**SUPPLEMENTARY INFORMATION:** In accordance with 5 CFR 1320.12(a), BLM is required to provide 60-day notice in the Federal Register concerning a collection of information contained in a published current rule to solicit comments on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. BLM will receive and analyze any comments sent in response to this notice and include them with its request for approval from the Office of Management and Budget under 44 U.S.C. 3501 *et seq.*

BLM manages and sells timber located on the revested Oregon and California Railroad and the reconveyed Coos Bay Wagon Road Grant Lands pursuant to authority of the Act of August 28, 1937 (50 Stat. 875, 43 U.S.C. 1181e). BLM manages and sells timber located on other lands under the jurisdiction of the BLM pursuant to the Act of July 31, 1947, as amended (61 Stat. 681, 30 U.S.C. 601 *et seq.*). The Department of the Interior and Related Agencies Appropriation Acts of 1975 and 1976 contained a requirement for the inclusion of provisions in timber sale contracts that will assure that unprocessed timber sold from public lands under the jurisdiction of the BLM will not be exported or used by the purchasers as a substitute for timber they export or sell for export. The implementing regulations are found at 43 CFR 5400, Sales of Forest Products; General. The regulations were issued on

June 13, 1970 (35 FR 9785). The regulations were amended on March 26, 1976 (41 FR 12658) to reflect the prohibition against export and substitution, and last amended on March 11, 1991 (56 FR 10175). Timber purchasers or their affiliates must provide the information listed at 43 CFR 5424.1(a). BLM collects the purchaser's name, timber contract number, processing facility location, total volume of Federal timber purchased on an annual basis, total volume of private timber exported on an annual basis, and method of measuring the volume using BLM Form 5460-17, Substitution Determination. The regulations at 43 CFR 5424.1(b) requires that purchasers or affiliates retain a record of Federal timber acquisitions and private timber exports for three years from the date the activity occurred.

BLM uses the information to determine if there was a substitution of Federal timber for exported private timber in violation of 43 CFR 5400.3(c). If BLM did not collect this information, it could not protect against export and substitution.

Based on BLM's experience administering timber contracts, the public reporting burden for the information collected is estimated to average one hour per response. The respondents are Federal timber purchasers who have exported private timber within one year preceding the purchase date of Federal timber and/or affiliates of a timber purchaser who exported private timber within one year before the acquisition of Federal timber from the purchaser. The frequency of response for substitution determination is annually. The number of responses per year is estimated to be about 100. The estimated total annual burden on new respondents is about 100 hours.

Any interested member of the public may request and obtain, without charge, a copy of Form 5460-17 by contacting the person identified under **FOR FURTHER INFORMATION CONTACT**.

All responses to this notice will be summarized and included in the request for Office of Management and Budget approval. All comments will also become a matter of public record.

### Extension of Approved Information Collection, OMB Number 1004-0113

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice and request for comments.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, the Bureau of Land Management (BLM) is announcing its intention to request renewal of existing approval to collect certain information from prospective Federal timber purchasers to allow the BLM to determine the qualification of the purchaser to bid on a timber sale contract and to document written and sealed bids and bid deposits. BLM uses this information to administer the timber sale contracting process by ensuring only qualified bidders are participating and that the bidding process is not compromised.

**DATES:** Comments on the proposed information collection must be received by May 28, 1996 to be assured of consideration.

**ADDRESSES:** Comments may be mailed to: Regulatory Management Team (420), Bureau of Land Management, 1849 C Street NW, Room 401LS, Washington, D.C. 20240.

Comments may be sent via Internet to: !WO140@attmail.com. Please include "ATTN: 1004-0113" and your name and return address in your Internet message.

Comments may be hand-delivered to the Bureau of Land Management Administrative Record, Room 401, 1620 L Street, NW, Washington, DC.

Comments will be available for public review at the L Street address during regular business hours (7:45 a.m. to 4:15 p.m.), Monday through Friday.

**FOR FURTHER INFORMATION CONTACT:** Dwight Fielder, (202) 452-7758.

**SUPPLEMENTARY INFORMATION:** In accordance with 5 CFR 1320.12(a), BLM is required to provide 60-day notice in the Federal Register concerning a collection of information contained in a published current rule to solicit comments on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the

burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. BLM will receive and analyze any comments sent in response to this notice and include them with its request for approval from the Office of Management and Budget under 44 U.S.C. 3501 *et seq.*

BLM manages and sells timber located on the revested Oregon and California Railroad and the reconveyed Coos Bay Wagon Road Grant Lands pursuant to authority of the Act of August 28, 1937, (50 Stat. 875, 43 U.S.C. 1181e). BLM manages and sells timber located on other lands under the jurisdiction of the BLM pursuant to the Act of July 31, 1947, as amended (61 Stat. 681, 30 U.S.C. 601 *et seq.*). The implementing regulations are found at 43 CFR 5400, Sales of Forest Products; General. The regulations were issued on June 13, 1970 (35 FR 9785), amended on March 8, 1973 (38 FR 6280), September 2, 1982 (47 FR 38696), and last amended on July 17, 1987 (52 FR 26983). A bidder or purchaser for the sale of timber must be (1) an individual who is a citizen of the United States, (2) a partnership composed wholly of such citizens, (3) an unincorporated association composed wholly of such citizens, or (4) a corporation authorized to transact business in the States in which the timber is located (43 CFR 5441.1). BLM collects the purchaser's name and address, tract number, sale name, sale notice date, BLM District, evidence of qualification, bid deposit type and amount, product type or timber species, unit, estimated volume or quantity, unit price and total value using BLM Form 5440-9, Deposit and Bid for Timber.

BLM uses the information to determine that a prospective purchaser has met the regulatory requirements to qualify for bidding and that the bid offered meets the minimum acceptable amount. If BLM did not collect this information, unqualified prospective purchasers might enter into the timber sale contracting process and the bidding process may be compromised.

Based on BLM's experience administering timber sales, the public reporting burden for the information collected is estimated to average one and one quarter hours per response. This includes time to read and understand the instructions, consult the timber sale prospectus, make a determination of the value of the products and fill out the form. The respondents are prospective timber purchasers. The frequency of response

is controlled by the number of advertised sales conducted. The number of responses is estimated to be 500 from experience with the number of bidders qualifying for timber sales over the past 3 years. The estimated total annual burden on respondents is about 625 hours.

Any interested member of the public may request and obtain, without charge, a copy of Form 5440-9 by contacting the person identified under **FOR FURTHER INFORMATION CONTACT**.

All responses to this notice will be summarized and included in the request for Office of Management and Budget approval. All comments will also become a matter of public record.
