

DHS to establish a system for the verification of immigration status of alien applicants for, or recipients of, certain types of benefits as specified within IRCA, and to make this system available to state agencies that administer such benefits. Section 121(c) of IRCA amends section 1137 of the Social Security Act and certain other sections of law that pertain to federal entitlement benefit programs. Section 121(c) requires state agencies administering these programs to use DHS-USCIS's verification system to make eligibility determinations in order to prevent the issuance of benefits to ineligible alien applicants. The SAVE Program is the DHS-USCIS system available to the CA-DHCS and other covered agencies for use in making these eligibility determinations.

The Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Public Law 104-208, 110 Stat. 3009 (1996) grants Federal, State, or local government agencies seeking to verify or ascertain the citizenship or immigration status of any individual within the jurisdiction of the agency with the authority to request such information from DHS-USCIS for any purpose authorized by law.

California Department of Health Care Services will access information contained in the SAVE Program for the purpose of confirming the immigration status of alien applicants for, or recipients of, benefits it administers to discharge its obligation to conduct such verifications pursuant to sec. 1137 of the Social Security Act (42 U.S.C. 1320b-7(a) *et seq.*) and California Welfare and Institution Code secs. 11104.1, 14007.5 and 14011.2.

*Categories of Records and Individuals Covered:* The SAVE Program uses the DHS-USCIS Verification Information System (VIS) database to verify immigration status; it contains information related to the status of aliens, naturalized citizens, and to the extent they have applied for Certificates of Citizenship, derived U.S. citizens, on whom DHS-USCIS has a record as an applicant, petitioner, sponsor, or beneficiary. See DHS/USCIS-004 Systematic Alien Verification for Entitlements (SAVE) Systems of Records Notice, 77 FR 47415 (August 8, 2012).

#### SUPPLEMENTARY INFORMATION:

##### I. Background

RAD was created in order to give public housing agencies (PHAs) a tool to preserve and improve assisted housing and address the multi-billion dollar nationwide backlog of deferred maintenance. RAD allows public housing agencies to leverage public and private debt and equity in order to reinvest in the public housing stock. In RAD, units move from the public housing program to a Section 8 platform with a long-term contract that, by law, must be renewed. This ensures that the units remain permanently affordable to low-income households. Once transferred to the Section 8 platform, residents continue to pay 30 percent of their income towards the rent and they maintain the same basic rights as they would possess in the public housing program.

On June 15, 2015, HUD issued a comprehensive notice that provided program instructions for RAD, including addressing eligibility and selection criteria.
