, businesses, communities, and individuals.
