The Coast Guard will consider all comments received during the comment period. The regulations may be changed in view of the comments received. All comments received before the expiration of the comment period will be considered before final action is taken on this proposal.

No public hearing is planned, but one may be held if the written requests for a hearing are received, and it is determined that the opportunity to make oral presentations will add to the rulemaking process.

Discussion of Proposed Regulations

The proposed regulations are needed to provide for the safety of life during the Harborwalk Boat Race. These proposed rules are intended to promote safe navigation on the waters off East Bay Park on the Sampit River during the race by controlling the traffic entering, exiting, and traveling within these waters. Historically, the anticipated concentration of spectator and participant vessels associated with the Harborwalk Boat Race has posed a safety concern, which is addressed in these proposed special local regulations. The proposed regulations would not permit movement of spectator vessels and other nonparticipating vessel traffic within the regulated area, bounded by a line drawn from

33°21.5' N, 079°17.10' W, thence to
33°21.7' N, 079°16.8' W, thence along the
shore to
33°21.1' N, 079°16.7' W, thence to
33°21.1' N, 079°16.9' W, thence back to
33°21.5' N, 079°17.10' W

from 7 a.m. to 5:30 p.m. annually during the last Sunday of June. All coordinates use Datum: NAD 83. The proposed regulations would permit the movement of spectator vessels and other nonparticipants after the termination of race, and during intervals between scheduled events at the discretion of the Captain of the Port.

Regulatory Evaluation

This proposal is not a significant regulatory action under Section 3(f) of the Executive Order 12866 and does not require an assessment of the potential costs and benefits under Section 6(a)(3) of that Order. It has been exempted from review by the Office of Management and Budget under that order. It is not significant under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979). The Coast Guard

expects the economic impact of this proposed rule to be so minimal that a full Regulatory Evaluation under paragraph 10e of the regulatory policies and procedures of DOT is unnecessary. The proposed regulation would last for only 5 and a half hours each day of the event.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*), the Coast Guard must consider whether this proposal will have a significant economic impact on a substantial number of small entities. "Small entities" include independently owned and operated small businesses that are not dominant in their field and that otherwise qualify as "small business concerns" under Section 3 of the Small Business Act (15 U.S.C. 632).

For reasons set forth in the above Regulatory Evaluation, the Coast Guard certifies under 5 U.S.C. 605(b) that this proposal, if adopted, would not have a significant economic impact on a substantial number of small entities.

Collection of Information

These proposed regulations contain no collection of information requirements under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*).

Federalism

This action has been analyzed in accordance with the principles and criteria contained in Executive Order 12612, and it has been determined that the rulemaking does not have sufficient Federalism implication to warrant the preparation of a Federalism Assessment.

Environmental Assessment

The Coast Guard has considered the environmental impact of this proposal consistent with Section 2.B.2. of Commandant Instruction M16475.1B. In accordance with that section, this proposed action has been environmentally assessed (EA completed), and the Coast Guard has concluded that it will not significantly affect the quality of the human environment. An environmental assessment and a finding of no significant impact have been prepared and are available in the docket for inspection or copying where indicated under **ADDRESSES**.

Proposed Regulations

In consideration of the foregoing, Part 100 of Title 33, Code of Federal Regulations, is proposed to be amended as follows:

1. The authority citation for Part 100 continues to read as follows:

PART 100—[AMENDED]

Authority: 33 U.S.C. 1233; 49 CFR 1.46 and 33 CFR 100.35.

2. A new section 100.713 is added to read as follows:

§ 100.713 Harborwalk Boat Race, Sampit River, Georgetown, SC.

(a) *Regulated Area.* The regulated area is formed by a line from:

33° 21.5' N, 079° 17.10' W; thence to
33° 21.7' N, 079° 16.8' W; thence along the
shore to
33° 21.1' N, 079° 16.7' W; thence to
33° 21.1' N, 079° 16.9' W; thence back to
33° 21.5' N, 079° 17.10' W.

All coordinates use datum: NAD 83.

(b) *Special local regulations.* (1) Entry into the regulated area is prohibited to all nonparticipants.

(2) After the termination of the Harborwalk Boat Race, and during intervals between scheduled events, at the discretion of the Captain of the Port, all vessels may resume normal operations.

(c) *Effective Dates.* This section is effective at 12 p.m. and terminate at 5:30 p.m. annually during the last Sunday of June. However, the requirements of this section may be waived by a Coast Guard Notice to mariners.

Special Local Regulations; River Race Augusta; Augusta, GA

AGENCY: Coast Guard, DOT.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to establish permanent special local regulations for the River Race Augusta. This event will be held annually on Friday, Saturday and Sunday during the second week of June, between 7 a.m. and 5 p.m. Eastern Daylight Time. Historically, there have been

approximately sixty participants racing 16 to 18 foot outboard power boats on that portion of the Savannah River at Augusta, GA, between U.S. Highway 1 (Fifth St) Bridge at mile marker 199.45 and Eliot's Fish Camp at mile marker 197. The boats would be competing at high speeds and at close range on a prescribed course. The nature of the event and the closure of the Savannah River creates an extra or unusual hazard in the navigable waters. These proposed regulations are necessary to provide for the safety of life on navigable waters during the event. By establishing these proposed permanent regulations, the Coast Guard expects to give better notice of requirements related to marine events, and also avoid the recurring costs of publication related with temporary regulations. However, the establishment of these proposed permanent regulations would not relieve the event organizers from applying for an annual marine event permit.

DATES: Comments must be received on or before May 15, 1996.

ADDRESSES: Comments may be mailed to Commander, U.S. Coast Guard Group Charleston, 196 Tradd Street, Charleston, SC 29401, or may be delivered to operations office at the same address between 7:30 a.m. and 3:30 p.m., Monday through Friday, except federal holidays. The telephone number is (803) 724-7621. Comments will become a part of the public docket and will be available for copying and inspection at the same address.

SUPPLEMENTARY INFORMATION:

Request for Comments

The Coast Guard encourages interested persons to participate in this rulemaking by submitting written views, data, or arguments. Persons submitting comments should include their names, addresses, identify the notice (CGD07-96-014) and the specific section of this proposal to which their comments apply, and give reasons for each comment. The Coast Guard will consider all comments received during the comment period. The regulations may be changed in view of the comments received. All comments received before the expiration of the comment period will be considered before final action is taken on this proposal.

No public hearing is planned, but one may be held if the written requests for a hearing are received, and it is determined that the opportunity to

Discussion of Proposed Regulations

The proposed regulations are needed to provide for the safety of life during the Miami Superboat Race. This event will be held annually on the second Sunday of June, between 12:30 p.m. and 3:30 p.m. Eastern Daylight Time. These regulations are intended to promote safe navigation on the waters off Miami Beach during the races by controlling the traffic entering, exiting, and traveling within these waters. Historically, there have been approximately 35 participant and 200 spectator craft during the race. The anticipated concentration of spectator and participant vessels associated with the Miami Super Boat Race poses a safety concern, which is addressed in these proposed special local regulations. The resulting congestion of navigable

channels creates an extra or unusual hazard in the navigable waters. These regulations are intended to promote safe navigation on the waters off Miami Beach during the race by restricting vessels from entering the race area described below and permit anchoring only in the designated spectator area.

The proposed race area would be formed by a line joining the following points:

25°46.3' N, 080°07.85' W; thence to, 25°46.3' N, 080°06.82' W; thence to, 25°51.3' N, 080°06.2' W; thence to, 25°51.3' N, 080°07.18' W; thence along the shoreline to the starting point. All coordinates referenced use datum: NAD 1983.

A spectator area would be established in the regulated area for spectator traffic and would be defined by a line joining the following points, beginning from:

25°51.3' N, 080°06.15' W; thence to, 25°51.3' N, 080°05.85' W; thence to, 25°46.3' N, 080°06.55' W; thence to, 25°46.3' N, 080° 06.77' W; and back to the starting point.

All coordinates referenced use datum: NAD 1983. The proposed regulation would also include a buffer zone of 300 feet between the race course and the spectator area defined above.

Entry into the proposed regulated area by other than event participants would be prohibited unless otherwise authorized by the Coast Guard Patrol Commander. However, the Coast Guard Patrol Commander could at his discretion permit traffic to resume normal operations between scheduled racing events.

The proposed regulations would also establish safety measures of 5 short whistle or horn blasts from a patrol vessel to signal any and all vessels to take immediate steps to avoid collision. The display of an orange distress smoke signal from a patrol vessel would be the signal for any and all vessels to stop immediately. All spectators not in the designated spectator areas above would be required to remain clear of the race area at all times.

Regulatory Evaluation

This proposal is not a significant regulatory action under Section 3(f) of the Executive Order 12866 and does not require an assessment of the potential costs and benefits under Section 6(a)(3) of that Order. It has been exempted from review by the Office of Management and Budget under that order. It is not significant under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979). The Coast Guard expects the economic impact of this proposed rule to be so minimal that a
