BILLING CODE 3810-FFP

DEPARTMENT OF ENERGY

Sale of Naval Petroleum Reserve No. 1; Intent To Prepare a Supplemental Environmental Impact Statement and Conduct Public Scoping Meeting

AGENCY: Office of Naval Petroleum and Oil Shale Reserves, Energy.

ACTION: Notice of intent to prepare a Supplemental Environmental Impact Statement.

SUMMARY: Title XXXIV, Subtitle B, of the National Defense Authorization Act for Fiscal Year 1996 (Public Law 104-106) directs the Secretary of Energy to sell the Federal government's interests in Naval Petroleum Reserve Numbered 1 (NPR-1, also called "Elk Hills"). In 1993, the Department of Energy (DOE) published a supplement (DOE/EIS-0158) to a 1979 Environmental Impact Statement (EIS) which analyzed the impacts of oil and gas production at NPR-1 under continued Federal ownership and operation. Sale of Federal ownership was not analyzed in the 1993 Supplemental EIS. DOE has determined that the sale required by Public Law 104-106 constitutes a major Federal action which may have significant impact upon the environment within the meaning of the National Environmental Policy Act (NEPA). For this reason, DOE intends to prepare a supplement to the 1993 Supplemental EIS to cover foreseeable impacts from the sale and reasonable alternatives.

DATES: DOE invites interested agencies, organizations, and members of the public to submit comments or suggestions to assist in identifying significant environmental issues and determining the appropriate scope of the Supplemental EIS. Comments may be submitted by mail or presented at a scoping meeting to be held at Bakersfield, California, on the date and at the time indicated below.

Tuesday, April 16, 1996

1:00 P.M. to 3:00 P.M., and 7:00 P.M. to 9:00 P.M.

Red Lion Hotel, 3100 Camino del Rio Court, Bakersfield, California

Written comments postmarked by May 6, 1996, will be considered in the preparation of the Draft Supplemental EIS. Comments postmarked after that date will be considered to the maximum extent practicable. Requests to speak at the meeting should be received by Anthony J. Como, at the address indicated below, on or before April 9, 1996. In addition, requests to speak may be submitted to Mr. Como via facsimile at (202) 586-6050 or a message may be left on our toll-free number at 1-888-NPREIS1 (677-3471). Requests to speak may also be made at the time of registration for the meeting. However, persons who submitted advance requests to speak by April 9, 1996, will be given priority if time should become limited during the meeting.

ADDRESSES: Written comments or suggestions on the scope of the supplemental EIS, and requests to speak at the scoping meeting, may be submitted to: Anthony J. Como, Document Manager (FE-52), U.S. Department of Energy, 1000 Independence Avenue, S.W., Washington, DC 20585-0350, Phone: 202-586-5935, Telefax: 202-586-6050.

Envelopes should be labeled "Scoping for Sale EIS".

FOR FURTHER INFORMATION CONTACT: For general information on the DOE NEPA review process, contact: Carol M. Borgstrom, Director, Office of NEPA Policy, and Assistance (EH-42), U.S. Department of Energy, 1000 Independence Ave., S.W., Washington, D.C. 20585-0119, Phone: 202-586-4600, Telefax: 202-586-7031, Toll Free: (800) 472-2756.

For information on the sale of NPR-1 required by Pub. L. 104-106, contact: John Bartholomew, Divestment Administrator (FE-41), U.S. Department of Energy, 1000 Independence Ave., S.W., Washington, D.C. 20585-0340, Phone: 202-586-4248, Telefax: 202-586-0835.

SUPPLEMENTARY INFORMATION: NPR-1 comprises 47,985 acres and is located about 35 miles west of Bakersfield in Kern County, California. It was created by an Executive Order issued by President Taft in 1912 to provide an emergency source of liquid fuels for the military. Except for brief periods of production in the 1920's and during World War II, Elk Hills was maintained in an essentially undeveloped status until the 1973-74 oil embargo demonstrated the Nation's vulnerability to oil supply interruptions. As a result of the embargo, the Congress passed the Naval Petroleum Reserves Production
